Daily Wisdom Vol. 2 - Standard Size 5 1/2 X 8 1/2

Menachem Mendel Schneerson, 2018-12-10 The Lubavitcher Rebbe's mystical teachings on the weekly Torah portions are widely studied by students and admirers around the world. The Rebbe saw the weekly Torah portion as an inexhaustible source of new ideas, insight into current issues, and profound relevance for daily life. He urged his followers, as well as everyone who came into contact with him, to seek daily inspiration from studying the Torah. This second volume of DAILY WISDOM, in the tradition of the highly acclaimed first volume of DAILY WISDOM, presents these daily inspirations in a clear, user-friendly format. Like its predecessor, this volume comprises 378 daily lessons, each of which offers a taste of the Rebbe's vast and deep teachings, filled with love for humanity, pragmatic optimism, and the conviction that evil and negativity will disappear when we learn to emphasize goodness and kindness. These ideas are woven together throughout the book, resulting in a precious daily resource that will enrich and elevate the lives of all readers.

Kuntres Uma'ayon Shalom Dov Baer

Schneerson, 1991 This fascinating work by the fifth

Lubavitcher Rebbe weaves together Chasidic doctrine, Kabbalah, Biblical and Talmudic texts with powerful insights into human nature. Written in the early years of the twentieth century, when the challenge of secularism and non-Jewish ideologies faced Russian Jewry, it remains a highly relevant text for study and contemplation, explaining familiar concepts and experiences in terms of spiritual truths lying beneath the surface.

The Heroic Struggle Joseph Isaac Schneersohn, 1999
Recounts the 1927 arrest and imprisonment of the sixth Habad-Lubavitcher Rebbe, Yosef Yitzhak Schneersohn, by Soviet authorities, based mainly on his autobiographical notes and supplemented by other sources. Relates how Schneersohn remained steadfast in observing religious practices during 19 days in Leningrad's Spalerno prison. Protest within the country and abroad apparently saved his life and succeeded in getting his sentence changed to ten years imprisonment in the North and then to three years internal exile in Kostroma. This, too, was commuted and he was allowed to emigrate to Riga. Relates his efforts to support an underground network of traditional Jewish education in a hostile environment and to encourage observant Jews in many parts of the USSR. The account stresses persecution from the Yevseksia (Jewish section) of the Communist Party more than from the party itself, and the resistance of Schneersohn as a leader and inspirer of traditional Judaism in the face of opposition from without and within.

Channeling with the Divine Hasse Arezoomande, Since the dawn of humanity, people were always in contact with the unknown. The main subject of Channeling with the divine is love and beauty. The book proposes the most important question people often ponder or philosophize about them. What is love from a divine perspective? Who

am I? Communicating with death, life, Time, and other exciting topics are other subjects that Channeling with the divine discusses. One of the essential bases of the book is comparing human beings to “little gods” because there is a likeness to eternity. The issues are progressed logically, and the book explains concepts like the social memory complex, the mind/body/spirit complex, and the density levels in living beings. The book’s style is to create polemics that engages the reader. The readers are encouraged to analyze and decide. Although the book addresses complex topics, the language is easy to understand. Complex ideas are simplified for better understanding. For example, every concept and vision has been introduced by an example to clarify the subject. Also, the book uses figures to understand better what is being discussed. The topics incorporated in this book are thoughtful and pleasant to debate as they are philosophical questions we constantly ask ourselves. The book intends to propose possible answers to the enigmas that people struggle to solve, but all of this is done so that readers can justify their reasoning.

Tanya Prakim 27-29 Im Likkut Peirushim Merabboseinu Nesieinu Rabbi Schneur Zalman Boruchovich of Liadi, 2018-04 Chabad-Lubavitch Chasidim and students of Tanya, are rejoicing this week with the release of chapters 27 through 29 of the Tanya. This new edition of Tanya, presents the Tanya text surrounded by three elements: a concise commentary by the Rebbe, references and glosses, and an anthology of commentaries by the Rebbes of Chabad.

Lightpoints from the Teachings of the Lubavitcher Rebbe on the Weekly Torah Portion Rabbi Menachem Mendel Schneerson, 2020-08-24 Lightpoints is a collection of uplifting, authentic and concise insights from the teachings of the Lubavitcher Rebbe on the Torah. These meticulously

selected insights, many adapted here into English for the first time, were originally published individually each weekday in print and email, and enthusiastically received by thousands of people from all segments of the international Jewish community. This collection aims to provide the English-speaking community with a taste of the Rebbe's vast contributions to Jewish scholarship. Some Lightpoints focus more on the Torah and its commentaries; others highlight the relevance of the Torah's lessons in our day and age. As their name indicates, the Lightpoints are intended to be short and easy to read, but more importantly, they are points of light to illuminate our perspective on the Torah, and direct us along the Torah's path of truth and holiness that guides our lives.

Teaching About Moshiach Kehot Publication

Basi Legani Joseph Isaac Schneersohn, 1990 This seminal work of Chabad Chasidic philosophy is considered to be the last will and testament of the sixth Lubavitcher Rebbe, Rabbi Yosef Yitzchak Schneersohn. The discourse was released for the 10th of Shevat in the year 5710 (1950); on that day Rabbi Yosef Yitzchak passed away. Chasidim customarily study Basi LeGani each year in honor of the yahrzeit, and each year his successor, the Rebbe, Rabbi Menachem M. Schneerson, explained another of its chapters in depth. The Rebbe's exposition of Basi LeGani, the first Chasidic discourse he spoke upon assuming the

mantle of leadership in 5711 (1951), was also a declaration of his own mission and goals. This widely acclaimed English edition will enable many more Jews to participate in the study of this important work.

Sefer Hasichos 5700 - English Rabbi Yosef Yitzchok Schneersohn, 2015-10-12 Talks by the Rebbe Rayatz in 5700, late 1939 to late 1940, for the first time in English. 1. Sichos delivered in winter in Europe 2. Sichos from his arrival in New York on March 19, 1940, until Rosh Hashanah eve. After surviving a lifetime of painful and life-threatening crisis, Yaakov Avinu yearned to live a life of tranquility. Nevertheless, the A-mighty said: Are tzaddikim not satisfied with what awaits them in the World to Come, and they also seek tranquility in this world?! Likewise, the Previous Rebbe, went through more turbulence than tranquility. After torment, incarceration and capital sentence in Russia and other challenges in Latvia and Poland, he could have wanted to live a quiet life but he had yet to endure three months in the blockade of Warsaw, horrors of which are graphically described in chapter 8. After his remarkable release and a brief stopover in Latvia, he went from Europe through Sweden to America, which did not greet the Rebbe Rayatz with a smile in that the complacency of the Jewish communal establishment, including some the veteran chassidic migrants who, instead of working desperately to revive and actualize their Old World ideals, had allowed them to fade. Yet the Rebbe Rayatz never allowed his sense of trauma to paralyze his optimism, but rather it spurred him ahead to vigorous and pioneering outreach activity. Talks in this book were delivered in Riga, New York and Lakewood. They pulsate with creative and inspiring interpretations of Biblical and Talmudic teachings; heartwarming descriptions of incidents and encounters in Lubavitch; pungent admonition; candid childhood

memories; energizing stories and oral traditions, and colorful personalities whose portraits spring into life.

Sefer Haminhagim ,1991 Like a friendly elder chasid at one's elbow, this translation of Sefer Haminhagim is a welcome guide to the customs of Chabad with regard to the practice of mitzvot throughout the year.

Lessons in Tanya Yosef Wineberg,2004 Iggeret HaKodesh (Epistles 1-20) is the fourth volume in this series. It covers the first twenty pastoral letters originally written by the Alter Rebbe over a period of years to the chassidic community at large.

הגדה של פסח Menachem Mendel Schneerson, 2011 Text in Hebrew and English on opposite pages numbered in duplicate; commentaries in English only.

Kuntres Bikur Chicago Rabbi Yosef Yitzchok Schneersohn, 1955-02-01 Transcripts of the Frierdiker Rebbe's talks during his visit to Chicago in 1942. He encouraged Jews there to increase and solidify their observance, proclaiming that America is not different than Europe or any other exile, that it is necessary to establish and attend yeshivos and keep an Orthodox life. The discourse about the Shema that is translated and discussed in Oneness in Creation is from this collection of discourses.

The Philosophy of Rabbi Shalom Ber Schneersohn Reuven Leigh, 2023-08-24 Reuven Leigh provides the first in-depth introduction to the pioneering philosophy of Rabbi Shalom Ber Schneersohn. Bringing him into dialogue with key continental philosophers Emmanuel Levinas, Jacques Derrida and Julia Kristeva, this book reveals how Schneersohn's views anticipated many prominent themes in 20th-century thought. Shalom Ber Schneersohn (1860-1920) was the fifth Rebbe of the Habad-Lubavitch dynasty. He was a traditional, kabbalistic thinker and yet, beyond mysticism, he wrote extensively on speech, gender and the body. So why is he not better known? Leigh begins by uncovering and contesting numerous scholarly assumptions that have operated to exclude traditional rabbinic thinkers from contemporary philosophical debates. Seeking to correct this, this book offers a close reading of Schneersohn's 1898 discourses. With the disruption of traditional binary structures being the dominant theme pervading Schneersohn's work, Leigh engages with Levinas' provocative ideas on speech and the feminine. He also

highlights how Derridean deconstruction involves a more positive approach to presence that was already anticipated in the writings of Schneersohn. And from the disruption of the hierarchy of signification to the semiotic aspect of language and the maternal body, this book demonstrates how Schneersohn foreshadows a number of Kristeva's central philosophical concerns. A wide-ranging and inclusive volume, *The Philosophy of Rabbi Shalom Ber Schneersohn* demonstrates not only how forward-thinking Schneersohn's ideas were over a century ago, but how relevant they still are today.
