It's a free-wheeling, rock and rolling tale filled with a fascinating cast of characters including British entrepreneur Robert Maxwell, Rupert Murdoch and Sumner Redstone, Bono, the Pope, and a range of legendary politicians such as Nelson Mandela, Vladimir Putin, and Fidel Castro. An important primer on how to build and manage a business in an environment of continually evolving and developing communications platforms Deals with the cultural demands of countries as diverse as China, Zambia, and Ireland A business book masquerading as the memoir of one of the most important people in the music industry Entertaining and engaging, *What Makes Business Rock* offers an up close look at Bill Roedy the person and professional, and uncovers the innovative strategies he used to help make MTV the most successful, and best known, media brand in the world.

Monopoly Television Jack Banks,2018-02-12 In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. }In August 1981, Music Televisionnow popularly known as MTVwas launched.

Within a matter of years it revitalized a struggling record industry; made the careers of leading pop stars like Madonna, Boy George, Cyndi Lauper, and Duran Duran; infiltrated traditional network television and the movie industry; revolutionized the advertising industry; and stimulated purchases in several markets, most notably fashion apparel. The reach of MTV has proven long and profitable. In this book, Jack Banks examines the historical development of music video as a commodity and analyzes the existing structures within which music video is produced, distributed, and exhibited on its premier music channel, MTV. Who controls MTV? What part do record companies play in the financing and production of music video? How do the power brokers in the business affect the ideological content of music video? Given the tight sphere of influence within the music industry, what are the future trends for music video and for artistic freedom of expression? Banks tackles these questions in an intelligent, lively, and sophisticated investigation into one of the most influential media enterprises of our society. }

VJ Nina Blackwood, Mark Goodman, Alan Hunter, Martha Quinn, 2019-05-14 In this “highly entertaining snapshot of a wild-frontier moment in pop culture” (Rolling Stone), discover the wild and explosive true story of the early years of MTV directly from the original VJs. Nina Blackwood, Mark Goodman, Alan Hunter, and Martha Quinn (along with the late J. J. Jackson) had front-row seats to a cultural revolution—and the hijinks of pop music icons like Adam Ant, Cyndi Lauper, Madonna, and Duran Duran—as the first VJs on the fledgling network MTV. From partying with David Lee Roth to flying on Bob Dylan’s private jet, they were on a breakneck journey through a music revolution. Boing beyond the compelling behind the scenes tales of this unforgettable era, VJ is also a coming-of-age story about the

1980s, its excesses, controversies, and everything in between. “At last—the real inside story of the MTV explosion that rocked the world, in all its giddy excess, from the video pioneers who saw all the hair, drugs and guitars up close. VJ is the wild, hilarious, addictive tale of how one crazy moment changed pop culture forever” (Rob Sheffield, New York Times bestselling author).

I Want My MTV Rob Tannenbaum, Craig Marks, 2012-09-25 Remember When All You Wanted Was Your MTV? The perfect gift for the music fan or child of the eighties in your life. Named One of the Best Books of 2011 by NPR - Spin - USA Today - CNBC - Pitchfork - The Onion - The Atlantic - The Huffington Post - VEVO - The Boston Globe - The San Francisco Chronicle Remember the first time you saw Michael Jackson dance with zombies in Thriller? Diamond Dave karate kick with Van Halen in Jump? Tawny Kitaen turning cartwheels on a Jaguar to Whitesnake's Here I Go Again? The Beastie Boys spray beer in (You Gotta) Fight for Your Right (To Party)? Axl Rose step off the bus in Welcome to the Jungle? It was a pretty radical idea—a channel for teenagers, showing nothing but music videos. It was such a radical idea that almost no one thought it would actually succeed, much less become a

force in the worlds of music, television, film, fashion, sports, and even politics. But it did work. MTV became more than anyone had ever imagined. *I Want My MTV* tells the story of the first decade of MTV, the golden era when MTV's programming was all videos, all the time, and kids watched religiously to see their favorite bands, learn about new music, and have something to talk about at parties. From its start in 1981 with a small cache of videos by mostly unknown British new wave acts to the launch of the reality-television craze with *The Real World* in 1992, MTV grew into a tastemaker, a career maker, and a mammoth business. Featuring interviews with nearly four hundred artists, directors, VJs, and television and music executives, *I Want My MTV* is a testament to the channel that changed popular culture forever.

Coming to You Wherever You are Kip Pegley, 2008 MTV Networks is the undisputed international music video gatekeeper, with stations from Australia to India, Russia to Brazil. Canada is one of the few countries to resist its global reach. Although the network has launched “MTV Canada” with an affiliate, that station limits its offerings primarily to talk shows and lifestyle programming. Many Canadians regard the Toronto-based MuchMusic as the nation’s important domestic source of music videos—substantially different from, and superior to, American-based MTV. In her new study of the two music channels and their different cultures, Kip Pegley compares the musical and extra-musical content of MuchMusic and MTV, and examines how the stations construct their two distinct identities.

Moving beyond analysis of individual videos, Pegley looks at the overall programming of each station, uncovers the well-hidden matrixes of power that dictate both which performers appear and what genres get the most airtime, and delves into how ideas of gender and race serve to “naturalize” distinct and complex nationalist ideologies. In so doing, she discovers why Canadians feel so protective of their music video station, and why they successfully have withstood the MTV invasion.

I Just Want My Pants Back David Rosen,2007-08-07 Now a new MTV series, from

acclaimed director and executive producer Doug Liman (“Mr. and Mrs. Smith,” “Swingers,” “Go,” “Bourne Identity”) Jason Strider is a twentysomething young man in the city, with an English degree from an Ivy League university, a very small apartment in the West Village, a vapid job as a receptionist at a casting agency—and no particular idea what to do with his life. On most evenings, Jason gets stoned and goes out, sometimes with his party-hearty school chum Tina and sometimes alone in the immemorial male quest to get laid or, if not, get hammered enough to really regret it the next day and be late for work. Then one night Jason has athletic, appliance-assisted intercourse with a cute girl named Jane—and ends up lending her his Dickies jeans. Many, many e-mails and text messages later, he is unable to reconnect with her and is reduced to the plaint “I just want my pants back.” How he does, in a most unexpected way, find those pants, and how maturity and mortality come to enter his slacker’s existence, form the matter of this smart, raunchily comic, and finally affecting first novel.

Big Media, Big Money Ronald V. Bettig, Jeanne Lynn Hall, 2012-05-04 Big Media, Big Money is a lively and scathing critique of the contemporary communications industry, examining how media ownership and the profit-making motive affect the messages we receive in alarming ways. Through close readings of recent news events and critical examination of corporate influence, Bettig and Hall conclude that current interconnections among media, big business, government, and education pose a serious threat to democratic communications. The second edition includes three new chapters, covering the contemporary Hollywood film industry; the changing landscape of the music industry; and "ad creep," the proliferation of advertising into previously ad-free venues such as schools and children's television programming.
