My Decision to Live Nader Elguindi,2006-01-01 I remember the day so clearly, it feels like it just happened, I was lying in my hospital room and my vital signs were stable for the first time

since the accident, eight days ago. I had lost ninety pounds and was a frail skeleton of my previous 180 pound frame. My body had gone through thirteen surgeries and I was still hazy from the morphine drip, but I was alive. As my thoughts became clear for the first time since the accident, I felt a great shift take place, a wave of positive energy. I was aware of where I'd been, where I was now, and what I needed to do - I was not only going to live, I was going to have my life back! Book jacket.

Make Time So You Can Live Life Robert Loynes, 2022-03-04
Make time, so you can live life is the first part of a trilogy, the author Robert Loynes, a single Dad, encapsulates some of his life events and how he dealt with them. (Homelessness, Debt, Multi-cultural alienation, and the World-wide Pandemic.) His priorities were to enable. Wellness for the whole family unit Conquering our I wish I'd moments Prioritising quality time for all. Maximising the

power of our minds. The application of our learnings from life. The authors main concerns have been to enable him and his sons being the best version of themselves, to become self-sufficient while helping others, to exceed their teachers' expectations and embrace our life plans. In today's time technology has become a dominant factor, reading books has become for many become a challenge. These books have been designed as snatch books, in other words read a little and come back to the rest. If you enjoyed this book then you need to read the next two books in the trilogy. Unlocking Solitary Confinement revealing Sanctuary and then Embracing the powers of our inner owl.

Unpackin'-The Baggage of Life Dan Brannan,2014 I went from

being a healthy, soon-to-retire airline pilot to a man with cancer who lost his job of more than twenty-five years and his retirement savings. Initially, I fell into a prolonged and deep depression. One warm spring afternoon while sitting on the porch, I made the decision to end it all to take my own life, reasoning that my life insurance policy had greater value for my wife and three children than did a man with cancer, no job, and no money. It was then, while immersed in these suicidal thoughts, that I fell into some sort of sleep, more like a trance than sleep, during which time I had what I can only describe as a surreal experience. It was strange but so very real, like I was in another world, another place, or another time. Since that afternoon on the porch, I have engaged in a journey of reflection and have realized that the baggage we begin to accumulate in our earliest years ultimately affects every relationship that we have, none more so than the one we have with ourselves. We have only two choices: we can buckle beneath our load or we can unpack it and become greater than we ever imagined ourselves to be.

Have a Life Attack Sean Willard, 2011-06 Thousands of people across the globe sit in offices and homes on a daily basis and feel completely bored, frustrated and stuck. Have I really lived, have I really loved, and have I really laughed in life? If your answer to this question leans in any way toward no, then *Have a*

Life Attack is tailor-made for you.

A License to Live Guy R. Ramsdell, 2010-08-19 *A License to Live* was written to document the life and problems of a homeless person. It details the interaction between the person and the bureaucracies.

Second Chance to Live Jerry Hutton, 2011-05-01 After thirty-five years with only transitory visits with his father, the author finds his empty nest occupied. Alvie arrived depressed and arthritic following his wife's nursing home placement. The dark touch of Alzheimer's claimed Lucille until Alvie could no longer provide around the clock assistance. Alvie's recovery was spurred by learning to use a word processor. By writing his life's story, Alvie and his son had a platform for re-discovering life as an enriching experience. The coexisting experiences became therapeutic for both. Readers will be amused by the father-son interactions, taking them from the early 1900s to the early 2000s. Topics include family, work, failures, and successes, spanning associated historical events such as the Santa Claus Bank Robbery and the 1918 Influenza Pandemic. Alvie, the son of a sharecropper, shared his work experiences including Fred Harvey employment, being a bank auditor, and a Railway Mail clerk.
