The brotherhood of the Holy Shroud Julia Navarro,2007 A fire at the Cathedral of Turin and the discovery of a strangely mutilated body attract the attention of Italy's special Art Crimes Department, for the fire is only the latest in a troubling series of arson attacks and break-ins at the cathedral. Department chief, Marco Valoni leads a team of top investigators in a race to solve a crime certain to shock the world: someone is planning to steal the Holy Shroud.

Roman Women in Shakespeare and His Contemporaries Domenico Lovascio,2020-04-06 Roman Women in Shakespeare and His Contemporaries explores the crucial role of Roman female characters in the plays of Shakespeare and his contemporaries. While much has been written on male characters in the Roman plays as well as on non-Roman women in early modern English drama, very little attention has been paid to the issues of what makes Roman women 'Roman' and what their role in those plays is beyond their supposed function as supporting characters for the male protagonists. Through the exploration of a broad array of works produced by such diverse playwrights as Samuel Brandon, William Shakespeare, Matthew Gwynne, Ben Jonson, John Fletcher, Philip Massinger, Thomas May, and Nathaniel Richards under three such different monarchs as Elizabeth I, James I, and Charles I, Roman Women in Shakespeare and His Contemporaries contributes to a more precise assessment of the practices through which female identities were discussed in literature in the specific context of Roman drama and a more nuanced understanding of the ways in which accounts of Roman women were appropriated, manipulated and recreated in early modern England.

Shakespeare's Apprenticeship Ramon Jiménez,2018-09-10 The contents of the Shakespeare canon have come into question in recent years as scholars add plays or declare others only partially his work. Now, new literary and historical evidence demonstrates that five heretofore anonymous plays published or performed during his lifetime are actually his first versions of later canonical works. Three histories, The Famous Victories of Henry the Fifth, The True Tragedy of Richard the Third, and The Troublesome Reign of John; a comedy, The Taming of a Shrew; and a romance, King Leir, are products of Shakespeare's juvenile years. Later in his career, he transformed them into the plays that bear nearly identical titles. Each is strikingly similar to its canonical counterpart in terms of structure, plot and cast, though the texts were entirely rewritten. Virtually all scholars, critics and editors of Shakespeare have overlooked or disputed the idea that he had anything to do with them. This addition of five plays to the Shakespeare canon introduces a new facet to the authorship debate, and supplies further evidence that the real Shakespeare was Edward de Vere, seventeenth Earl of Oxford.

Coincidence or God? Charlotte Huskey,2023-01-25 Coincidence? Or God? You Decide is a collection of episodes the author's family and friends experienced. These stories take place in Mexico as well as the United States. In each story, you will find a fascinating and sometimes life-threatening situation, such as a nine-passenger, six-door Excursion traveling sixty miles an hour on the icy Arkansas River Bridge railing in Tulsa, Oklahoma. Read what happened to the nine fathers in this vehicle. Decide for yourself if God or luck was with them. Then, there is the girl whose foot was mangled in a packing plant accident, or the family who was marvelously saved when the train bridge over the San Rafael River collapsed and the center portion of the train they had been in, fell into the river. In this book you will meet a man who gave his home to a poor family; and a little boy who lost his father's best knife in a lake. His mother prayed, and moments later the boy's brother caught a fish with the knife in its mouth. Did that just happen? You decide. In the days before cell phones, see what happened to a fifteen-year-old boy stranded at Love's Truck Stop in Gallup, New Mexico, 700 miles from home. You will live through a tornado with the Hightower family in Neosho, Missouri, and shiver with Dofia Margarita sitting on her house top during a long night. You will bake with the Children's Christmas Project and learn how much they earned for the Huruma Orphanage in Kenya, Africa, and shout when a man gives Charlotte \$500 for a basket of homemade bread. While swimming on the Baja California coast, you will struggle with Tim against a strong undercurrent that was dragging him out into the Pacific Ocean. Will Tim see his family again? Were the persons in danger accidentally saved, or did the power and love of God assist them? The author wants you to decide. Both blessings and difficulties will swirl around us as we walk through life. Romans 8:28 says, "We know that all things work together for good to them that love God, to them who are called according to His purpose." Psalms 139:17 How precious are thy thoughts toward unto me, O God! If I should count them, they would be more in number than the sand."

Minerva's Shield Derek Hart,2013-09-25 The world has come to an end. Or has it? What starts out as a long overdue father-and-son vacation immediately becomes more complicated, when they uncover an unusual coin in the dirt. Frighteningly, it's as if the planet is thrown into upheaval over this innocent discovery. All of a sudden, the FBI shows up at their door asking lots of questions, planting the seeds of paranoia, doubt and worry. The

neighbors start acting strangely, almost on the verge of panic. The nearby military base is abandoned overnight and the weather has never been so unpredictable. As everything falls apart around them, no one is certain what is happening. There is no cell phone service, no radio or TV, no form of communication whatsoever. What should the people prepare for - the ever-popular zombie apocalypse, or global economic collapse, another American civil war, nuclear or biological terrorist attack, super volcano or titanic earthquake, planet-wide meteorological disaster, impending asteroid collision, or perhaps an alien invasion from outer space? While the masses flee in every direction, a small organized group finds refuge in a corporate data bunker, which was once a military facility. Here, thirty people are thrown together, perhaps by fate or coincidence, they come to wait out the final days, the dreaded apocalypse. Without warning or explanation, their lives are spared by the power of the mysterious coin – Minerva’s Shield. When they emerge from inside the mountain, however, they find a world relatively undamaged. Yet there is no trace that people ever existed. There are no bodies, no skeletons, not a single trace. It is a world without humans. This diverse community of survivors quickly bands together to gather supplies and hammer out a new existence, where they appear to be the only living souls. Still, they are curious about what really happened that fateful day. And someone, or something, is watching them as well.
