The Story of Jane Laura Kaplan,1997-06-09 In the four years before the Supreme Court's 1973 Roe versus Wade decision, women seeking abortions had to subject themselves to illegal, unregulated abortionists. This study reveals the presence of a secret organization, code-named Jane, which provided an alternative. Here the women tell their own stories.

The Story of Jane Laura Kaplan,2022-10-25 The powerful story of the women who founded and ran the legendary Chicago reproductive rights organization Abortion Counseling Service, otherwise known as Jane, written by one of its members. A compelling testament to a woman's most essential freedom—control over her own body—and to the power of women helping women. • Also the subject of the acclaimed HBO documentary The Janes. The Story of Jane recounts the evolution of the Abortion Counseling Service, code name Jane, the underground group of heroic women that provided low-cost abortion services in Chicago in the years before the procedure was legalized. Organized in 1969 and active until the opening of the first legal abortion clinics in 1973, Jane initially counseled women and referred them to abortion providers who set prices and conditions. As Jane grew, so did the group's capacity to protect its clients. Eventually, determined to reclaim women's reproductive power in any way they were able, many members of Jane learned to perform abortions themselves. An extraordinary history by one of Jane's members, The Story of Jane is an urgent account of the organization's development, the conflicts within the group, and the impact its work had on both the women it helped and the members themselves.

The Palgrave International Handbook of Youth Imprisonment Alexandra Cox,Laura S. Abrams,2021-06-21 This handbook brings together the knowledge on juvenile imprisonment to develop a global, synthesized view of the impact of imprisonment on children and young people. There are a growing number of scholars around the world who have conducted in-depth, qualitative research inside of youth prisons, and about young people incarcerated in adult prisons, and yet this research has never been synthesized or compiled. This book is organized around several core themes including: conditions of confinement, relationships in confinement, gender/sexuality and identity, perspectives on juvenile facility staff, reentry from youth prisons, young people’s experiences in adult prisons, and new models and perspectives on juvenile imprisonment. This handbook seeks to educate students, scholars, and policymakers about the role of incarceration in young people’s lives, from an empirically-informed, critical, and global perspective.
