Archaeological Research at Calling Lake, Northern Alberta Ruth Gruhn,1980-01-01 An archaeological survey of Calling Lake, situated in the mixed wood forest zone approximately 225 km north of Edmonton, found an abundance of prehistoric material at sites on the east and southeast shore. Four prehistoric campsites were excavated in three field seasons from 1966 to 1968. Comparison of projectile point styles with types dated elsewhere suggest that occupation of two of the sites began in the interval 3000 to 1000 B.C. with major occupation of the other two sites starting somewhat later. Cultural affiliations appear to be with the Taltheilei tradition and earlier, with the Plains area.

Foreign-Related Arbitration in China Fan Yang,2016-03-10 This overview and analysis of current arbitration law and practice in mainland China offers critical analysis of significant Chinese arbitration law materials and key cases decided by the Supreme People's Court of the People's Republic of China (PRC). It also provides the full texts of around two hundred decisions of the Supreme People's Court of the PRC dating from 1990 to 2013, with enclosures of lower People's Courts' decisions presented in a systematic fashion. The analysis not only highlights the importance of the materials, judicial interpretations and key cases, but also enables readers to read mainland

Chinese statutes, judiciary interpretations and cases independently and confidently.
