**The Art of Studio Gainax** Dani Cavallaro,2015-01-27 Formed by a small group of university students in the early 1980s, Studio Gainax is now one of the most adventurous and widely esteemed anime companies on the scene. And it is fascinating for its unique approach to animation. Formal experimentation, genre-straddling, self-reflexivity, unpredictable plot twists, a gourmet palate for stylishness, proverbially controversial endings, and a singularly iconoclastic worldview are some of the hallmarks. This documentation of the studio's achievements provides a critical overview of both the company and its films: in-depth examinations of particular titles that best represent the company's overall work, including television series such as Nadia: The Secret of Blue Water and Neon Genesis Evangelion, and feature films such as Royal Space Force: The Wings of Honneamise and Gunbuster vs. Diebuster. Each chapter highlights the contribution made by a specific production to the company's progress.

*I Lost My Girlish Laughter* Jane Allen,J. E. Smyth,2019-11-05 A lost literary gem of Hollywood in the 1930s, *I Lost My Girlish Laughter* is a thinly veiled send-up of the actors, producers, writers, and directors of the Golden Age of the studio system. Madge Lawrence, fresh from New York City, lands a job as the personal secretary to the powerful Hollywood producer Sidney Brand (based on the legendary David O. Selznick). In a series of letters home, Western Union telegrams, office memos, Hollywood gossip newspaper items, and personal journal entries, we get served up the inside scoop on all the shenanigans, romances, backroom deals, and betrayals that go into making a movie. The action revolves around the production of Brand's latest blockbuster, meant to be a star vehicle to introduce his new European bombshell (the real-life Marlene Dietrich). Nevermind that the actress can't act, Brands' negotiations with MGM to get Clark Gable to play the male lead are getting nowhere, and the Broadway play he's bought for the screenplay is reworked so that it is unrecognizable to its author. In this delicious satire of the film business, one is never very far from the truth of what makes Hollywood tick and why we all love it.

**Bruce Gilden: Lost and Found** ,2019-11-19 In the thick of New York: Bruce Gilden raw and unseen After recently moving house, Bruce Gilden discovered hundreds of contact prints and negatives in his personal archives, from work undertaken in New York, his native city, between 1978 and 1984. From these thousands of images, most of which are new even to their author, Gilden has selected around a hundred. Extending from the desire to revisit the work of his youth, this historic archive constitutes an inestimable treasure. An extraordinary New York is portayed here, revealing an unknown facet of Gilden's oeuvre. With all the energy of a young man in his thirties, and with no flash (before Gilden became famous for its almost systematic use), Gilden launched an assault on New York in a visibly tense atmosphere. In this extraordinary gallery of portraits, the compositions--mostly horizontal--simmer with energy, bursting with the most diverse characters, as though Gilden intended to include within the frame everything that caught his eye. In this book, we see the guiding tropes of the work that was to make Gilden famous: sustained movement and tension, unrivalled spirit, and an instinctive and irreverent affection for his subjects, perfectly in cahoots with his city. Bruce Gilden (1946) is a street photographer from Brooklyn, New York. Over the years he has produced long and detailed photographic projects in New York, Haiti, France, Ireland, India, Russia, Japan, England and America. Gilden has published 18 monographs, among them *Facing New York* (1992), *Bleus* (1994), *Haiti* (1996, European Publishers Award for Photography); *After the Off* (1999), *Go* (2000), *Coney Island* (2002), *A Beautiful Catastrophe* (2004), *Foreclosures* (2013) and *A Complete Examination of Middlesex* (2014).

Leon Keer - Distortion Leon Keer,2020-11-30 \* The wonderful 3D world of Leon Keer \* This Dutch street artist conquers the world \* Keer explains his working method and allows you a glimpse into his creative mind \* With a unique 3D cover Leon Keer is the master of optical illusion. The 'Dutch JR' plays with perspectives and creates a whole new world. One in which Snow White is stuck under a door. Or a world in which you unexpectedly enter a seventies living room. This is his first monograph. He allows the reader an exclusive look into his world and imagination. How does he work? And how does a wild idea develop into a gigantic 3D artwork?

capsule biographies of each Marwencol character, descriptions of each miniature building, and Mark's insight into constructing and photographing his world • Includes 100 pages of Hogancamp's photographs and stories laid out as a graphic novel Fight scenes, dramatic rescues and love triangles are painstakingly arranged to play out before Mr. Hogancamp's camera. The resulting images are startlingly lifelike, poignant and, for him, therapeutic.—The New York Times

Drawing an Elusive Line Elizabeth E. Guffey,2001 Moreover, the book explores Prud'hon's prescient comprehension of a dawning art market among the newly powerful middle class while tracing the sources of his more traditional imperial patronage. In surveying the breadth of Prud'hon's graphic output, *Drawing an Elusive Line* includes more than 150 drawings by the artist, some little known or previously unpublished.--Jacket.

The Routledge Companion to Michael Chekhov Marie Christine Autant Mathieu,Yana Meerzon,2015-05-15 The Routledge Companion to Michael Chekhov brings together Chekhov specialists from around the world - theatre practitioners, theorists, historians and archivists – to provide an astonishingly comprehensive assessment of his life, work and legacy. This volume aims to connect East and West; theatre theory and practice. It reconsiders the history of Chekhov's acting method, directing and pedagogy, using the archival documents found across the globe: in Russia, England, America, Germany, Lithuania and Switzerland. It presents Chekhov's legacy and ideas in the framework of interdisciplinary theatre practices and theories, as well as at the crossroads of cultures, in the context of his forays into such areas as Western mime and Asian cosmology. This remarkable Companion, thoughtfully edited by two leading Chekhov scholars, will prove invaluable to students and scholars of theatre, theatre practitioners and theoreticians, and specialists in Slavic and transcultural studies. Marie-Christine Autant-Mathieu is Director of Research at the National Center For Scientific Research, and Assistant-Director of Sorbonne-CNRS Institute EUR'ORBEM. She is an historian of theatre and specialist in Russian and Soviet theatre. Yana Meerzon is Associate Professor in the Department of Theatre, University of Ottawa. Her book publications include *Adapting Chekhov: The Text and Its Mutations*, co-edited with Professor J. Douglas Clayton, University of Ottawa (Routledge, 2012).

More than 200 new entries have been added, and all original entries have been updated; each entry is followed by a short bibliography. **Ask a Manager** Alison Green,2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

**Dream Merchants & HowBoys** Barry J. Gibbons,2004-05-14 The stories of the people captured on the pages within are anything but ordinary. Like you, they had to start somewhere. But it's not what you do or where you start, but how you do it. It wasn't through maintaining the daily grind (for themselves or others) that got them to the top. It was by building their dreams and doing business in a way that no other had done before them. These Dream Merchants and Howboys live in the Business Icon Hall of Fame in the Sky (ok so maybe one day this will exist). But before they got there they lived somewhere very different. They lived in the land of complete Nutterdom. Retired CEO of Burger King and Fortune turn-around champion, Barry Gibbons, introduces you to this world. Gibbons brings together some of the most famous names in business today. He takes us on a whirlwind tour of the careers, lives and crazy decisions of nutters - from Walt Disney and Michael Dell to Luciano Benetton and Anita Roddick. All of them made decisions that seemed odd, crazy or downright weird. But they worked. Gibbons, a distinguished madman himself, keeps you hooked with his humour and wit, but never straying from the point of it all. That we can learn from these mavericks. That we can put a little madness into our daily grind. Heck yeh. Steal their ideas! Why should they be famous and not you? *Dream Merchants and Howboys* may just be the most unconventional business book ever written and firmly cements Gibbons' reputation as the P.J. O'Rourke of business.

*Making Eye Health a Population Health Imperative* National Academies of Sciences, Engineering, and Medicine,Health and Medicine Division,Board on Population Health and Public Health Practice,Committee on Public Health Approaches to Reduce Vision Impairment and Promote Eye Health,2017-01-15 The ability to see deeply affects how human beings perceive and interpret the world around them. For most people, eyesight is part of everyday communication, social activities, educational and

professional pursuits, the care of others, and the maintenance of personal health, independence, and mobility. Functioning eyes and vision system can reduce an adult's risk of chronic health conditions, death, falls and injuries, social isolation, depression, and other psychological problems. In children, properly maintained eye and vision health contributes to a child's social development, academic achievement, and better health across the lifespan. The public generally recognizes its reliance on sight and fears its loss, but emphasis on eye and vision health, in general, has not been integrated into daily life to the same extent as other health promotion activities, such as teeth brushing; hand washing; physical and mental exercise; and various injury prevention behaviors. A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change. The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health. Making Eye Health a Population Health Imperative: Vision for Tomorrow proposes a new population-centered framework to guide action and coordination among various, and sometimes competing, stakeholders in pursuit of improved eye and vision health and health equity in the United States. Building on the momentum of previous public health efforts, this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal, state, and local levels.

*Now Urbanism* Jeffrey Hou, Benjamin Spencer, Thaisa Way, Ken Yocom, 2014-10-10 After more than a century of heroic urban visions, urban dwellers today live in suburban subdivisions, gated communities, edge cities, apartment towers, and slums. The contemporary cities we know are more often the embodiment of unexpected outcomes and unintended consequences rather than visionary planning. As an alternative approach for rethinking and remaking today's cities and regions, this book explores the intersections of critical inquiry and immediate, substantive actions. The contributions inside recognize the rich complexities of the present city not as barriers or obstacles but as grounds for uncovering opportunity and unleashing potential. Now Urbanism asserts that the future city is already here. It views city making as grounded in the imperfect, messy, yet rich reality of the existing city and the everyday purposeful agency of its dwellers. Through a framework of situating, grounding, performing, distributing, instigating, and enduring, these contributions written by a multidisciplinary group of practitioners and scholars illustrate specificity, context, agency, and networks of actors and actions in the re-making of the contemporary city.
