New challenges and tasks seem to pop up almost daily, not to mention all the changes your body is going through. As you get older and take on more responsibilities, you have probably often wondered how to do many of the adult tasks your parents or older siblings seem to breeze through daily. Everything from how to tell if the chicken in the fridge has gone bad to how to get rid of dandruff has likely crossed your mind, and you're not alone. The more you learn and the more new experiences you have, the more questions you'll have too. While a wonderful tool with a wealth of knowledge, the internet can be overwhelming to navigate at times. I mean, which of the thirteen articles about budgeting and saving money is actually accurate? And yes, you can ask your

parents or other trusted adults in your life to teach you specific skills, but sometimes you just want to figure it out on your own. That's where this guide comes into play. Dive in and start learning life skills for teens! Order yours now.

Grown and Flown Lisa Heffernan, Mary Dell Harrington, 2019-09-03 PARENTING NEVER ENDS. From the founders of the #1 site for parents of teens and young adults comes an essential guide for building strong relationships with your teens and preparing them to successfully launch into adulthood The high school and college years: an extended roller coaster of academics, friends, first loves, first break-ups, driver's ed, jobs, and everything in between. Kids are constantly changing and how we parent them must change, too. But how do we stay close as a family as our lives move apart? Enter the co-founders of Grown and Flown, Lisa Heffernan and Mary Dell Harrington. In the midst of guiding their own kids through this transition, they launched what has become the largest website and online community for parents of fifteen to twenty-five year olds. Now they've compiled new takeaways and fresh insights from all that they've learned into this handy, must-have guide. Grown and Flown is a one-stop resource for parenting teenagers, leading up to—and through—high school and those first years of independence. It covers everything from the monumental (how to let your kids go) to the mundane (how to shop for a dorm room). Organized by topic—such as academics, anxiety and mental health, college life—it features a combination of stories, advice from professionals, and practical
