Despite his innocence, Hoyt flees with his family and tries to escape the inevitable. With the odds stacked against him, and the Consulate closing in, he is forced to seek refuge on an alien world. Meanwhile, his pursuer and old friend Will Dickson, suspects that the reports of treason aren't factual. When he breaks protocol to negotiate Hoyt's surrender without waiting for backup, all hell breaks loose. And it's a decision that may prove deadly on both sides. *Traitor* is the first book in an action-packed space opera series that is an intense blend of *Star Trek* and *Farscape*.

*Uncharted* Kevin J. Anderson, Sarah A. Hoyt, 2018-05-01 New Alternate History Fantasy series created by New York Times best-selling author Kevin J. Anderson and Sarah A. Hoyt. Arcane America A new world. New magic. New history. After Halley's Comet was destroyed in a magical battle in 1759, the backlash separated the entire New World from the Old in an event known as The Sundering. Now isolated from the rest of the globe, America has become a very different place, where magic works and history has been changed forever. It is 1803—a new 1803. Young Meriwether Lewis, footloose and intrigued, goes to hear a lecture in St. Louis by the venerated old wizard Benjamin Franklin. Franklin's talk is disrupted by the attack of a winged

fire-breathing beast, much like legends from Lewis's own Welsh heritage. In the aftermath, Franklin tells the young man that he knows of a great, growing evil that lurks in the uncharted Arcane Territories west of the Mississippi. Using his own vast fortune, Franklin commissions Lewis and his own talented partner William Clark to embark on a remarkable voyage of exploration, to meet and document the indigenous tribes, to find a route all the way to the Pacific Ocean—and perhaps beyond the magical veil to Europe again—and to stop the growing evil that is filling the American West. For while the Sundering separated the rest of the world and granted the original colonists unexpected magical gifts, sorcery inspired by native legends has also been ignited. And the Arcane Territories may hold unparalleled dangers for the expedition, both natural and magical. Accompanied by the brilliant shape-shifting sorceress Sacajawea, Lewis and Clark set off on an unparalleled adventure across a landscape that no European has ever seen. Fifteen tremendous authors. Fourteen extraordinary stories. One outstanding anthology. It is a time of high adventure! A time for noble men and women to say No! to the evils that will befall their families and friends if they don't rise to the task at hand. If their valor doesn't hold, civilization will fall. Fifteen authors have spun fourteen tales of hateful wizards, treacherous seas, and scheming foes. Of times when ancient evils roamed the Earth, looking for souls to claim, and dark prophecies foretold what would happen if the Evil Ones were allowed to succeed. This anthology has all of this and more. When *Valor Must Hold* focuses on heroes worthy of facing such enemies. A tiny brownie stands up to a massive ogre. A mother races to protect her children. A hunter chases raiders. A guardian serves his king. Heroes lead forces into battle against overwhelming odds. There's even a goblin trying to save his people by stealing dwarven rum. Inside are fourteen fantastic stories of enemies testing the valor of heroes great and small. If their valor should fail, they will lose far more than their lives. Will their swords shatter shields? Will their magic shine forth? Or will they see their homes and families perish when they fail? Step inside and find out! With stories by: Christopher Woods

DRAGON AWARD WINNER FOR BEST ALTERNATE HISTORY NOVEL! ARCANES AMERICA A NEW WORLD. NEW MAGIC. NEW HISTORY. After Halley's Comet was destroyed in a magical battle in 1759, the backlash separated the entire New World from the Old in an event known as The Sundering. Now isolated from the rest of the globe, America has become a very different place, where magic works and history has been changed forever. It's into this strange new world that a young Meriwether Lewis and his partner William Clark venture. They have been commissioned by the old wizard Ben Franklin to explore the uncharted Arcane Territories west of the Mississippi, where dangers unknown—both real and magical—lurk. Accompanied by the brilliant shape-shifting sorceress Sacajawea, Lewis and Clark set off on an unparalleled adventure across a landscape that no European has

ever seen. About *Uncharted: History and mythology* meld admirably, leading to a satisfying conclusion. This hardy adventure establishes a world ripe for many more rousing stories.—*Publishers Weekly* With a light and brisk narrative that propels its heroes through a number of increasingly dangerous situations, this combination of alternate history and fantasy should appeal to fans of Eric Flint, Harry Turtledove, and historical fantasy in general.—*Booklist* “While delivering plenty of action that approximates the best of cinematic fantasy, Hoyt and Anderson also strive for—and achieve—a kind of gravitas that suitably reflects the majesty of an untrammelled continent. Their descriptions of raw nature and its emotional repercussions on the humans are subtly poetic without being overblown. The native tribes are depicted in authentic ways, especially the people of Sacagawea. . . .The characterization of all the cast members is deep and revelatory of human nature. . . .There is also humor amidst the seriousness . . . [Anderson and Hoyt’s] prose is a clear-eyed, sturdy naturalism meshed with flights of vivid unreality . . . filled with not only slambang adventures but also a kind of rational optimism that has become rare in genre works these days. . . . Hoyt and Anderson, a kind of de Camp and Pratt for the twenty-first century, convey these ideals without lectures or sermons, embodying them in principled people doing exciting things.”—*Locus* About Kevin J. Anderson: Anderson delivers action, engaging characters and credible fantastic worlds in spades . . . not to be missed.—*Publishers Weekly* Wickedly funny, deviously twisted and enormously satisfying.—Jonathan Maberry Anderson has become the literary equivalent of Quentin Tarantino in the fantasy adventure genre.—*The Daily Rotation* Prepare to be entertained. —Charlaine Harris “Delivers solid action and will certainly satisfy.”—*Booklist* on *The Winds of Dune* About Sarah A.
