The Political History of Muslim Bengal Mahmudur Rahman, 2018-10-29 Bangladesh, the eastern half of earth's largest delta, Bengal, is today an independent country of 163 million people. Among the 98% ethnic Bengali population, above 90 percent practice Islam. Surprisingly, Buddhism was the predominant religion of the region until the beginning of the 2nd millennium. In the midst of a long and fierce Brahman-Buddhist conflict, political Islam arrived in Bengal in the very early 13th century. Against the background of the above history, this book tells the story of successive religious and political transformations, touching upon the sensitive subject of Bengali Muslim identity. Encompassing a period of more than a millennium, it narrates a political history beginning with the independent Muslim Sultanate and closing with the 1971 liberation war of Bangladesh. The book concludes by discussing the present day, here termed "Authoritarian Secularism".

Bangladesh Under Awami Tyranny Q M Jalal Khan, Zoglul Husain & Zoglul

Husain, 2022-01-28 Bangladesh under the Hasina-led traumatically tyrannical and transgressive Awami regime is a story of disaster and damnation. The fraud and fascist regime, a lackey of Indian hegemonism and Hindutvaism, recklessly pursues a policy of death and destruction, at least since 2009. The country used to be ruled with the same policy of elimination and annihilation during the time of her father Sheikh Mujib in 1972-1975 as well. The miserable condition led to his unlamented death and dismissal, to the joy and relief of the people of all walks of life, including his own Awami party and the armed forces. Now the situation under his daughter Sheikh Hasina is much worse. She is at the top of an Indian puppet regime that is corrupt and criminal to the core making the great majority suffer in the ongoing choking and suffocating circumstances of state terrorism. People live an utterly insecure and frightened life in a highly polarized police and prison state of chains and shackles, boots and bullets. torture and torment, bestial appetites, pervert human intellect and endless malice against the political opposition. The regime's brutalities know no bounds; its persecution and prosecution of dissent are unlimited; its foot soldiers are deadlier than anything. They and their partisan police and RAB are brazenly emblazoned figures of the seven deadly sins, just as their Hindutva cult following leader

Hasina, dubbed by critics as 'Mother of Mafias,' is an illiberal embodiment of all mischiefs and misdeeds. A fascist dictator, she is a tigress in human form, hungry for humongous accumulation of autocratic and authoritarian power and control at the expense of freedom, independence, sovereignty, and human rights. A viciously vindictive tyrant, again, backed by the fanatical and fundamentalist Hindu nationalist India, Hasina enjoys innocent adversaries liquidated; massacres committed; innocent people gunned down; politicians, intellectuals and journalists arrested, remanded, tortured, thrown behind bars, and even hanged; opposition members detained or disappeared; houses and neighborhoods set on fire; religious festivities violently tainted; desecration of holy books exploited and flames of communal fires fanned for gaining political mileage; women and children raped; banks and billions looted; and the poor committing suicide or dying of hunger. In the name of development, mostly fake and fictitious, and dented and demented, floodgates to corruption are opened, mega millions stolen, democracy killed, opposition suppressed, elections rigged, drugs made available in plenty, institutions left to collapse, education to fail, professionalism in professions going down the drains, transparency and accountability going to the dogs, and thus Pandora's box of ills and evils continuing to be released with no stop in sight. This book is an attempt to capture only a portion of the dark tunnel of all swallowing Awami tyranny and all its abysmal tentacles spreading across Bangladesh for years and years with no end in sight.

The Displaced Rohingyas Sk Tawfique M Haque, Bulbul Siddiqi, Mahmudur Rahman Bhuiyan, 2023-08-25 This volume offers a comprehensive overview of the Rohingya refugee crisis in Bangladesh. It analyses the socio-cultural and humanitarian challenges of the crisis, along with the discourses that have developed on this issue via the local and international media and literature. The volume also suggests ways to build sustainable solutions for the Rohingya refugees. It discusses wide-ranging issues including a historical overview of the Rohingyas; the Rakhine State of Myanmar and the issue of religious toleration; the struggle for existence in Malaysia and Thailand; vulnerable Rohingya in Bangladesh; and stratified lives in Bangladeshi camps. It also sheds light on social insecurity among Rohingya adolescent girls; understanding gender-based violence in camps; the portrayal of the crisis in Chinese and Indian newspapers; and Bangladesh's policy in addressing the Rohingya crisis and repatriation. This book will be useful for scholars and researchers of sociology, social anthropology, refugee studies, peace and conflict studies, international relations, human rights, political studies, gender studies, and South Asian studies.

The Rule of Law in Developing Countries Chowdhury Ishrak Ahmed Siddiky, 2018-02-12 Bangladesh, one of the most densely populated countries in the world and second in South Asia, is known for its natural disasters, floods and political violence. However, the country plans to become a middle-income country by 2020 due to rapid economic growth led by strong and vibrant garments and pharmaceutical sectors. A developing country, Bangladesh cannot reach its true potential if there is a weak legal system and the executive have no regard for the rule of law. This book discusses and analyses the legal system of Bangladesh. It studies the various weaknesses and whether the judiciary of the country is

really independent. International experts, scholars and lawyers with significant experience of working in Bangladesh and at international agencies and universities examine the role of the judiciary in maintaining the rule of law in the country and the critical role it can play in strengthening democracy. The chapters show the various roles played by the judiciary in promoting its independence and thereby strengthening democracy in the country. The first book to analyse the role of the judiciary and the various weaknesses in the legal system of Bangladesh, it is a relevant case study in the context of developing countries. The problems found in the legal system of Bangladesh prevail in most of the developing countries in Asia, Africa and Latin America. The book will be of interest to academics in the field of development studies, South Asian Studies and Asian Law.

Readings in Oriental Literature Jalal Uddin Khan, 2015-02-05 Readings in Oriental Literature: Arabian, Indian, and Islamic is an up-to-date elucidation of some diverse and discrete, yet common and classic, subjects and authors, and the distinctive oriental elements present in them. The book, composed of fourteen essays, includes ancient Arabian poetry; the Arabian Nights; the Arabian desert; the Arabian influence on Melville; Shelley's Orientalia; Coleridge's Kubla Khan; the influence of English Romantics on the Bengali Tagore; Bangladesh's national anthem, and her exiled daughter Taslima Nasreen; the Victorian reaction to British India; religious diversity and Islam in the West; the Muslim East in English literature; and reading literature from an Islamic point of view. Marked by an originality of approach and a freshness and simplicity, the book takes note of contemporary theoretical, interdisciplinary and cultural discourse drawn from literature, history, politics and religion as necessary. However, it is far from being unnecessarily weighed down by the loaded clichés, oft-repeated jargon and overused euphemisms of modern literary or critical theory. The result is, regardless of its specialized treatment of otherwise commonplace or well-known texts or topics, that the overall discussion is as lucid, introductory and expository as it is deep and scholarly, making the book accessible and understandable to non-specialist readers, in addition to specialist researchers and academics.

Bengal Politics in Britain Faruque Ahmed, 2011-01-14 The book presents a chronological study of the Bengali political parties and organisations in Britain (1831 - 2009). Faruque Ahmed enters the heart of the community to unearth its extraordinary heroism and inherent dilemmas. He concludes that the future of the Bengali community is not in Bangladesh or in the subcontinent; it is in Britain.

There's No One Around Siddique Mahmudur Rahman, Quazi Johirul Islam, Murshida Ahmed, 2019-05-06 Taste of Bangladeshi poems in English is being presented in this book. Murshida Ahmed is a dedicated poet of the 90's. She does not belong to 'so-called' mainstream literature. She does not hanker after any media coverage, her writings couldn't been found in literary pages of the newspapers, she doesn't even try to get exposed in the literary magazines too. But like a dedicated literateur she went on writing, goes on writing and still going on writing. It can be said she is writing with both of her hands. In the mean time 10 volumes of poems have so far being published.

Emerging Infectious Diseases, 2006

Cognitive Behavioral Therapy in a Global Context Mark D. Terjesen, Kristene A. Doyle, 2022-10-25 This book presents a new approach to understanding the history and practice of cognitive-behavior therapy by presenting country profiles in 38 countries located around the world. The objectives of this edited volume are to provide a broad understanding of the practice of CBT internationally as well as country specific practices that will provide researchers and practitioners with important information for consideration in the application of CBT. The book begins with an introductory chapter by the editors that discusses the history of CBT and the efforts to globalize and disseminate the science and practice of CBT as well as the unique cultural and international variables. The subsequent chapters offer detailed country profiles of the history and practice of CBT from around the

globe. More specifically, chapters will provide an overview of the country, a history of psychotherapy in the country, current regulations regarding psychotherapy provision, professional and cognitive behavior therapy organizations, training opportunities/programs in CBT, populations most frequently worked with using CBT in the country, the use and adaptation of CBT, the research on CBT in the country, and CBT with special populations (children, immigrants, HIV+, etc). Many of the nations represented are the most populous and influential ones in their respective regions where CBT has been incorporated into psychotherapy training and practice. Taken as a whole, the countries are quite diverse in terms of sociocultural, economic, and political conditions and the impact of these variables on the practice of CBT in the country will be discussed. The final chapter of the volume offers a summary of the patterns of practice, integrating the main findings and challenges and discussing them within a global context. A discussion of the vision for next steps in the globalization of CBT concludes the book.
