De outra parte, a curiosidade do analista/investigador e sua perspicácia na utilização das ferramentas disponíveis na web fará com que obtenha sucesso em seu trabalho.

The Consumer Spyware Industry Adam Molnar,Diarmid Harkin,2019-08-22 Invasive surveillance software, known as 'spyware', is presently available to general consumer audiences. A sizeable market has emerged of a number of companies who sell spyware targeted at consumers who wish to place a smartphone or personal computer under intensive monitoring. This research focused exclusively on smartphones and discovered that it is relatively easy to purchase software that can remotely collect text messages, phone conversation recordings, GPS location data, and access the camera of a targeted device. Crucially, this data can be collected 'by stealth' with the user of the device having no indicators that their privacy is being compromised.

*Star Wars: Last Shot: A Han and Lando Novel* Daniel José Older,2018-04-19 Even the fastest ship in the galaxy can't outrun the past. . . . THEN: It's one of the galaxy's most dangerous secrets: a mysterious transmitter with unknown power and a reward for its discovery that most could only dream of claiming. But those who fly the Millennium Falcon throughout its infamous history aren't your average scoundrels. Not once, but twice, the crew of the Falcon tries to claim the elusive prize—first, Lando Calrissian and the droid L3-37 at the dawn of an ambitious career, and later, a young and hungry Han Solo with the help of his copilot, Chewbacca. But the device's creator, the volatile criminal Fyzen Gor, isn't interested in sharing. And Gor knows how to hold a grudge. . . . NOW: It's been ten years since the rebel hero Han Solo last encountered Fyzen Gor. After mounting a successful rebellion against the Empire and starting a family with an Alderaanian princess, Han hasn't given much thought to the mad inventor. But when Lando turns up at Han's doorstep in the middle of the night, it's Fyzen's assassins that he's running from. And without Han's help, Lando—and all life on Cloud City—will be annihilated. With the assistance of a young hotshot pilot, an Ewok slicer prodigy, the woman who might be the love of Lando's life, and Han's best and funniest friend, the two most notorious scoundrels in the New Republic are working together once more. They'll have to journey across the stars—and into the past—before Gor uses the device's power to reshape the galaxy.

**The Routledge International Handbook of Violence Studies** Walter S. DeKeseredy,Callie Marie Rennison,Amanda K. Hall-Sanchez,2018-10-30 Violence is a serious public health problem. The number of violent deaths tells only part of the story, and many more survive violence and are left with permanent physical and emotional scars. Violence also erodes communities by reducing productivity, decreasing property values, and disrupting social services. In recent years, scholars have broadened their definitions of violence beyond the realm of interpersonal harms such as murder, armed robbery, and male-to-female physical and sexual assaults in intimate relationships, to include behaviors often ignored by the criminal justice system, such as human rights violations, racism, psychological abuse, state terrorism, environmental violations, and war. Guided by this broader definition of violence, this handbook offers state of the art research in the field and brings together international experts to discuss empirical, theoretical, and policy issues.
