Sleuth LLC: Birds of a Feather Etienne,2021-03-27 Quentin Quasar has found that being a telepath is a mixed bag: it's great when he's catching an unfaithful spouse or tracking down a thief, but it's horrible when his bedmate is thinking unflattering thoughts during sex. It's no wonder that instead of saying his prayers every night, Quentin sends tendrils of thought out into the world, looking for another telepath to ease the loneliness. Imagine his surprise when he finds one-and the young man needs help! Nate Braddock was plenty panicked at being kidnapped by fanatics who planned to beat the devil out of him. With Quentin's help, and then his partnership, Nate finds the courage to take a stand against his mother's religious intolerance. Together they'll confront an uncomfortable truth: telepaths may not be devils, but not all of them are angels, either. Quentin and Nate will need their combined gifts to tell the difference.

The Myth Of Laziness Mel Levine,2012-12-11 One of the most common complaints parents hear is that their child has great potential but is lazy. In the workplace one hears that a colleague is brilliant but just can't seem to deliver on time. Dr Levine believes that in reality very few people are truly lazy. Nearly all 'lazy' children and unproductive adults are in fact suffering from some sort of 'output failure,' that is, some problem of the mind that inhibits their productivity, despite their good intentions. In this book Dr Levine draws heavily on his years of clinical experience to construct the stories of representative children and adults who failed to be productive for the most common reasons. Too often we focus only on failure but people benefit enormously from recognition of their successes. In explaining outside or environmental factors that can affect productivity, Dr Levine points to the role of parents as well as teachers in identifying a child's weaknesses and nurturing the capacity to deliver, with such practical suggestions as describing the ideal study environment for a child. Whether the problem is manifested in motor breakdown, memory shortfall, verbal problems, lack of mental energy or underlying disorganization, Dr Levine provides a workable solution and dismisses the 'lazy' label.

Cook,2014-12-01 Every step in the business bankruptcy litigation process is covered in Aspen Publishers' Bankruptcy Litigation Manual, from the drafting of the first pleadings through the appellate process. In fact, by making the Bankruptcy Litigation Manual a part of your working library, you not only get detailed coverage of virtually all the topics and issues you must consider in

any bankruptcy case, you also get field-tested answers to questions you confront every day, such as: How to stay continuing litigation against a corporate debtor's non-debtor officers? What are the limits on suing a bankruptcy trustee? Is the Deprizio Doctrine still alive? Does an individual debtor have an absolute right to convert a case from Chapter 7 to Chapter 13? What prohibitions exist on cross-collateralization in financing disputes? Are option contracts executory for bankruptcy purposes? When, and under what circumstances, may a bankruptcy court enjoin an administrative proceeding against a Chapter 11 debtor? What are the current standards for administrative priority claims? When must a creditor assert its setoff rights? When can a remand order issued by a district court be reviewed by a court of appeals? What are the limits on challenging pre-bankruptcy real property mortgage foreclosures as fraudulent transfers? Can an unsecured lender recover contract-based legal fees incurred in post-bankruptcy litigation on issues of bankruptcy law? Is there a uniform federal limitation on perfecting security interests that primes a longer applicable state law period, thus subjecting lenders to a preference attack? Do prior bankruptcy court orders bar a plaintiff's later state court suit and warrant removal of the action in federal court? Michael L. Cook, a partner at Schulte Roth & Zabel LLP in New York and former long-time Adjunct Professor at New York University School of Law, has gathered together some of the country's top bankruptcy litigators to contribute to Bankruptcy Litigation Manual.
