Video Marketing Made Simple For Business Owners Raymond Wayne,2020-09-18 Video Marketing is literally on fire! Embrace the Power and Potential of Video Marketing And use this medium to catapult your web business to the next level. Check out on “ Video Marketing Made Simple For Business Owners ” Finally, you have this once in lifetime opportunity to get your hands on the video marketing tools & Strategies that are generating million dollar revenues . Businesses invest a lot of time determining who their target demographic is, and for good reason. When a business knows which demographic is buying and using their product, it's going to be easier to market to that demographic. Middle-aged women are going to respond to ads differently than millennials; and what one group finds engaging and interesting, another may not. So it's important for businesses to understand what demographic they are targeting so they get the marketing just right for them. But, businesses don't have to go to such trouble when they're using video marketing because video marketing reaches every demographic and is interesting to every demographic. And this is because men and women, and people of every age, love video. As long as it's interesting and creative, people will like a video regardless of their background or history. This can be a bonus for businesses that know who their demographic is, simply because more people will share it and like it, even if they don't make up part of the business' demographic. But it's also especially good news for businesses with a shifting demographic, or for those that don't know how makes up their demographic. That happens sometimes when a business changes directions or changes their product or service slightly, and then they have to start back at square one with their marketing efforts. But when a business has already created videos as part of their marketing plan, they don't have to change a thing because those videos will already be suitable for every demographic. Imagine one type of marketing that appeals to every single demographic. It seems too good to be true, but it's not. That type of marketing is video marketing, and reaching every demographic is just one very good reason why every business should be investing in it.

Sandcastles Made Simple Lucinda Wierenga,2019-03-15 A step-by-step guide to building elaborate and impressive sandcastles with a basic understanding of sand and a few simple tools. A crenellated turret here, a winding, arched staircase there, maybe even a giant turtle—fairy tale ideas are at the heart of every sandcastle. Summer after summer, children and adults alike make valiant efforts to infuse their sandy structures with such inspiration, but the results are generally disappointing. With *Sandcastles Made Simple*, Lucinda “sandy feet” Wierenga, a renowned sand sculptor, puts a permanent end to less-than-perfect beach creations. She provides the ultimate step-by-step guide to building impressive sandcastles, and shows that with a few simple tools and a basic understanding of sand, building dream castles can be easy. The book features instructions for each of the architectural elements—base, staircase, roof, balcony, and more—that can be combined to fashion one-of-a-kind castles. Also included are two projects designed specifically for younger children. Like a shovel and pail, *Sandcastles Made Simple* is an on-the-beach necessity.
