Black Services Llc, 2017-05-17 Starting an LLC (Limited Liability Company)? Started an LLC and need to issue membership certificates that look professional and are easy to use? If yes, then this book is for you! What is an LLC (Limited Liability Company)? An LLC is a hybrid type of legal entity that provides the limited liability features of a corporation and the tax benefits and operational flexibility of a partnership. Owners of an LLC are referred to as members. Depending on the state, the members can consist of a single individual (one owner), two or more individuals, corporations or other LLCs. What is an LLC membership certificate? An LLC membership certificate is a document that certifies ownership and specifies the number of units or percentage owned by a member in an LLC. While LLC membership certificates aren't required by federal or state law, it is still highly recommended for LLCs to use them. Without an LLC membership certificate to show evidence of ownership a member may have no say or control in how an LLC is structured or operates. Generally, LLC membership certificates are issued during the initial meeting of its members. A membership transfer ledger is also used to accurately record membership transactions whether it is an initial issuance of units or percentage of ownership or any subsequent transfers during the LLC's existence. This book contains 20 blank LLC membership certificates (for the use of any LLC organized in the state of Kansas), a membership transfer ledger to record buy-sell transactions of units or percentage of ownership, and bill of sale forms to document the purchase of units or percentage of ownership. Llp Partnership Certificates Corporate Starter Kit Llc Platinum Black Services, 2017-09-03 Starting an LLP (Limited Liability Partnership)? Started an LLP and need to issue partnership certificates that look professional and are easy to use? If yes, then this book is for you! What is an LLP (Limited Liability Partnership)? An LLP is a legal business structure, similar to a general partnership (or GP), where there must be two or more owners. Owners of an LLP are referred to as partners and are all classified as general partners. In addition, each partner has the right to manage the company directly. However, GPs provide no limitation of personal liability where LLPs provide some liability protection. In an LLP, each partner is legally held liable for their own misconduct and negligence instead of all partners being held liable. Depending on the state, some LLPs offer a limitation of personal liability that is similar to a corporation and only certain professions (i.e. accountants, attorneys, architects, etc.) may form an LLP. What is an LLP partnership certificate? An LLP partnership certificate is a document that certifies ownership and specifies the number of units or percentage owned by a partner in an LLP. While LLP partnership certificates aren't required by federal or state law, it is still highly recommended for LLPs to use them.
