**Europa en su primer crecimiento** Pierre Toubert,2006 Si existen unos siglos oscuros en la historia europea, sin duda éstos son los siglos IX y X. Oscuros, indudablemente, porque las fuentes son escasas, pero oscuros, sobre todo, porque los historiadores han alimentado esta reputación: al dejar de lado el siglo y medio que separa el glorioso reinado de Carlomagno del nacimiento de la dinastía capeta, nadie ha sabido ver en qué manera fue importante este período. Lo enfoquemos a través de la evolución del estatus de las personas, de las técnicas o, incluso, de la moneda o de los intercambios, para quien sepa verdaderamente leer los textos y hacer suyos los descubrimientos de la arqueología, resulta evidente que es en el siglo X –y no después– cuando hay que situar el primer crecimiento de Occidente. Tanto en Alemania occidental como en la Francia y la Italia actuales (países sobre los que entonces se extendía aproximadamente el mundo carolingio), los fenómenos se acompañan: mejor explotada por un mayor número de hombres, socialmente integrados en una familia de una tipología nueva, la tierra ofrece mejores rendimientos, desencadenando el ciclo de un primer crecimiento. Con esta vara de medir, las sucesiones dinásticas, las revoluciones en los palacios y las guerras se convierten en epifenómenos sobre los que sería una equivocación detenerse demasiado. Multiplicando las investigaciones y los estudios de casos concretos sobre cuestiones consideradas irresolubles, desplegando una erudición asombrosa –y siempre apasionante–, Pierre Toubert nos ofrece un libro pionero que sin duda será el punto de arranque de una profunda renovación historiográfica.

**Enlarging the European Union** M. Geary,2013-06-13 The book presents a new history of the first enlargement of the EU. It charts the attempts by the European Commission to influence the outcome of the British and Irish bids to join the Common Market during the 1960s and 1970s. The most politically divisive EU enlargement is examined through extensive research in British, Irish, EU, and US archives.

**Victory** Lester Del Rey,2015-11-10 From above came the sound of men singing. Captain Duke O'Neill stopped clipping his heavy black beard to listen. It had been a long time since he'd heard such a sound—longer than the time since he'd last had a bath or seen a woman. It had never been the singing type of war. Yet now even the high tenor of old Teroini, who lay on a pad with neither legs nor arms, was mixed into the chorus. It could mean only one thing! As if to confirm his thoughts, Burke Thompson hobbled past the cabin, stopping just long enough to shout. Duke, we're home! They've sighted Meloan! Thanks, Duke called after him, but the man was hobbling out of sight, eager to carry the good news to others. Fourteen years, Duke thought as he dragged out his hoarded bottle of water and began shaving. Five since he'd seen Ronda on his last leave. Now the battered old wreck that was left of the flagship was less than an hour from home base, and the two other survivors of the original fleet of eight hundred were limping along behind. Three out of eight hundred—but they'd won! Meloan had her victory. And far away, Earth could rest in unearned safety for a while. Duke grimaced bitterly. It was no time to think of Earth now. He shucked off his patched and filthy clothes and reached for the dress grays he had laid out in advance; at least they were still in good condition, almost unused. He dressed slowly, savoring the luxury of clean clothes. The buttons gave him trouble; his left hand looked and behaved almost like a real one, but in the three years since he got it, there had been no chance to handle buttons. Then he mastered the trick and stepped back to study the final results. He didn't look bad. Maybe a little gaunt and in need of a good haircut. But his face hadn't aged as much as he had thought. The worst part was the pasty white where his beard had covered his face, but a few days under Meloan's sun would fix that. Maybe he could spend a month with Ronda at a beach. He still had most of his share of his salary—nearly a quarter million Meloan credits; even if the rumors of inflation were true, that should be enough....
