Profitable Podcasting Stephen Woessner, 2017-09-14 Did you know there's a much better tool for spreading influence and generating revenue—one with far less competition? Podcasting offers rich opportunities, especially if you get in early and do it right. Author and CEO Stephen Woessner wants to share with you the secrets he learned in podcasting while building a \$2 million venture from scratch. Profitable Podcasting lays out the precise formula Woessner has learned from experience to be necessary for creating, launching, marketing, and monetizing podcasts in any industry. Packed with priceless production help, software recommendations, web and social strategies, schedules, checklists, and examples, this indispensable guide explains exactly how to: Choose the ideal format for the type of show you are producing Get the best guests Create intriguing interview questions Record and edit like a pro Maximize buzz for the launch Secure generous sponsorship Achieve top rankings fast Don't let the tech side of this incredible marketing and sales outlet scare you away from the lucrative awards that await you once you conquer the short learning curve. With Profitable Podcasting navigating you through every step, you will reach the payoff quickly and painlessly.

Branded RSS Podcasting (Second Edition) Allan Tépper, Whose domain is in your RSS feed: yours or somebody else's? Of course, for your own benefit it should only be your own. And the domain registrar should be completely independent from your hosting company or hosting companies. Otherwise, the conflict of interest that would arise upon any conflict or sudden expulsion would be like hiring your spouse—a lawyer—to represent you in your own divorce.) The only way to be absolutely sure to retain existing podcast subscribers is to own your own domain and use it as the basis of your RSS feed. This ebook will explain why RSS is essential for syndication on platforms like Amazon, Apple Podcasts, Google Podcasts, RadioPublic, Spotify, TuneIn and

more, and why it must be totally under your own control. This ebook will also compare 3 options where you can accomplish all of this from a single hosting provider, including the costs, primary advantages and disadvantages of each. Here's the table of contents: —Introduction —What's an RSS, in general and in podcasting? —Why Branded RSS? —Why 301 redirect is not enough —Three dedicated podcasts hosts that offer Branded RSS, and how they differ —Hosting on a marketed podcast host versus a standard web server —How to handle stats —Comparison for Branded RSS podcast hosting —Does your website and podcast comply with GDPR and DMCA? —The bottom line, depending upon your current situation —Pseudopodcasts, brought to us by YouTube, Spotify and Apple —Acknowledgements —Some other books by Allan Tépper —Online radio shows by Allan Tépper —About the author —Brands and FTC disclosures

Podcasting Hacks Jack D. Herrington, 2005 Podcasting does for Internet audio listeners what TiVo does for television viewers--it puts you in charge of when you enjoy a program. Podcasting is a web-based broadcast medium that sends audio content (most commonly in the MP3 format) directly to an iPod or other digital audio player. You subscribe to audio feeds, receive new files automatically, and listen to them at your convenience. As you can imagine, podcasting is taking the blogosphere by storm. A podcast is a professional-quality Internet radio broadcast, and like blogging and HTML before it, this revolutionary new way of publishing to the Internet has become the new outlet for personal expression. If you've got Internet access and a copy of *Podcasting Hacks*, you can find out just how easy it is to listen to and create your own Internet audio programs. With *Podcasting Hacks*, Jack Herrington, a software engineer with 20 years of experience developing applications using a diverse set of languages and tools, delivers the ultimate how-to of podcasting for anyone looking to get the most out of this hot new medium. Since August 2004 (the month that iPodder.com editor Adam Curry considers

the start of podcasting), audio blogging has exploded. Podcasts cover every conceivable topic, including sex, relationships, technology, religion, home brewing, recreational drugs, rock 'n roll, food, entertainment, politics, and much more. There were podcasts from the Democratic National Convention in Fall 2004, and some programs on Air America and NPR are also podcasts. Podcasting Hacks offers expert tips and tools for blogging out loud--for transmitting (and receiving) audio content worldwide with ease. This groundbreaking volume covers both entry-level and advanced topics perfect for aspiring and experienced podcasters. Herrington shows you how to get started, create quality sound, use the right software, develop a great show, distribute a podcast, and build an audience. More advanced topics include audio editing, podcasting on the go, and even videocasting.

Tricks of the Podcasting Masters Rob Walch, Mur Lafferty, 2006-05-22 Have you figured out the basics of making a podcast, but now want to make a great podcast, and possibly make some money? Tricks of the Podcasting Masters holds the answers to questions such as: How do I interact with listeners and get them to come back next week? How do I conduct a great interview over the phone? How do I attract sponsors? How do I stay motivated? The authors share their experiences with the 'casts they've produced regularly since podcasting began, including podCast411 and Geek Fu Action Grip, and draw from more than 100 interviews with podcasting's stars. With this book, you will be able to take your craft to the next level and create a business around your podcasts.

The end-of-the-century party Steve Redhead, 2019-07-04 Madchester may have been born at the Hacienda in the summer of 1988, but the city had been in creative ferment for almost a decade prior to the rise of acid house. The end-of-the-century party is the definitive account of a generational shift in popular music and youth culture, what it meant and what it led to. First

published right after the Second Summer of Love, it tells the story of the transition from new pop to the political pop of the mid-1980s and its deviant offspring, post-political pop. Resisting contemporary proclamations about the end of youth culture and the rise of a new, right-leaning conformism, the book draws on interviews with DJs, record company bosses, musicians, producers and fans to outline a clear transition in pop thinking, a move from an obsession with style, packaging and synthetic sounds to content, socially conscious lyrics and a new authenticity. This edition is framed by a prologue by Tara Brabazon, asking how we can reclaim the spirit, energy and authenticity of Madchester for a post-youth, post-pop generation. It is illustrated with iconic photographs by Kevin Cummins.

Enabling University Tara Brabazon, 2015-01-06 This work takes the most recent, interdisciplinary research and demonstrates how to make higher education institutions open, accessible and socially just for staff and students with disabilities. Combining the scholarly fields of media platform management, information literacy, internet studies, mobility studies and disability studies, this book offers a guide and method to consider how students and staff with differing needs move through university processes, spaces and interfaces. It captures the challenges and potentials of both the online and offline university. The key concept of the book is universal design. This term and theory is used to move beyond the medical and social model of disability that disconnect and separate the issues of disability and impairment from core societal concerns. This book confirms that most of us will be touched by impairment through our lives. When matched with the necessity to retrain and gain new skills for a post-recession future, there must be a renewed commitment to not only the widening participation agenda of higher education, but also the enabling of universities for men and women with impairments.

Turn Up the Volume Michael O'Connell, 2017-06-26 Turn Up

the Volume equips journalism students, professionals, and others interested in producing audio content with the know-how necessary to launch a podcast for the first time. It addresses the unique challenges beginner podcasters face in producing professional level audio for online distribution. Beginners can learn how to handle the technical and conceptual challenges of launching, editing, and posting a podcast. This book exposes readers to various techniques and formats available in podcasting. It includes the voices of industry experts as they recount their experiences producing their own podcasts and podcast content. It also examines how data analytics can help grow an audience and provide strategies for marketing and monetization. Written accessibly, Turn Up the Volume gives you a clear and detailed path to launching your first podcast.

A Sound Revolution Cynthia Kay Killick, 2013-07 A Sound Revolution. The true story of Marie Louise Killick's valiant fight against powerful men in the musical world. They had pirated her invention of a stylus that was to revolutionize the quality of sound reproduction of gramophone records. Despite winning her 10 year legal battle in The Royal Courts of Justice in London, England, her opponents, Pye Radio, found other means to ensure she never received her damages - worth millions. Manoeuvred into bankruptcy, she spent three years trying to prevent the Official Receiver from settling her damage claim against Pye Radio for a derisory sum. She died at the age of 49, penniless and homeless. During her fight she was 'kidnapped', her supporters were assaulted and even her solicitor was frightened off the case. During the fight, she was hounded from pillar to post and forced to spend six weeks with her children living in a builder's yard. Truly a story of enormous courage and tenacity on her part to bring the men who had robbed her to justice!

Podcasting For Dummies Tee Morris, Chuck Tomasi, 2017-10-02 Produce a podcast like the pros More people than ever are turning to podcasts for on-demand, mobile

entertainment and information. Podcasting For Dummies offers a fast and easy way to get the know-how you need to produce and distribute one of your very own. If you want to jump on the podcasting bandwagon, you've come to the right place! In this fully updated edition, would-be and experienced podcasters alike will get all the tech information, production insight, and promotional tips they need to either get a podcast off the ground or improve on an existing one. Get the gear you need Find your podcasting voice Find and build an audience Plan your podcast New tools have made it easier than ever to create a podcast—and this book shows you how.

Heart & Mind of a Leader - Creating Your Own Path in Life Through Continuous Learning, Self-Discovery, and Genuine Leadership Alex E Kheyson, 2019-02-28 This book is compilation of over 150 my best blog articles have written with one goal in mind - to deconstruct the art of personal and professional growth, development, and, of course, leadership. In this book I am sharing my passion, and many years of trial and error, success and failure, based on my personal and professional experience, knowledge, and training. If you have ever experienced a fear of failure, low self-esteem, confidence overpowered by fear, lack of motivation, feeling of being stuck with no opportunity to grow, strong desire to change your present and create a better future for yourself and those around you but not sure how, strong desire to improve but unclear of steps to take, then this book is for you. Begin re-discovering new you - confident, determined, and ready to overcome any obstacle and fear on your path, while pursuing your goals and lifetime dreams today

Podcasting Bible Mitch Ratcliffe, Steve Mack, 2008-02-11 This is the book that you'll want to read about podcasting--the technology that everyday people, in addition to the big-name radio networks, are using to broadcast to the world. -- Robert Scoble, Vice President Media Development, Podtech.net Create and market successful podcasts from your desktop, for your company, or in the studio Podcasting is a blazing hot new medium, but to create effective audio and video for the Internet, you need a thorough grounding in the tools and techniques that make it possible. You'll find it all--including business planning worksheets and tips--in this comprehensive guide from two industry experts. Each of the book's seven sections focuses on key elements in a logical sequence, so you can find what you need, when you need it--from an in-depth look at the basics, to high-level recording techniques, to creating a revenue-producing business. * Produce and upload your first podcast with a Quick Start tutorial * Learn how to turn your podcast into a viable business * Master the equipment--microphones, cameras, editing software, and more * Produce your audio and video podcasts to a broadcast standard * Decipher Really Simple Syndication (RSS) and other podcasting techniques * Crop, resize, color correct, or insert virtual backgrounds * Integrate your podcast into your blog or Web site

Market Domination for Podcasting Seth

Greene, 2016-12-20 Voted one of the best podcasting books of all time written by marketing marvel and co-host of the SharkPreneur podcast with Shark Tank's Kevin Harrington (BookAuthority). Market Domination for Podcasting shares the secrets of twenty-three of the top podcasters and marketing minds in the world today. Business owners can use Seth Greene's unique podcasting model to generate twenty new referral partners promoting their business in just twenty minutes a week. Interview subjects include Mark Asquith, Chris Christenson, Luis Congdon, Andrea Corelli, Karl Krummenacher, Michael Licata,

Gary Occhino, Nik Parks, Rebecca Poynton, and others. “Seth explores why podcast users make for an interesting advertising segment, and how small businesses can take advantage of this under-appreciated marketing tool.” —Home Business

HTML and CSS Joe Casabona, 2020-08-14 Learn HTML and CSS with the Visual QuickStart Guide—the quick and easy way! This new edition features over six hours of instructional video that guide you through HTML and CSS, getting you up and running with web development in no time. The images in the book feature concise steps and explanations, while the videos enhance and expand the information in the book and provide an alternative method for learning. Compassionate Accountability Nate Regier

PhD, 2023-07-11 A compass for leaders lost in the paradoxical space between attention to people and attention to results—with Compassionate Accountability you don't have to choose! Sadly, compassion and accountability are too often in tension—leaders feel they have to pick one or the other. But solely prioritizing accountability can create toxic work environments that drive

away good talent. On the other end of the spectrum, being too nice can compromise performance and productivity. Finding harmony between compassion and accountability is the ultimate catalyst for improved results and a thriving workplace. The solution is recognizing that compassion and accountability are not opposites. In fact, accountability is an element of compassion. Compassionate Accountability is the process of building connection while getting results. This book shows how this foundational mindset, philosophy, and way of living can lead to a thriving organizational culture. It covers such topics as these: Why you can't practice compassion without accountability How to turn on the three switches of the compassion mindset-and the predictable damaging consequences when they're turned off The key role Compassionate Accountability plays in a healthy leadership culture Six areas to focus on to start building your culture of Compassionate Accountability Five common barriers to compassion for leaders-and how to overcome them Plus, readers will find real case examples of how organizations have adopted Compassionate Accountability, along with quizzes and self-assessments to help them learn and apply the concepts. Leaders seeking a renewed sense of fulfillment in their roles and increased leadership impact will find inspiration, guidance, and a road map for cultural transformation.

Podcasting Marketing Strategy Daniel Rowles, Ciaran Rogers, 2019-05-03 Take advantage of the skyrocketing popularity of podcasts and learn how your business can use the unique opportunity to stand out and drive loyal engagement with target audiences, using this complete guide to podcast marketing - written by the hosts of the global top ten iTunes podcast, The Digital Marketing Podcast. Podcasting is a hugely persuasive, yet under-utilized channel accessed by an affluent and influential demographic. In a crowded and noisy digital environment, it gives organizations, brand builders and marketers the unique opportunity to stand out and drive engagement with target

audiences, with accurate and measurable levels of allegiance that can only be dreamed of on other digital channels. This book is the complete guide to the podcast environment. It describes the importance of podcasting for businesses and explains why, uniquely, it has the highest level of consumer commitment than any other social media. Written by award-winning author Daniel Rowles, and his co-host of the global top ten iTunes podcast, The Digital Marketing Podcast, this book: -Explains how podcasting can drive business results -Advises on how to record, edit, and advertise your content -Provides a unique digital marketing toolkit -Is supported by case studies from influential organizations around the globe Quite simply, Podcasting Marketing Strategy is the definitive authority to making and publishing podcasts that deliver quantifiable results.

Practical Teaching in Emergency Medicine Robert L. Rogers, Amal Mattu, Michael E. Winters, Joseph P. Martinez, Terrence Mulligan, 2012-12-03 Emergency medicine attendings who wish to hone their teaching skills can find a number of books on educational strategies written by physicians from other disciplines. However, until the publication of the first edition of this book, they did not have access to a text written by emergency medicine physicians on methods of teaching that are directly applicable to teaching EM. This book was compiled to meet that need. Following the introductory section, which provides important background information, the book's contents are organized into 4 sections that correspond to the core needs and interests of EM educators: Section 2 focuses on practical and ethical considerations of teaching in the ED; Section 3 provides strategies for teaching specific groups of learners; Section 4 looks at the skills that are characteristic of the best EM educators; and Section 5 looks indepthly at specific teaching techniques and strategies. Now more than ever this book addresses the needs of physician educators from all over the world. New chapters discuss lecturing to an international audience; using simulation as

a teaching tool; how to make journal club work for you, and other topics that are of broad interest to medical educators in this field. In general, each chapter has been updated and reviewed to make sure the content was something that emergency physician educators could use in any country. The chapter contributors are widely regarded as leaders in the field of emergency medicine education and faculty development. Authors were given free rein to develop their chapters and write in their own style. They were asked to present their personal views on how to successfully teach the art of emergency medicine, rather than review evidence-based guidelines regarding medical education. As a result, most of the chapters have few references. This first-person approach to a multi-authored textbook yields a compilation that varies in style from chapter to chapter and exposes the reader to a variety of communication techniques.

Profit from Your Podcast Dave Jackson, 2020-09-29

Methods and Advice for Making the Most of Your Podcast—Pricing, Sponsors, Crowdfunding, and More Pick up any book on podcast monetization, and you will find 90 percent of it only covers how to launch a podcast. Level Jumping Mike Simmons, 2020-03-31 Starting a company is easy. Growing a company that's profitable and building a team that cares about the success or failure of that company is not so

easy, but it is possible. After years of running his company as a one-man band, and bumping his head against an invisible ceiling that seemingly would not allow him to grow any further, it finally clicked. He went from running a business as a barely profitable side hustle, into a business that generated over \$1 million in profit within 12 months. There is a definite strategy to achieve that, and the good news is these strategies can work in literally any industry. Mike has spent years teaching these strategies to individuals all over the country. In *Level Jumping*, Mike has put all of the principles he used to transform his business into a no nonsense, easy to understand book. Small businesses all over the country have been *Level Jumping* with these techniques for years. Now you have an opportunity to take advantage of the same information and start *Level Jumping*. In this book you will learn how to *Level Jump* in your business (leveling up by jumping up multiple levels at a time).?How to hire in build your team. ?Why company culture is so important, and how to create one in your company?Why defining your why Is so important.?How to determine whether or not you need a partner, and the things to avoid when picking one?How to make sure that your company culture is built to last?How and why masterminds and mentors can be the secret formula too hyper growth and profitabilitySmall businesses all over the country have been *Level Jumping* with these techniques for years. Now you have an opportunity to take advantage of the same information and start *Level Jumping*.

Love Hurts Lodro Rinzler, 2016-12-13 Buddhism has a lot to say about suffering—and there are likely few times we suffer more intensely than when we break up with a romantic partner. It feels like you may never recover sometimes. But Lodro Rinzler has wonderfully good news for those suffering heartbreak: the 2,500-year-old teachings of the Buddha are the ultimate antidote for emotional pain. And you don't need to be a Buddhist for them to apply to you. In this short and compact first-aid kit for a broken heart, he walks you through the cause and cure of suffering, with

much practical advice for self-care as you work to survive a breakup. The wisdom he presents applies to any kind of emotional suffering.
