It's Not About Grit Steven Goodman, 2018 Speaking out against decades of injustice and challenging deficit perceptions of young learners and their families, *It's Not About Grit* pulls back the veil, revealing the social systems that marginalize and stigmatize mostly poor, urban students of color and their communities. At the same time, author Steven Goodman, founding executive director of NYC's highly acclaimed Educational Video Center (EVC) for nearly 35 years, shows the tremendous intelligence, resilience, and sense of agency of these students. Through the students' in-school and out-of-school experiences, enhanced with a curriculum guide and award-winning video clips from EVC, Goodman encourages educators to make a difference and demonstrates how to create a safe and inclusive school climate where their teaching responds to students' culture, race, gender, sexual orientation, language, housing status, and ability. Teachers will use this book to develop a pedagogy of transformative teaching. "To those of you who are educators, teaching in 'revolting times,' under difficult circumstances, working with students who need you as much as ever, this book is a gift and a life raft." –From the Foreword by Michelle Fine, distinguished professor at the Graduate Center, CUNY "This is a vivid and arresting answer to a newly cultish fashion . . . a terrific book and badly needed at this time when 'grit' has become the magic word in pedagogic thinking about inner-city kids." –Jonathan Kozol, education activist and bestselling author "This book reads like an absorbing documentary; these are stories that need a public response to match the work of EVC." –Deborah Meier, education reform leader "Nobody knows better than Steve Goodman how to help young people tell their stories and, in the process, empower themselves with research and video skills and an activist sense of justice." –Joseph P. McDonald, professor emeritus, New York University

English Medium Instruction in Higher Education in Asia-Pacific Ben Fenton-Smith, Pamela Humphreys, Ian Walkinshaw, 2017-03-19 This volume draws together the viewpoints and research findings of leading scholars and informed local practitioner-researchers throughout Asia-Pacific about the issues and challenges of English as a medium of instruction (EMI) at higher education institutions in that region. Specifically, it addresses four key themes: Macro-level EMI policy and practice; institutional implications for pedagogy; stakeholder perceptions of EMI; and challenges of interpersonal interaction in EMI contexts. The book is among the first to critically examine the emerging global phenomenon of English as a medium of instruction, and the

first title to exclusively explore Asia-Pacific tertiary contexts. It will be of particular interest to policy-makers in international education and tertiary educators seeking blueprints for practice, as well as scholars and postgraduate students of English as a lingua franca, English for academic purposes, academic language and learning, and language education in Asia-Pacific.

The Nannies: Have to Have It Melody Mayer, 2009-04-23 Slather on the sunblock and welcome to The Nannies, where toddlers have stylists and a lost Sidekick can be the social kiss of death, cerulean blue swimming pools stretch to infinity and paparazzi camp out behind Starbucks, and a good nanny--like a celebrity without Botox--is hard to find.

The Gentleman from Japan James Church, 2016-12-06 James Church, a former Western intelligence officer, returns to the secret world of North Korean intelligence with another "crackling good" (The Washington Post) story in his critically acclaimed Inspector O series. Under the guise of machinery for making dumplings, a Spanish factory near Barcelona is secretly producing a key component in the production of nuclear weapons. When information finds its way to the inboxes of Western intelligence agencies that this "dumpling maker" is meant for North Korea, orders go out that the shipment must be stopped. Either the machine must be disabled while still in the factory, or the transportation route must be discovered so the equipment can be intercepted before it reaches its destination. An old friend recruits Inspector O to assist in the complex operation designed to disrupt the plans for shipping the machine. Carefully planted bits of information and bizarre events have led both the Spanish factory and those trying to intercept the machine to conclude that Japanese criminal organizations are involved in buying and transporting the "dumpling" machine in order to hide the involvement of North Korea. A flurry of murders puts the focus on the northeast Chinese city of Yanji, near the border with North Korea, where O's nephew Major Bing is the Chief of State Security. Bing has his own problems dealing with a corrupt local mayor who is out for his head, coping with a new deputy who cannot be trusted, and figuring out why a Chinese gangster he's worked for years to chase away has suddenly returned. Church—hailed as "the equal of le Carré" by Publishers Weekly—takes O deep into a maze of cracked mirrors that hide the exits from an elaborate, deadly double blind in his most elaborate mystery yet, *The Gentleman from Japan*.

That is if Stef can get it off the ground. Adam Brace's anarchic and provocative play unpacks the problems of doing something good about something bad. Aftershocks of Disaster Yarimar Bonilla, Marisol LeBrón, 2019-09-03 Two years

after Hurricane Maria hit, Puerto Ricans are still reeling from its effects and aftereffects. Aftershocks collects poems, essays and photos from survivors of Hurricane Maria detailing their determination to persevere. The concept of aftershocks is used in the context of earthquakes to describe the jolts felt after the initial quake, but no disaster is a singular event. Aftershocks of Disaster examines the lasting effects of hurricane Maria, not just the effects of the wind or the rain, but delving into what followed: state failure, social abandonment, capitalization on human misery, and the collective trauma produced by the botched response.

It Was Nevada Tony Lesperance, 2014-08-06 It Was Nevada is a hard hitting book following the adventures of Terry Hope from his earliest days, to his ultimate goal of working on a Nevada cattle ranch. Yet, fate has strange ways and Hope soon finds himself at the University of Nevada pursuing a master's degree in agriculture and just as suddenly he finds himself on the staff as an assistant professor. Hope soon realizes that Nevada agriculture is in jeopardy. Dirty politics, federal intervention and a host of other questionable factors are at work. He and his close Basque friend, Peio "Pete" Echegoyen gradually grow into strong positions at the University. Together, they set out to do their utmost to protect Nevada agriculture. Hope convinces the dean of agriculture that the university must seek out and obtain a working cattle ranch. It's now or never! The Nevada's livestock industry is under siege. The goal is obtained, but ultimately at a terrible cost to not only Hope, but Nevada agriculture as well. It Was Nevada sets the stage for what was historically the state's number one industry; it follows the industry's struggle to survive as Nevada changes from the most rural state in the union to the most urban. The reader also has a chance to peek at some of Nevada's more sinful sides. It's a wild ride through the pages of Nevada history, some true, some fictional – it's up to you to decide.

Blown Away David Wiltse, 2016-09-26 A vicious serial killer is on the loose

in Tennessee, and only Becker can bring him down. Every night, Coop reaches for Swann, his beloved punk, and clutches him in the terrible embrace of the prison cell. Afterwards, Swann questions Coop about his crimes—a bloody catechism that touches on every person Coop has ever killed. Of all the stories, Coop’s favorite is the one about the two girls in West Virginia, the girls he killed slowly and left in the abandoned coal mine. He talks about it every night, and when he gets out, Swann will tell his story to the only people who care: the FBI. FBI agent John Becker has made a career out of getting inside the heads of serial killers, but even he can’t understand Coop as well as Swann does. When his old cellmate celebrates his release with a new killing spree, Swann offers to help Becker catch him—but he has a few favors to ask of his own.
