Rose, Rose, I Love You Chen-ho Wang, 1998-04-16 In this lively translation of Wang Chen-ho's ribald satire, a Taiwanese village loses all perspective—and common sense—at the prospect of fleecing a shipload of lusty and lonely American soldiers. A rotund, excitable high school English teacher receives word that 300 GIs are coming from Vietnam for a weekend of R and R. He persuades the owners of the Big 4 brothels that they will all take in

more U.S. dollars if the pleasure girls can speak a little English; his plan is to train fifty specially selected prostitutes in a Crash Course for Bar Girls. The teacher, Dong Siwen (his name means refinement) enlists the eager support of local Councilman Qian and the managers of such elite establishments as Night Fragrances and Valley of Joy. If the girls learn how to say three things in English— Hello, How are you? and Want to do you-know-what? everything is A-OK! But what begins as a simple plan to teach a few English phrases quickly becomes absurdly elaborate: courses will include an Introduction to American Culture, a crash course on global etiquette, and a workshop in personal hygiene taught by Dr. Venereal Wang. Siwen, a virgin himself, dreads any bad P.R. from Saigon Rose (slang for a particularly virulent strain of v.d.) and so demands the finest conveniences and conditions for servicing the Yanks. Sanitation above all.... Do you think U.S. dollars will float out of their pockets in crummy rooms like that? The Americans must not leave with a poor impression of Taiwan; not only Dong Siwen and the Big 4 but the entire nation would lose face. One of the most carefully wrought narratives in contemporary Chinese literature, *Rose, Rose, I Love You* will appeal not only to readers of fiction but also to those interested in Taiwanese identity and the

effects of Westernization on Asian society.

Transcultural Poetics Yifeng Sun, Dechao Li, 2023-02-09 This book examines many facets of transcultural poetics in the English translation of Chinese literature from 12 different expert contributors. Translating Chinese literature into English is a special challenge. There is a pressing need to overcome a slew of obstacles to the understanding and appreciation of Chinese literary works by readers in the English-speaking world. Hitherto only intermittent attempts have been made to theorize and explore the exact role of the translator as a cultural and aesthetic mediator informed by cross-cultural knowledge, awareness, and sensitivity. Given the complexity of literary translation, sophisticated poetics of translation in terms of literary value and aesthetic taste needs to be developed and elaborated more fully from a cross-cultural perspective. It is, therefore, necessary to examine attempts to reconcile the desire for authentic transmission of Chinese culture with the need for cultural mediation and appropriation in terms of the production and reception of texts, subject to the multiplicity of constraints, in order to shed new light on the longstanding conundrum of Chinese-English literary translation by addressing

Chinese literature in the multiple contexts of nationalism, cross-cultural hybridity, literary untranslatability, the reception of translation, and also world literature. The book will be of great interest to students and scholars of translation studies, Chinese literature, and East Asian studies.

The Venus Collection Pamela Sargent,2018-06-05 The Nebula Award-winning author's "masterful SF trilogy" is a multigenerational epic of human colonists terraforming the second planet from the sun (Publishers Weekly). Often compared to Kim Stanley Robinson's acclaimed Mars trilogy, the three novels gathered here comprise the complete Venus saga by the author of *The Shore of Women*, "one of the genre's best writers" (The Washington Post). The Venus Project—making the planet's atmosphere habitable for humans—spans centuries and determines

the fates of multiple generations. Venus of Dreams: Iris Angharads, a determined, independent woman, sets herself one massive goal: to make the poison-filled atmosphere of Venus hospitable to humans. She works day and night to realize her dream, with only one person sharing her passion, Liang Chen. It seems impossible to make Venus, with its intolerable air and waterless environment, into a paradise, but Iris succeeds. And in doing so, she also creates a powerful dynasty, beginning with her first born, Benzi Liangharad. Venus of Shadows: The Venus Project calls upon the strongest and most courageous to create a prosperous world in the dismal wilderness of Venus. Those who demonstrate the skill and passion to embark on this adventure must transform the barren planet in the midst of political and cultural unrest. When Risa and Benzi, children of Iris, find themselves in opposing forces on the battlefield, it is their love and perseverance that will determine the destiny of the new world. Child of Venus: Mahala Liangharad, a true child of Venus, conceived from the genetic material of the rebels and brought to birth only after their deaths, is seen as a beacon of hope in a colony still ravaged by the aftereffects of civil war. But her world is being torn apart by a drive for independence from Earth by the Venus colonists and rumors of a secret plan

developed by the “Habbers,” cybernetically enhanced human dwellers of a mobile asteroid. A mysterious call from deep space offers Mahala a chance to fulfill her own destiny, along with the terrifying possibility of losing touch with everything she has ever known and loved.
