The Red Knight John Charles Corrigan,2023-08-09 The Red Knight is the product of 25 years of meticulous research. It is, arguably, the most comprehensive account ever written about the Canadian Air Force's legendary solo jet-aerobatics performer. An important part of Canadian aviation history, the Red Knight is third in longevity and total number of performances among RCAF display teams. In recognition of the program's importance, Canada's Aviation Hall of Fame honoured the Red Knight with its Belt of Orion Award for Excellence in 2020 and the Royal Canadian Mint issued a commemorative coin in 2022. The Red Knight chronicles the history of the program, from its origins in 1957 to its cancellation in 1970. Everyone who has enjoyed watching the precision, grace and beauty of aerobatic flight will enjoy this insight into the "behind the scenes" aspect of aerial displays. A fine addition to any aviation reference library, The Red Knight will be of particular interest to anyone who remembers the program or saw a performance of this uniquely Canadian display. Printed in colour, The Red Knight - Second Edition is illustrated with many rare photographs never published before. The book is further enhanced by specially commissioned works of art from noted Canadian Aviation Artist, Don Connolly. Details of the various Red Knight paint schemes are provided through aircraft profiles, also specifically created for this publication. Together, this unique pictorial collection vividly portrays the legacy of the Red Knight. <https://www.facebook.com/rcafredknight> www.johncharlescorrigan.com It's hard to imagine a more comprehensive look at the Red Knight program--and at aerobatics in general. — Kirkus Reviews
