Dream Finder Philip Dunn,Sangeet Duchane,2011-05-13 It's a sensible enough notion that our unconscious would contain valuable insights, given that all we experience is stored there. Yet the idea of accessing those insights can be an elusive one, and until now, the subject usually has been discussed in abstract terms. Dream Finder pioneers a more concrete, practical approach for using dream incubation to tap the wisdom of the unconscious and to be guided by it in waking life. Author Philip Dunn offers four distinct meditation techniques to try before sleep in preparation for dreaming. Instructions to follow during sleep include specific methods of entering a lucid dream, recognizing the dream state from within it, remaining in or returning to the

lucid dream, performing tasks in and controlling the direction of the dream, neutralizing a nightmare, and waking from a dream. Dunn also provides techniques to use after waking to remember, record, and understand dreams, gives helpful guidelines for interpretation, and illuminates familiar dream themes. In addition to refreshingly straightforward, actionable instruction, Dream Finder provides thought-provoking reflections on the spiritual aspects of dreaming, as well as fascinating historical context for the techniques and theories presented. Dream Finder is a rare combination of useful, uplifting, and compelling reading.

Lucid Dreaming - The Path of Non-Dual Dream Yoga Santatagamana, 2020-09-10 Lucid dreaming like you've never seen before. The complete alchemical elixir: Transform Lucid Dreaming into Non-dual Dream Yoga Lucid dreaming is an ancient art that has been practiced for over two millennia. However,

throughout the eons, the essence of lucid dreaming seems to have been forgotten. Instead of being a path toward self-transcendence, lucid dreaming became the goal-and its biggest treasure was lost. A plague of thoughts and conceptual analysis posing as genuine knowledge; an entanglement in old dogmatic traditions and lineages filled with rhetoric that reinforces the ego narrative and sense of separation; or a general lack of an enlightenment-oriented non-dual perspective-these are common symptoms in many lucid dreaming books and teachings. But this work is not a common lucid dreaming book; it is for those on the path to enlightenment-it elevates this ancient art into its rightful place. What you will find in the book: Rare Lucid Dreaming and Dream Yoga wisdom and insights not found anywhere else. Instructions on how to have and induce a lucid dream. Practices on how to purify and reprogram your subconscious mind through Lucid Dreaming. Learning how to interact with dream characters and archetypal figures and how they can help you in your spiritual path. The knowledge of how to transform nightmares into illuminating dreams. Learning how to perform any type of spiritual practice within the dream state. Teachings on how to elevate the practice of lucid dreaming into non-dual Dream Yoga to realize your true nature (enlightenment). Revealing how to awaken and become lucid in the dream of real life. The Transcendence of the post-death Bardo state. Unforgettable vivid dreams and the increased chance of experiencing spontaneous lucid dreams, as your mind soaks in this book's wisdom and energy. And much more.

More than being just a guide to discover lucid dreaming, this book is a guide to discover and transcend the lucid dreamer-a guide to Self-discovery and Self-realization. Every night you are resuscitated from the darkness of sleep by the light of dreams. Will you continue to neglect this other facet of your existence and sleep through them with ignorance, or will you awaken to the infinite potential that the dream state can bring-an awakening into the eternal state of unfathomable bliss? Only you can decide. The opportunity? It is in your hands, right here, right now.
