Survival Along the Continental Divide Jack Loeffler, 2008-06-16 Loeffler has recorded interviews with representatives of the diverse cultures of New Mexico, revealing the cultural mosaic of the people along the Continental Divide.

Adventures with Ed Jack Loeffler, 2013-02-15 No writer has had a greater influence on the American West than Edward Abbey (1927-89), author of twenty-one books of fiction and nonfiction. This long-awaited biographical memoir by one of Abbey's closest friends is a tribute to the gadfly anarchist who popularized environmental activism in his novel *The Monkey Wrench Gang* and articulated the spirit of the arid West in *Desert Solitaire* and scores of other essays and articles. In the course of a twenty-year friendship Ed Abbey and Jack Loeffler shared hundreds of campfires, hiked thousands of miles, and talked endlessly about the meaning of life. To read Loeffler's account of his best pal's life and work is to join in their friendship. Born and raised in Pennsylvania, Abbey came west to attend the University of New Mexico on the G.I. Bill. His natural inclination toward anarchism led him to study philosophy, but after earning an M.A. he rejected academic life and worked off and on for years as a backcountry ranger and fire lookout around the Southwest. His 1956 novel *The Brave Cowboy* launched his literary career, and by the 1970s he was recognized as an important, uniquely American voice. Abbey used his talents to protest against the mining and development of the American West. By the time of his death he had become an idol to environmentalists, writers, and free spirits all over the West. Ed Abbey and Jack Loeffler were like Don Quijote and Sancho Panza. Loeffler delivers his friend, warts and all on a platter full of reverence and irreverence and carefully researched factual information, interspersed with hearty laughter and much serious consideration of all life's Great Questions. Jack's story elucidates and demythifies the Abbey legend, giving us powerful flesh and blood instead.--John Nichols

Rooted Cosmopolitans James Loeffler, 2018-05-04 A stunningly original look at the forgotten Jewish political roots of contemporary international human rights, told through the moving stories of five key activists The year 2018 marks the seventieth anniversary of two momentous events in twentieth-century history: the birth of the State of Israel and the creation of the Universal Declaration of Human Rights. Both remain tied together in the ongoing debates about the Israeli-Palestinian conflict, global antisemitism, and American foreign policy. Yet the surprising connections between Zionism and the origins of international human rights are completely unknown today. In this riveting account, James Loeffler explores this controversial history through the stories of five remarkable Jewish founders of international human rights, following them from the prewar shtetls of eastern Europe to the postwar United Nations, a journey that includes the Nuremberg and Eichmann trials, the founding of Amnesty International, and the UN resolution of 1975 labeling Zionism as racism. The result is a book that challenges long-held assumptions about the history of human rights and offers a startlingly new perspective on the roots of the Israeli-Palestinian conflict.

Voices of Counterculture in the Southwest Jack Loeffler, Meredith Davidson, 2017-03-15 This book pays homage to the counterculture movement through the words and photographs of a select gathering of people who lived it. At its height in the late 1960s and early 1970s, the counterculture movement permeated every region of America as thousands of activists took on the establishment. Although counterculture has often been trivialized as “dirty hippies” and “sex, drugs, and rock ‘n’ roll,” committed activists formed powerful strands of resistance to the political/military/industrial complex. American Indians, Hispanos, Blacks, and Anglos joined in marches and protests—often at their peril. Veterans of Haight-Ashbury in San Francisco, communards in northern New Mexico, practitioners of drug-induced mysticism, disciplined seekers of spiritual awakening, back-to-the-landers, defenders of wilderness—counterculturalists all—questioned, reframed, and redefined American and global perspectives that remain to this day. The American Southwest became a haven for individuals from both coasts seeking refuge in this vast landscape. Many found an affinity with the native cultures and local inhabitants who were already here. Others joined forces to combat the Vietnam War, racial discrimination, and pillaging of the environment. Still others founded communes based on diverse cultures of practice. Movement leaders organized community events, protests, and spoke for their generation; many used their talents as writers, musicians, artists, and photographers to express their angst and promote change. Jack Loeffler draws from his extensive archive of recorded interviews and transcribed conversations with contemporaries—among them writers, artists, elders, activists, and scholars—including Philip Whalen, Gary Snyder, Edward Abbey, Shonto Begay, Camillus Lopez, Tara Evonne Trudell, Roberta Blackgoat, Richard Grow, Alvin Josephy, David Brower, Dave Foreman, Elinor Ostrom, Fritjof Capra, and Melissa Savage. The book includes personal essays by Yvonne Bond, Peter Coyote, Lisa Law, Peter Rowan, Siddiq Hans von Briesen, Art Kopecky, Bill Steen, Sylvia Rodríguez, Enrique R. Lamadrid, Levi Romero, Rina Swentzell, Gary Paul Nabhan, Meredith Davidson, and Jack Loeffler. It includes photographs by Lisa Law, Seth Roffman, Terrence Moore, and others.

Charles Martin Loeffler Ellen E. Knight, 1993 Extolled as refined, iridescent, and exquisitely crafted but were also attacked as decadent. Knight traces the French symbolist sources of Loeffler's highly personal compositional style and brings to life his secluded and deeply troubled life - episodes of which he worked vigorously to obscure. From Loeffler's own writings come many revealing and previously unknown anecdotes, often involving the most eminent artistic figures of the late nineteenth and early twentieth.

Headed Into the Wind Jack Loeffler, 2019 Loeffler, a former jazz musician, fire lookout, museum curator, bioregionalist, and self-taught aural historian, shares his humor and imagination, his adventures, observations, reflections, and meditations along the trail in his retelling of a life well lived.

A Pagan Polemic Jack Loeffler, 2023-11-15 A Pagan Polemic curates the evolving perspective of Jack Loeffler--itinerant wanderer, environmental warrior, storyteller, and story collector--whose true education began when he was marched into the Nevada desert one day at dawn to play *The Stars and Stripes Forever* during an atomic bomb test a scant few miles away. Since that day in 1957, Jack's mission in life has been to record peoples of the borderlands and to bring Indigenous mindedness to the forefront of the conversation about our precarious environments and our decaying planet. A Pagan Polemic is a sweeping manifesto of Jack's core beliefs and long experience as a fierce (and funny) advocate for Nature and Nature-mindedness and against poisonous politics and policies.

Headed Upstream Jack Loeffler, 2010

Thinking Like a Watershed Jack Loeffler, Celestia Loeffler, 2012-10-15 *Thinking Like a Watershed* points our understanding of our relationship to the land in new directions. It is shaped by the bioregional visions of the great explorer John Wesley Powell, who articulated the notion that the arid American West should be seen as a mosaic of watersheds, and the pioneering ecologist Aldo Leopold, who put forward the concept of bringing conscience to bear within the realm of “the land ethic.” Produced in conjunction with the documentary radio series entitled *Watersheds as Commons*, this book comprises essays and interviews from a diverse group of southwesterners including members of Tewa, Tohono O’odham, Hopi, Navajo, Hispano, and Anglo cultures. Their varied cultural perspectives are shaped by consciousness and resilience through having successfully endured the aridity and harshness of southwestern environments over time.

Headed Upstream Jack Loeffler,2010-04-25 In 1984, Jack Loeffler produced a radio series entitled Southwest Sound Collage. His primary listener was his great friend author Edward Abbey who said, Loeffler, this radio series should be a book. Thus, Headed Upstream first appeared in 1989 shortly after Abbey's death. The challenging interviews that appear herein (Edward Abbey, Andrew Weil, John Nichols, Stewart Udall, and Gary Snyder, to name a few) reflect many points of view from anarchist to Marxist, from environmental to philosophical, from Beat to historical. Each is highly individual and all reflect deep consideration for the myriad factors that have shaped our milieu. In 2009, Loeffler's close friend Gary Snyder said, This book should be re-published. It's important. Indeed, it is an important presentation of human consciousness at its best.

Islam in Practice Reinhold Loeffler,1988-07-08 This book is a unique study of Shi'a Islam as it lives in the minds and hearts of people in a Southwest Iranian village. The central segment of the text is presented in the form of edited interviews conducted in the course of anthropological fieldwork both before and after the Iranian revolution. The individuals, representing all major socio-economic and educational backgrounds, speak in their own words. Loeffler discovers that what people make of their religion is characterized by not only an unexpected diversity, but by an astounding sophistication. His format of presenting these views gives justice to the highly individualized character of religious worldviews. This feature has gone unrecognized in Islamic studies because the preferred methodology of working with composite and generalized accounts has made it impossible to detect. In his conclusion, Loeffler formulates a new theory of religion based on the emerging paradigm of evolutionary epistemology and the dialectic between the individual and the religious system. This area of Islamic studies remains untouched by scholars preoccupied with historical texts and orthodox doctrines of established religious authorities.

Square Root of a Fallen Arch Wayne Loeffler,2022-11-03 Square Root of a Fallen Arch is the true story of growing up in old New York, circa 19161929. It is based on a collection of written memories and is told from the perspective of its narrator, William Loeffler Jr., whom we meet at six years of age. Thus the book covers the period from just before World War I through the roaring

twenties and prohibition, all these providing a continuing reference point throughout the narrative. Square Root of a Fallen Arch is very much a coming of age story. While humorous and immediate, the motif running through the story shows a wistful and touching awareness of slow erosion in the narrator's known world and the emergence of a new, more modern version. It is important to note that William is not quite so sure that this emergence is really progress. Still through by bookend, the city William knew as a young boy is very different place. He's analyzed the reasons and his life (and that of the city) does go on. Therefore, the working title, The Arch in Washington Square Park (with which the book begins and ends), is a symbolic of a world fallen and replaced by another. William's view of life is loving, original, funny, ethnic, poignant, historical, and rich with the lore of New York City. His characters are fully drawn and their circumstances real and vivid, and the pictures his words evoke are of a New York City that literally no longer exists. Mr. Loeffler's wish before dying was to have his memories transformed into a memorial to the city. This is the spirit in which this manuscript is offered.
