Broken Shadows Kathleen Brooks,2020-10-20 Trent Faulkner was happy working with his hands to build custom furniture. He had made a name for himself and his design company. Love wasn't even on his radar. Then one client broke down his barriers, only to make him leave in the morning. Trent made a resolution to forget about her, but that was hard to do when she was everywhere he looked, including in his heart. Skye Jessamine might be America's newest sweetheart, but she's really just a small town girl who had been broken down by everyone around her so that they could mold her and her career into superstardom. Then a chance meeting with Trent Faulkner gave her a glimmer of happiness before it was ripped away from her. Skye's willing to fight for love, but that's not the only fight she has coming when she finally tries to break free of the spotlight. Skye can think of only one man to put her trust in when her life is in danger. They say love is worth fighting for and now Trent will do just that. Trent and Skye fight for their lives as they try to make it through the shadows hiding behind Hollywood's bright lights. But are they prepared for what comes when those lights hit Shadows Landing?

But current software methodologies, tools, and techniques often fall short of expectations, and are not yet sufficiently robust or reliable for a constantly changing and evolving market. This book presents the proceedings of SoMeT_22, the 21st International Conference on New Trends in Intelligent Software Methodology Tools, and Techniques, held from 20 - 22 September 2022 in Kitakyushu, Japan. The 58 papers presented here were each carefully reviewed by 3 or 4 referees for technical soundness, relevance, originality, significance and clarity, they were then revised before being selected by the international reviewing committee. The papers are arranged in 9 chapters: software systems with intelligent design; software systems security and techniques;
