Land of Giants David Lavender,David Sievert Lavender,1979-01-01 The story of the explorers, traders, settlers, and industrialists who came to the Pacific Northwest during its 200-year development.

In the Land of Giants: A Journey Through the Dark Ages Max Adams,2016-10-11 A cultural exploration of the Dark Age landscapes of Britain that poses a significant question: Is the modern world simply the realization of our ancient past? The five centuries between the end of Roman Britain and the death of Alfred the Great have left few voices save a handful of chroniclers, but Britain's Dark Ages can still be explored through their material remnants: architecture, books, metalwork, and, above all, landscapes. Max Adams explores Britain's lost early medieval past by walking its paths and exploring its lasting imprint on valley, hill, and field. From York to Whitby, from London to Sutton Hoo, from Edinburgh to Anglesey, and from Hadrian's Wall to Loch Tay, each of his ten walking narratives form free-standing chapters as well as parts of a wider portrait of a Britain of fort and fyrd, crypt and crannog, church and causeway, holy well and memorial stone. Part travelogue, part expert reconstruction, In the Land of Giants offers a beautifully written insight into the lives of peasants, drengs, ceorls, thanes, monks, knights, and kings during an enigmatic but richly exciting period of Britain's history.

The Transnational Media Corporation Richard A. Gershon,2013-10-18 The combination of international privatization trends coupled with advancements in computer and communication technology have transformed the conduct of international business. The result has been a consolidation of players in all aspects of business, including banking, aviation, insurance, and mass media. This book discusses one such player -- the Transnational Media Corporation (TNMC). Long remembered as a time of rapid growth and expansion for international business, the decades of the '80s and '90s were a period characterized by major mergers and acquisitions. Good examples of this include Time Inc.'s 1989 merger with Warner Communication for \$11.2 billion and Walt Disney's 1996 purchase of Cap Cities/ABC for \$19.5 billion. According to the late Steven Ross, former co-chief executive officer of Time-Warner, In order to succeed in business today, you must be in all the major markets of the world. TNMCs have indeed become salient features of today's global economic landscape. This volume asks the most basic of questions: What makes a global corporation global? And, to what extent do TNMCs affect the marketplace of ideas? This book, then, is intended for the business professional or student who is interested in understanding the business and operations of transnational media. Part I examines the regulatory and economic reasons prompting the formation of a TNMC. It seeks to explain why such companies engage in direct foreign investment and further considers how transnational operations affect the development of new media products in terms of cost, quality, and availability. The TNMC is unique among global corporations given the fact that its primary business is the creation of information and entertainment products. This book also examines the highly complex relationship between TNMCs and the host nations in which they operate. It further considers such specific issues as cultural trespass, transborder data flow, and the effects of transnational media on the marketplace of ideas. Part II of this volume provides a series of case study analyses of five leading TNMCs including Time-Warner Inc., Sony Inc., Bertelsmann AG, the Walt Disney Company, and News Corporation Ltd. Specific attention is given to the history, business philosophy, and economic performance of each of these companies.

Irwin Allen Television Productions, 1964-1970 Jon Abbott,2015-06-14 Before establishing himself as the “master of disaster” with the 1970s films The Poseidon Adventure and The Towering Inferno, Irwin Allen created four of television's most exciting and enduring science-fiction series: Voyage to the Bottom of the Sea, Lost in Space, The Time Tunnel and Land of the Giants. These 1960s series were full of Allen's favorite tricks, techniques and characteristic touches, and influenced other productions from the original Star Trek forward. Every science-fiction show owes something to Allen, yet none has equaled his series' pace, excitement, or originality. This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode—and demonstrates that when Irwin Allen's television episodes were good, they were great, and when they were bad, they were still terrific fun.

Cannot Be Silenced Grace Baumgarten,2016-07-29 Did you know? Theres a battle, raging for over 6,000 years and continuing until the end of time? Beginning in the Garden of Eden, between God and Lucifer, truth and falsehood, good and evil, light and darkness. A battle for the souls of Man. God created man to multiply, subdue, and have dominion over the earth. But Lucifer, or Satan, the ruler of the world system, was envious of Gods love for man. He deceived Adam and Eve to sin against God. Ever since then, Satan has ensnared various men across time, advancing his agenda; to create world-wide financial dominion, thus controlling the political, spiritual and economic systems everywhere, with himself taking full lordship over Gods creation. This is why I, Grace Baumgarten, Cannot Be Silenced. With this being an election year in the USA, and its consequent Changing of the guard, being informed about the secret societies, or Enlightened Elites, is imperative. Their ideology? True freedom is liberation from God, and from moral constraints; with no absolute faith. To them, All truth is relative to the individual or group. With back-room dealings, ruinous bailouts and elimination of basic human values, theyve turned the USA over to be dissected, corporate-style, and theyre forcing this fraud on you and me. Yet, our founding fathers constructed a different concept; one of freedom, under the authority of Almighty God, as the Great Ruler; with His creation, nations and peoples empowered from on High, His Bible and His Commandments are the authoritative Word of God, and the basis for law, life, and true liberty. My first book was just the beginning, and so much has happened! Therefore, following a one-year sabbatical, I started writing one sentence at a time, knowing one day, this book would be born. I Cannot Be Silenced.

Fall of Giants Ken Follett,2011-08-30 Ken Follett's magnificent historical epic begins as five interrelated families move through the momentous dramas of the First World War, the Russian Revolution, and the

struggle for women’s suffrage. A thirteen-year-old Welsh boy enters a man’s world in the mining pits. . . . An American law student rejected in love finds a surprising new career in Woodrow Wilson’s White House. . . . A housekeeper for the aristocratic Fitzherberts takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with a German spy. . . . And two orphaned Russian brothers embark on radically different paths when their plan to emigrate to America falls afoul of war, conscription, and revolution. From the dirt and danger of a coal mine to the glittering chandeliers of a palace, from the corridors of power to the bedrooms of the mighty, Fall of Giants takes us into the inextricably entangled fates of five families—and into a century that we thought we knew, but that now will never seem the same again. . . .
