Shakespeare and Indian Nationalism Manojit Mandal,2023-09-29 Shakespeare and Indian Nationalism aims to articulate the reception of Shakespeare by the 19th-century Indian intelligentsia from Bengal and their ambivalent approach to the Indian Renaissance and consequent nationalist project. Showcasing the cultural politics of British imperialism, this volume focuses on six early nationalist writers and their engagement with Shakespeare: Hemchandra Bandopadhyay (1838-1903), Girishchandra Ghosh (1844-1912), Purnachandra Basu (1844-unknown), Iswarchandra Vidyasagar (1820-1891), Bankimchandra Chattopadhyaya(1838-1894), and Rabindranath Tagore (1861-1941). Drawing on Antonio Gramsci's theory of hegemony and a host of prominent writers of cultural politics, nationalism and Indian history, this interdisciplinary approach combines postcolonial studies and Shakespeare studies in an attempt to reconcile the existence of an unbridled admiration for an English cultural icon in India alongside the rise of nationalism and a fierce resistance to British rule. The book, finally, moves to re-explore Shakespeare's position in academic, political and popular nationalist discourses in postcolonial India.
