Interim Measures in International Commercial Arbitration Ajar Rab, 2022-08-09

Interim measures by courts as well as tribunals are often critical to succeed in arbitration proceedings and to effectively safeguard the rights of parties pending the final adjudication of their dispute. This important book comprises a comprehensive review of interim measures in international commercial arbitration granted by courts and tribunals across jurisdictions that have adopted the UNCITRAL Model Law to critically assess the practical fault lines in the Indian arbitration regime. The book provides an in-depth analysis of the following: all reported judgments of the Indian Supreme Court and the High Courts from 1993 to 2022 on issues concerning interim measures; practical application of the UNCITRAL Model Law (and the revisions in 2006) by national arbitration statutes of over 80 jurisdictions with respect to interim measures; comparative practice and jurisprudence on interim measures in international commercial arbitration; rules of major arbitral institutions on the power and scope of interim measures granted by tribunals; detailed analysis of different types of interim measures, including anti-suit, anti-arbitration

injunctions, security for costs, and interim measures in aid of foreign-seated arbitrations, the standards to be applied, and the burden of proof to be demonstrated for each type of measure; and issues of enforcement of interim measures in domestic, international, and foreign seated arbitrations. The current position of law in India and the problems plaguing the country's Arbitration and Conciliation Act 1996 (IAA), as amended in 2015 with respect to interim measures, are brought into direct comparison with other Model Law jurisdictions, offering an analysis of case laws, practical insights and cogent suggestions based on best practices that can be adopted by parties and tribunals. The Appendices provide a detailed list of statutory provisions of countries that have adopted the Model Law along with rules of major arbitral institutions on interim measures. The author not only describes the current position of law in India and other Model Law jurisdictions on interim measures but also reveals a comprehensive understanding of the requests for interim measures, and their enforcement in domestic, international, and foreign seated arbitrations. This book engages in a comprehensive and clear discussion on the fine line between court assistance and court intervention, especially in the case of

interim measures and suggests draft provisions that India and other jurisdictions can adopt in order to align with the 2006 revisions to the Model Law to foster certainty, predictability, and efficiency in case of interim measures in international commercial arbitration.

The Marwari Heritage D.K. Taknet,IntegralDMS,2016-07-22 From the early Vedic period, the Vaishyas, the oldest mercantile community of India, generated wealth for the nation through their remarkable efforts. Their Marwari offshoots were appointed by many rulers as ministers, advisors and diwans and were recognised as the first philanthropists in India. The Marwari Heritage takes the reader on a voyage of discovery of the Marwaris who migrated from Rajputana, Haryana, Malwa and its adjoining regions to other parts of India. They braved trials and tribulations in unchartered territories, supporting others of their community, never losing faith in their ability to succeed, and focused on their goal, they became the uncrowned kings, first of trade and business, and later of industry. They joined the freedom struggle with a true spirit of patriotism, philanthropy and active political involvement. Many courted imprisonment and even achieved martyrdom. Today, the roots of the Marwari community are

deeply enmeshed in the social, cultural and economic fabric of India. Their innate psyche of giving back to society has seen them donate generously to education, empowerment of women and vocational training leading to employment. Shedding some traditions and retaining many, they have stepped into the modern age, achieving an enviable cultural mix. At the helm of most successful entrepreneurial enterprises, their focus on innovation and technological advancement has resulted in governments of several countries seeking their advice on economic growth. Of the many who have left an indelible mark on the history, socio-political and economic foundations of the country, this book is enriched with rich cameos of some of these 'greats' and the reader derives insights into numerous newly discovered and hitherto unrecorded facts. The younger generation of Marwaris continue to dream big and build on the foundations their forefathers planted. They continue to grow from strength to strength, marching towards new horizons. The plethora of welfare schemes and trusts responsible for development of the nation's needy continue to be monitored with precision. Meticulously researched over five years and richly illustrated with over 100 rare, coloured photographs, paintings,

and 600 black and white photographs, illustrations and rare documents published for the first time, readers have much to feast their eyes on. This pictorial book also serves as an inspiration to any and everyone who dares to dream and reach for the skies.
