Fighting the Fangs Nicholas Martin, 2015-02-03 Do you need a field guide to vampires and shape-shifters? Do you really think zombies are just badly dressed vampires? Can you identify a potential werewolf before the moon starts to rise? Is she a vampire or just a girl with an Emo-thing? And even more important, do you know how to fight them off if you happen to cross paths with a hungry being of the furry kind or a walking corpse with blood on his breath? From a variety of folklore and pop culture traditions we've learned some of the warning signs of vampirism and lycanthropy--and some of the best methods of dispatching them back from whence they came when they are on the attack. They may not be real, but--just in case--you need to know what you may be

dealing with!

And the Rest Is History Marlene Wagman-

Geller, 2011-01-25 Did my heart love till now?
Forswear it, sight! For I ne'er saw true beauty

till tonight. -Romeo and Juliet Antony and Cleopatra, Diego Rivera and Frida Kahlo, Gertrude Stein and Alice B. Toklas, Humphrey Bogart and Lauren Bacall, Joe DiMaggio and Marilyn Monroe, Elvis Presley and Priscilla Beaulieu, John Lennon and Yoko Ono-while we're familiar with all of these people as individuals, we also associate them with the grand, sometimes fiery passion they shared with their partners. And the Rest Is History is an intriguing look at how these iconoclastic lovers first crossed paths, whether it was through fate, setups, or blind luck. From angry sparks flying to love at first sight, the meetings shared in this book give us a look at what makes that one great love.

Soundoff I. S. Petteice, 2012-02-22 Soundoff is a book about present day political corruption in Washington, D.C. and how Barach Obama, a socialist, is attempting to turn this country into

a socialist nation. The people of this country, like the Jews during the holocaust, are being blinded by a charismatic Obama, as Germany was blinded by Hitler. He wants to set up child care for you. He wants to teach your young children. He wants your children to sing praises to him in the schools. He wants the citizens to snitch on each other and has set up websites so this can be done. He wants to set up a national police force answerable to him, separate from the military through the U. S. Marshall Service. He wants to take over the internet. America cannot survive another four years of Barach Obama under a democratic government. He already said our Constitution was in his way of his getting things done. He is already doing everything by Executive Fiat.

Did Thomas Crapper Really Invent the Toilet?
Catherine O'Reilly, 2008-11-17 Which came first, sliced bread or the toaster? When did most people begin wearing deodorant? Who invented the electric blanket? Catherine O'Reilly tackles questions such as these with a keen curiosity and well-honed writing skills. Her ability to turn any normal home into a jungle of history, invention, and technological wonder is a treat. For fans of Schott's Original Miscellany and The Book of Useless Information, O'Reilly's Did Thomas Crapper Really Invent the Toilet? is another smart and quirky look at miscellaneous items. Learn the real histories of the blender, the fire extinguisher, the cheese grater, the clock radio, deodorant, Post-its, fabric softener, and, of course, the toilet. These are the unknown stories of everyday

items that we take for granted.

Brand Resilience Jonathan R. Copulsky, 2011-05-10 As the recent Tiger Woods scandal illustrates, brand reputation is more precarious than ever before. True and false information spreads like wildfire in the vast and interconnected social media landscape and even the most venerable brands can be leveled in a flash—by disgruntled customers, competing companies, even internal sources. Here, veteran marketing executive Jonathan Copulsky shows companies and individuals how to play brand defense in the twenty-first century. Five Signs that You Need to Pay More Attention to the Possibility of Brand Sabotage: A group of uniformed employees posts embarrassing YouTube videos, in which they display unprofessional attitudes towards their work. One of your senior executives publicly blames a

supplier for product defects, even though they predate your relationship with the supplier. Your competitor's ads trumpet their solution to the performance problems associated with your most recent product. A customer unhappy with changes made to your product design launches a Facebook group, which attracts 5,000 fans.
