Lucasfilm Ltd.: The First 50 Years Pete Vilmur, 2022-08-15

George Lucas Charles Champlin, 1997 Over the past 25 years George Lucas has been responsible for some of the most successful films made, for example Indiana Jones and Star Wars. In recognition of his abilities, he was awarded the Irving Thalberg Award for Lifetime Achievement by the Academy of Motion Picture Arts in 1992. This book aims to examine and illustrate all the films Lucas has made, and all of the other projects he has been involved in. It looks at Industrial Light and Magic, his special effects company responsible for such films as ET and Terminator II, Lucasfilm and LucasArts, two companies funded by profits from his work, which are dedicated to technical advances in projects as diverse as sound-editing and theme park rides. Behind-the-scenes photographs are also included.

George Lucas Charles Champlin, 1992-09 Discusses the films of George Lucas, from THX 1138 to the adventures of Indiana Jones; looks at the activities of Lucasfilm and LucasArts; includes behind-the-scenes photographs of the films; and more

Star Wars: Frames George Lucas, 2013-10-29 After George Lucas finished work on 2005's *Star Wars Episode III: Revenge of the Sith*, he wanted to look back on the now-completed *Star Wars* saga through an entirely new point-of-view: isolating stills, or frames, from each of the six *Star Wars* films, focusing on them intensely as works of photography and design and reproducing them in a book. For two years, Lucas went through more than 200,000 frames per film, eventually editing more than a million frames down to the 1,416 images that now comprise *Star Wars: Frames*, an essential part of the saga and a testament to the hard work, craftsmanship and dedication evident in every frame of every film. Within the pages of *Frames*, iconic and unexpected moments from each film reveal abstractions and deepen appreciations of the films' artistry. *Star Wars: Frames*, previously available only as a \$3,000 limited edition, presents these stills in a new, lower-priced edition, bringing together Lucas's personal shot-by-shot selections from all six *Star Wars* films into a lavishly designed two-volume hardcover set.
