Always Magic in the Air is the first thorough history of these renowned songwriters-tunesmiths who melded black, white, and Latino sounds, integrated audiences before America desegregated its schools, and brought a new social consciousness to pop music.

**Hopi Stories of Witchcraft, Shamanism, and Magic** Ekkehart Malotki,Ken Gary,2006-02-01 The traditional Hopi world, as reflected in Hopi oral literature, is infused with magic?a seamless tapestry of everyday life and the supernatural. That magic and wonder are vividly depicted in this marvelous collection of authentic folktales. For the Hopis, the spoken or sung word can have a magical effect on others. Witchcraft?the wielding of magic for selfish purposes by a powaqa, or sorcerer?has long been a powerful, malevolent force. Sorcerers are said to have the ability to change into animals such as a crow, a coyote, a bat, or a skeleton fly, and hold their meetings in a two-tiered kiva to the northeast of Hopi territory. Shamanism, the more benevolent but equally powerful use of magic for healing, was once commonplace but is no longer practiced among the Hopis. Shamans, or povosyaqam, often used animal familiars and quartz crystals to help them to see, diagnose, and cure illnesses. Spun through these tales are supernatural beings, otherworldly landscapes, magical devices and medicines, and shamans and witches. One story tells about a man who follows his wife one night and discovers that she is a witch, while another relates how a jealous woman uses the guise of an owl to make a rival woman's baby sick. Other tales include the account of a boy who is killed by kachinas and then resurrected as a medicine man and the story of a huge rattlesnake, a giant bear, and a mountain lion that forever guard the entrance to Maski, the Land of the Dead.

**Life Is Magic** Jon Dorenbos,2020-11-03 "Jon Dorenbos is a magical person. Life Is Magic shows how we can all choose happiness in the face of overwhelming odds." –Ellen DeGeneres An extraordinary and empowering story of resilience, forgiveness, and living a life of purpose in the face of unfathomable obstacles. You may know him as an NFL All-Pro or as a world-class magician who made the finals of America's Got Talent, but Jon Dorenbos says that what he does is not who he is. He is someone who coached himself, at the most tender of ages, to turn tragedy to triumph. One morning in August 1992, when Jon was twelve years old and living a seemingly

idyllic childhood in suburban Seattle, he woke up for baseball camp. His dad waved goodbye. Later that day, Jon heard the news: his father had murdered his mother in the family's three-car garage. In an instant, his life had shattered. He'd essentially been orphaned. Thrust into foster care while his father stood trial for murder, Jon struggled. Left to himself, he discovered an unlikely escape performing magic tricks. If you found a way to alter your reality, after your dad—your hero—killed your mom, wouldn't you cling to it too? Then came football, which provided a release for all of his pent-up anger. Together, magic and football saved him, leading to fourteen NFL seasons on the gridiron and raucous sleight of hand performances to packed houses across the globe. In 2017, he was diagnosed with a life-threatening heart condition leaving him with a choice. To either break down or—as he'd by now long taught himself—bounce back. "Life Is Magic shows how we can all choose happiness in the face of overwhelming odds" (Ellen DeGeneres) and provides a roadmap for overcoming even the darkest of times. Jon's story is poignant and powerful, told by a charismatic and optimistic man who has overcome life-or-death challenges with grace, persistence, a childlike sense of wonder...and jaw-dropping card tricks.

**Sometimes a Great Notion** Ken Kesey, 2006-08-29 The magnificent second novel from the legendary author of *One Flew Over the Cuckoo's Nest* Following the astonishing success of his first novel, *One Flew Over the Cuckoo's Nest*, Ken Kesey wrote what Charles Bowden calls one of the few essential books written by an American in the last half century. This wild-spirited tale tells of a bitter strike that rages through a small lumber town along the Oregon coast. Bucking that strike out of sheer cussedness are the Stammers. Out of the Stamper family's rivalries and betrayals Ken Kesey has crafted a novel with the mythic impact of Greek tragedy. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Magic In The Bible** Ken Goudswaard, 2020-04-15 Inductive analysis of ancient biblical texts yields shocking conclusions in this controversial, in depth look at the magical practices of such well loved characters as Moses, Abraham, and even Jesus himself.

**High Five!** Ken Blanchard, Sheldon Bowles, 2000-12-26 High Five! combines the spellbinding charm of a timeless parable with cutting-edge information about why teams are important and what individuals and organizations can do to build successful ones. Through the story of Alan Foster, a workplace one-man band, High Five! identifies the four key ingredients of winning teams. Although Alan is an effective producer, he is unwilling to share the spotlight by partnering on projects and is fired because, as his boss puts it, Alan, we need good producers who are good team players, too. It is a bitter pill for him to swallow. While mulling over his disappointment, he takes his son to his grade-five hockey practice, where it is clear that his son's team, the Riverbend Warriors, knows nothing about teamwork, either. When the team's two overworked coaches learn of Alan's plight, they persuade him to join their ranks, and he finds himself charged with teaching himself and the players the meaning of teamwork. With the help of a woman friend—a former girls' basketball coach who has won more high school basketball championships than anyone—Alan and the Warriors learn the magic of teamwork and that none of us is as smart as all of us. With its simple style and easy-to-follow techniques, High Five! is a must-read for anyone seeking to learn the value and power of teamwork.

**The Magic Medallion** Kenneth Newbrook, 2013-12 Ken and his dog Spot are inseparable, of course, the fact that Spot can talk is a great advantage. Particularly when the duo are once more involved in an adventure... From saving orphans from Workhouses to helping an ancient Egyptian prince recover his treasure, through Roman camps at Hadrian's wall and an English village during the Napoleonic Wars, Ken and Spot are always just in the right place at the right time. Or the wrong place, if you look at it from the point of view of the villains that they help to apprehend. Each story leaves the reader wondering what an earth can happen next. He could not even begin to guess! This is a story that takes Ken and Spot on an exciting journey to Africa to return a Magic Medallion back to the Ashanti Tribe. During this adventure Ken and Spot were pursued by 2 villainous Pygmies who were desperate to retrieve it to make use of its magical powers! Will Ken and Spot succeed in returning the Medallion to its rightful owners?

**The Magic of Crystals** Ken and Joules Taylor, 2014-12-18 This book is a guide to your personal discovery of crystals. The beauty and power of crystals and other stones have long been recognized, from the ancient times of Tutankhamen to the modern masterpieces of Cartier and Fabergé. From precious jewellery to the bricks and mortar that make up our homes, they have now become an integral part of our lives. Perhaps the huge upsurge of spiritual interest in crystals towards the end of the 20th century coincides with the significance many people attach to the dawn of a new millennium. Or perhaps, more people have become intrigued by the new and interesting crystals now available from all corners of the world. The Magic of Crystals explores how these stones are the product of natural energy derived from natural forces such as ancient stars, the sun, the movement of the earth over thousands of years and the heat of molten rock. It would almost seem wasteful to ignore them...
