Art of Mars Mike Hoffman, 2014-07-29 Mike Hoffman's adventurous Black-and-White ink drawings from the first three Mars novels of Edgar Rice Burroughs are all collected here. Dozens of works from A Princess of Mars, Gods of Mars and Warlord of Mars.

Robert Mar Futurelics: Past is Present Ted Vassilev, 2018-01-21 The first publication of contemporary pop artist Robert Mars' collage art, intertwines notions of legacy and identity in his Futurelics Popforms. Futurelics: Past is Present is the first publication of the work of contemporary artist Robert Mars that earned comparisons with Andy Warhol, Robert Rauschenberg, Richard Diebenkorn, James Rosenquist, and other Pop Art masters. Taking inspiration from the golden age of American popular culture and the iconography of the 1950s and 60s, Mars employs a rich color palette in collage art. Often tongue-in-cheek, his signature neon Futurelics Popforms pay homage to the power of iconic branding, gripping beauty, and whimsical imagery cultivated by the urgent pressures that evolved from post-WWII to the present. Mars' optimism recalls a time when instant digital celebrity was inconceivable - when people lived with the myth of uniquely untouchable icons - the Futurelics - Marilyn Monroe, Elizabeth Taylor, James Dean, Audrey Hepburn, Elvis Presley, and many others. Futurelics are what have lasting impact - what births a legacy, larger than life, larger than lifestyle. That is Futurelics. MARS, the Novel by Anonymous 31062 Anonymous 31062, Radio Free Mars, Deepspace Network, Fifth Column Press, 2011-02-01 Inspired by true events. Our truths...and yours: Dawn, and you've got clear skies and fifty-two degrees. A perfect day for a launch. Wish we could say the same thing over here, but there's a dust storm brewing in that region of ours you call the Bulge of Tharsis and it's slowly settling into Olympus Mons filling the quiet crater with tons of fine, pink snow. Dust we have plenty of, but you want to know if we've also got water. Water! Yes, there's some water here. Water, water everywhere. But not a drop to spare... Mars. Earth. Reality. (Get ready to collide this year.)

Further ,2010 Further documents and presents the symbiotic relationship between seven artists and friends who share a visual dialogue: MARS-1, NoMe Edonna, Oliver Vernon, Tomokazu Matsuyama, Damon Soule, David Choong Lee, and Robert Hardgrave. The dialogue between artists influences their individual styles and explores the theory of a collective unconscious a feedback loop of ideas that move freely, mutating over time and taking shape as visual thoughts. Ultimately these expressions make their way through each individual artist's lens and filter. Full of vibrant color and unique organic shapes that explode off the page, the work is a natural progression from earlier titles that showcased the work of some of the artists featured in Further, such as the book Convergence. Works inspired by surrealism and directly drawing from Salvador Dal and other artists of the past interact and coexist with works looking to the future, featuring robots and cyber-infrastructures.

Trouble Boys Bob Mehr, 2016-03-01 Trouble Boys is the first definitive, no-holds-barred biography of one of the last great bands of the twentieth century: The Replacements. With full participation from reclusive singer and chief songwriter Paul Westerberg, bassist Tommy Stinson, guitarist Slim Dunlap, and the family of late band co-founder Bob Stinson, author Bob Mehr is able to tell the real story of this highly influential group, capturing their chaotic, tragic journey from the basements of Minneapolis to rock legend. Drawing on years of research and access to the band's archives at Twin/Tone Records and Warner Bros. Mehr also discovers previously unrevealed details from those in the group's inner circle, including family, managers, musical friends and collaborators.

Off Script L.L. Bartlett, 2019-09-30 Remember when cops depended on dogged legwork to solve crimes? It's 1979. Before cell phones. Before computers. Before the World Wide Web. LA Detectives Robbie Howard and Danny Wallace solve crimes the old fashioned way, by relentless legwork. Multiple deaths on the lot of a movie studio look like your average murder-suicide. At least that's what someone wants everyone to think. It takes unrelenting determination for Howard and Wallace to write off a Hollywood killer.

Night Studio Musa Mayer, 2016 Philip Guston (1913-1980) is one of the outstanding figures in twentieth century American art. Beginning as a muralist in the thirties, Guston embraced the lyrical vocabulary of Abstract Expressionism in his paintings and drawings after his move to the East Coast. Following an artistic crisis in the mid-sixties, his return to figuration focusing first on simple things of ordinary life, later evolving to the enigmatic and iconic cartoonlike forms for which he is now best known shook the art world. Night Studio is a deeply personal account of growing up in the shadow of a great artist, a daughter's quest to better understand her father, based on letters and notes by the artist, and interviews with those who knew him. First published to critical acclaim in 1988, this beautifully designed new edition is richly illustrated with a new selection of photographs and paintings, many in color. Also available: Philip Guston: Drawings for Poets ISBN 9783944874197 Philip Guston: Prints ISBN 9783944874180

Moons & Planets William K. Hartmann, 2005 A new easy-to-understand approach to the study of planets! The Dragon Round Stephen S. Power, 2016-07-19 For fans of Scott Lynch and Naomi Novik comes a high fantasy epic that blends swashbuckling adventure with a dark tale of vengeance--when a ship captain is stranded on a deserted island by his mutinous crew, he finds a rare dragon egg that just might be the key to his salvation and his revenge. He only wanted justice. Instead he got revenge. Jeryon has been the captain of the Comber for over a decade. He knows the rules. He follows the rules. He likes the rules. But not everyone on his ship agrees. When a monstrous dragon attacks the Comber, his surviving crew, vengeful and battle-worn, decide to take the ship for themselves and give Jeryon and his self-righteous apothecary "the captain's chance:" a small boat with no rudder, no sails, and nothing but the shirts on their backs to survive. Marooned and fighting for their lives against the elements, Jeryon and his companion discover that the island they've landed on isn't quite as deserted as they originally thought. They find a rare baby dragon that, if trained, just might be their ticket off the island. But as Jeryon and the dragon grow closer, he begins to realize that even if he makes it off the island, his life will never be the same again. In order for justice to be served, he'll have to take it for himself.
