The Routledge Companion to Architectural Pedagogies of the Global South Harriet Harriss, Ashraf M. Salama, Ane Gonzalez Lara, 2022-12-30 The established canon of architectural pedagogy has been predominantly produced within the Northern hemisphere and transposed – or imposed – across schools within the Global South, more often, with scant regard for social, economic, political or ecological culture and context, nor regional or indigenous pedagogic principles and practices. Throughout the Global South, architecture's academic community has been deeply affected by this regime, how it shapes and influences proto-professionals and by implication architectural processes and outcomes, too. The Routledge Companion to Architectural Pedagogies of the Global South resituates and recenters an array of pedagogic approaches that are either produced or proliferate from the 'Global South' while antagonizing the linguistic, epistemological and disciplinary conceits that, under imperialist imperatives, ensured that these pedagogies remained maligned or marginalized. The book maintains that the exclusionary implications of architectural notions of the 'orders', the 'canon' and the 'core' have served to constrain and to calcify its contents and in doing so, imperiled its relevance and impact. In contrast, this companion of pedagogic approaches serves to evidence that architecture's academic and professional advancement is wholly contingent on its ability to fully engage in an additive and inclusive process whereby the necessary disruptions that occur when marginalized knowledge confronts established knowledge result in a catalytical transformation through which new, co-created knowledge can emerge. Notions of tradition, identity, modernity, vernacularism, post-colonialism, poverty, migration, social and spatial justice, climate apartheid, globalization, ethical standards and international partnerships are key considerations in the context of the Global South. How these issues originate and evolve within architectural schools and curricula and how they act as drivers across all curricula activities are some of the important themes that the contributors interrogate and debate. With more than 30 contributions from 55 authors from diverse regional, racial, ethnic, gender and cultural backgrounds, this companion is structured in four sections that capture, critique and catalog multifarious marginalized pedagogical approaches to provide educators and students with an essential source book of navigational steers, core contestations, propositional tactics and reimagined rubrics. The Routledge Companion to Architectural Pedagogies of the Global South pioneers a transposable strategy for academics from all disciplines looking to adopt a tested approach to decolonizing the curriculum. It is only through a process of destabilizing the hegemonic, epistemological and disciplinary frameworks that have long-prescribed architecture's pedagogies that the possibility of more inclusive, representative and relevant pedagogical practices can emerge.

The San Jose Letter ,1895

Train Your Mind, Change Your Brain Sharon Begley, 2008-11-12 Cutting-edge science and the ancient wisdom of Buddhism have come together to reveal that, contrary to popular belief, we have the power to literally change our brains by changing our minds. Recent pioneering experiments in neuroplasticity—the ability of the brain to change in response to experience—reveal that the brain is capable of altering its structure and function, and even of generating new neurons, a power we retain well into old age. The brain can

adapt, heal, renew itself after trauma, compensate for disabilities, rewire itself to overcome dyslexia, and break cycles of depression and OCD. And as scientists are learning from studies performed on Buddhist monks, it is not only the outside world that can change the brain, so can the mind and, in particular, focused attention through the classic Buddhist practice of mindfulness. With her gift for making science accessible, meaningful, and compelling, science writer Sharon Begley illuminates a profound shift in our understanding of how the brain and the mind interact and takes us to the leading edge of a revolution in what it means to be human. Praise for *Train Your Mind, Change Your Brain* "There are two great things about this book. One is that it shows us how nothing about our brains is set in stone. The other is that it is written by Sharon Begley, one of the best science writers around. Begley is superb at framing the latest facts within the larger context of the field. This is a terrific book."—Robert M. Sapolsky, author of *Why Zebras Don't Get Ulcers* "Excellent . . . elegant and lucid prose . . . an open mind here will be rewarded."—Discover "A strong dose of hope along with a strong does of science and Buddhist thought."—The San Diego Union-Tribune

The Novel Dorothy J. Hale, 2009-02-09 *The Novel: An Anthology of Criticism and Theory 1900–2000* is a collection of the most influential writings on the theory of the novel from the twentieth century. Traces the rise of novel theory and the extension of its influence into other disciplines, especially social, cultural and political theory. Broad in scope, including sections on formalism; the Chicago School; structuralism and narratology; deconstruction; psychoanalysis; Marxism; social discourse; gender; post-colonialism; and more. Includes whole essays or chapters wherever possible. Headnotes introduce and link each piece, enabling readers to draw connections between different schools of thought. Encourages students to approach theoretical texts with confidence, applying the same skills they bring to literary texts. Includes a volume introduction, a selected bibliography, an index of topics and short author biographies to support study.

Delivered from Distraction Edward M. Hallowell, John J. Ratey, 2023-08-31 'If you read only one book about attention deficit disorder, it should be *Delivered from Distraction*.' Michael Thompson, Ph.D., New York Times bestselling co-author of *Raising Cain* In 1994, *Driven to Distraction* sparked a revolution in our understanding of attention deficit disorder. Widely recognized as the classic in the field, the book has sold more than a million copies. Now a second revolution is under way in the approach to ADD, and the news is great. Drug therapies, our understanding of the role of diet and exercise, even the way we define the disorder - all are changing radically. And doctors are realizing that millions of adults suffer from this condition, though the vast majority of them remain undiagnosed and untreated. In this new book, Drs Edward M. Hallowell and John J. Ratey build on the breakthroughs of *Driven to Distraction* to offer a comprehensive and entirely up-to-date guide to living a successful life with ADD. As Hallowell and Ratey point out, 'attention deficit disorder' is a highly misleading description of an intriguing kind of mind. Original, charismatic, energetic, often brilliant, people with ADD have extraordinary talents and gifts embedded in their highly charged but easily distracted minds. Tailored expressly to ADD learning styles and attention spans, *Delivered from Distraction* provides accessible, engaging discussions of every aspect of the condition, from diagnosis to finding the proper treatment regime. Inside you'll discover: -

whether ADD runs in families - new diagnostic procedures, tests, and evaluations - the links between ADD and other conditions - how people with ADD can free up their inner talents and strengths - the new drugs and how they work, and why they're not for everyone - exciting advances in nonpharmaceutical therapies, including changes in diet, exercise, and lifestyle - how to adapt the classic twelve-step program to treat ADD - sexual problems associated with ADD and how to resolve them - strategies for dealing with procrastination, clutter, and chronic forgetfulness ADD is a trait, a way of living in the world. It only becomes a disorder when it impairs your life. Featuring gripping profiles of patients with ADD who have triumphed, *Delivered from Distraction* is a wise, loving guide to releasing the positive energy that all people with ADD hold inside. If you have ADD or care about someone who does, this is the book you must read.

Collage and Architecture Jennifer A.E. Shields, 2023-07-04 Collage and Architecture remains an invaluable resource for students and practitioners as the first book to cover collage as a tool for analysis and design in architecture. Since entering the contemporary art world over a century ago, collage has profoundly influenced artists and architects throughout the twentieth century and into the twenty-first. In *Collage and Architecture*, Jennifer A. E. Shields explores its influence, using the artworks and built projects of leading artists and architects, such as Mies van der Rohe, Daniel Libeskind, and Teddy Cruz to illustrate the diversity of collage techniques. This new edition includes: A stronger focus on contemporary practices, including digital methods; New designers and architects, including Marshall Brown, WAI Architecture Think Tank, and Tatiana Bilbao, bringing their methods and work to life; An expanded global and diverse perspective of architecture as collage; Collage is an important instrument for analysis and design. Through its 261 color images, this book shows how this versatile medium can be adapted and transformed in your own work.

Walking Fish Kopel Burk, Rachelle Burk, 2015-06-01 A humorous, exciting tale of an ordinary girl who makes an extraordinary scientific discovery—a blind fish that walks. When seventh-grader Alexis catches an unusual fish that looks like a living fossil, she sets off a frenzied scientific hunt for more of its kind. Alexis and her friend Darshan join the hunt, snorkeling, sounding the depths of Glacial Lake, even observing from a helicopter and exploring a cave. All the while, they fight to keep the selfish Dr. Mertz from claiming the discovery all for himself. When Alexis follows one final hunch, she risks her life and almost loses her friend. *Walking Fish* is a scientific adventure that provides a perfect combination of literacy and science.

The World of Indigenous North America Robert Warrior, 2014-12-05 The World of Indigenous North America is a comprehensive look at issues that concern indigenous people in North America. Though no single volume can cover every tribe and every issue around this fertile area of inquiry, this book takes on the fields of law, archaeology, literature, socio-linguistics, geography, sciences, and gender studies, among others, in order to make sense of the Indigenous experience. Covering both Canada's First Nations and the Native American tribes of the United States, and alluding to the work being done in indigenous studies through the rest of the world, the volume reflects the critical mass of scholarship that has developed in Indigenous Studies over the past decade, and highlights the best new work that is emerging in the field. *The World of Indigenous North America* is a book for every scholar in

the field to own and refer to often. Contributors: Chris Andersen, Joanne Barker, Duane Champagne, Matt Cohen, Charlotte Cote, Maria Coteria, Vincente M. Diaz, Elena Maria Garcia, Hanay Geiogamah, Carole Goldberg, Brendan Hokowhitu, Sharon Holland, LeAnne Howe, Shari Huhndorf, Jennie Joe, Ted Jojola, Daniel Justice, K. Tsianina Lomawaima, Jose Antonio Lucero, Tiya Miles, Felipe Molina, Victor Montejo, Aileen Moreton-Robinson, Val Napoleon, Melissa Nelson, Jean M. O'Brien, Amy E. Den Ouden, Gus Palmer, Michelle Raheja, David Shorter, Noenoe K. Silva, Shannon Speed, Christopher B. Teuton, Sean Teuton, Joe Watkins, James Wilson, Brian Wright-McLeod

Rise Above Greg Little, 2011-09-01 *Rise Above* is a detailed description of one man's journey of conquering adversity. You will read how the writer survived a near-fatal motor vehicle accident, which resulted in three skull fractures, a bruised brain, an eight-day coma and having to relearn how to walk and talk - made all the more challenging by a lingering speech impediment acquired in childhood. Stuttering is an awful burden for a person to carry throughout life. Children can be cruel. The writer's utmost fear, speaking in public, would one day be an ally and allow him to present programs extensively throughout the United States. This book is not about surviving adversity. It's about thriving beyond adversity. Greg Little, a nationally renowned speaker and motivator, has presented to diverse groups, including health care, business and professional organizations, and educational institutions. His programs emphasize active involvement by participants. Whether teaching professionals to cope with stress, bond as a productive group or realize their hidden strengths, his seminars and keynote addresses are hard hitting and memorable. During one of Greg's presentations, I was laughing so hard that tears were literally streaming down my face. - Dr. Ed Kesgen; Sylva, NC One of the most energized, creative and innovative presentations I have ever experienced. - Jim Brennan, National Consultant; Wilbraham, MA Dr. Greg Little is superb speaker. This is an excellent investment in continuing education - Nancy DeBolt; Torrington, WY

The Holiday Treatment Elle Spencer, 2020-11-10 By day, Holly Hudson's a story editor for Wifetite Network. By night, she's the writer for the network's very cheesy, very straight holiday romance series—Christmas in Evermore. Holly took the job to accomplish exactly one thing: a gay Christmas movie. She's been shot down before, but things start to look up when Meredith Drake unexpectedly moves into the network's holiday division. On the heels of a brief (but totally hot) fling, Holly and Meredith agree to keep things professional now that they'll be working together. Especially since the network has a strict policy about workplace relationships. Instead, they vow to channel their passion into a pitch for the network's first Christmas movie to feature two female leads. In this contemporary romance, Holly and Meredith work to make the Yuletide gayer while discovering that happy endings aren't only for the movies.

Owen to the Rescue Meredith Rusu, 2020-04 An all-new exhibit is set to open in LEGO Jurassic World, and it's up to Owen and Claire to make sure it goes off without a hitch. A prequel to the animated Jurassic World told through LEGO!

Nelson's Annual Preacher's Sourcebook, Vol. 1 Kent Spann, David

Wheeler,2011-10-04 Nelson's Annual Preacher's Sourcebook, Volume 1 is the same sermon planner you have come to depend on for over ten years with a new topical focus.

Her Secret Service Agent Stephanie Doyle,2017-07-01 She wants her Secret Service agent back... She was the president's only daughter. And like a bad movie cliché, Vivian Bennett fell in love with her Secret Service agent, Joe Hunt. Except the night she chose to confess her feelings, the night he rebuked her embarrassing advance, was the night her stalker kidnapped her. That was ten years ago. Joe, of course, had rescued her. But that didn't stop her father from firing him, and her juvenile mistake cost Viv her best friend. Well, she's back in Washington and, even though her dad's no longer in office, she's started to get threatening letters. She needs—wants—the only man she's ever trusted to protect her a second time.

El Lector Araceli Tinajero,2010-02-15 El Lector will find a broad and appreciative audience and will become a landmark in the study of Cuban and Latin American cultures. —Roberto González Echevarría, Yale University The practice of reading aloud has a long history, And The tradition still survives in Cuba as a hard-won right deeply embedded in cigar factory workers' culture. InEl Lector, Araceli Tinajero deftly traces the evolution of the reader from nineteenth-century Cuba To The present and its eventual dissemination to Tampa, Key West, Puerto Rico, and Mexico. In interviews with present-day and retired readers, she records testimonies that otherwise would have been lost forever, creating a valuable archive for future historians. Through a close examination of journals, newspapers, and personal interviews, Tinajero relates how the reading was organized, how the readers and readings were selected, and how the process affected the relationship between workers and factory owners. Because of the reader, cigar factory workers were far more cultured and in touch with the political currents of the day than other workers. But it was not only the reading material, which provided political and literary information that yielded self-education, that influenced the workers; the act of being read to increased the discipline and timing of the artisan's job.

Pure Hardcore Icons Cruz Garcia,Nathalie Frankowski,2013 In the kingdom of architecture the shape reigns supreme. Ever since the beginning of history, pure geometric form has been one of architecture's recurrent obsessions. A genealogy of buildings shaped as pyramids, spheres, and cubes can be traced back to ancient times, while contemporary projects, either as poured concrete or virtual bytes, often resemble stacked boxes and looping skyscrapers. Despite torrents of pure shapes flooding with evidence magazine pages and computer screens around the world, architecture lacks a written work to declare its intentions. Pure Hardcore Icons is the first manifesto on pure form in architecture. WAI Architecture Think Tank, directed by authors Nathalie Frankowski and Cruz Garcia, have created a vade mecum with provocative collages, essays and an interview that promise to bring form--a persistent taboo in the theoretical discourse--to the forefront of the architectural discussion. Through a mixture of perspicacity, conviction and humour, Pure Hardcore Icons aims to raise awareness about the dialectic of pure form and architecture, hoping that its potential and limitations could be fully grasped either in practice, academia, or as a cultural and intellectual exercise.

Wendigo Road Doug Goodman,2018-09-21 Nobody drives Wendigo Road. But to

return home to his wife and son, one Blackfeet warrior will be forced to brave this treacherous mountain road full of Native American monsters and raging wildfires. In this re-imagining of Homer's The Odyssey, a band of soldiers volunteer to escort the legendary Blackfeet warrior home. When they discover abandoned children in a small Montana ghost town, their mission and their lives will be changed forever. Now they aren

Mastering the Art of Business Communication Sumita Roy, 2008 Effective communication and better relationships go hand in hand with one promoting the other. It is the key to success in business and social understanding. Good communication leads to good business. English being the language spoken in most of the countries of the world, its use is widespread in business and commerce. This book is a comprehensive guide on business English and a must for students specially from science and management disciplines, business professionals and people in the corporates. From business vocabulary, language usage and letter writing to developing oral communication.

Niagara Michel Butor, 1969 Groups of representative and interchangeable characters visit Niagara Falls, take the usual tours (on the Maid of the Mist, for example), speak to one another or to themselves, observe the local attractions, and leave.
