Under the Loving Care of the Fatherly Leader Bradley K. Martin, 2007-04-01 Under the Loving Care of the Fatherly Leader offers in-depth portraits of North Korea's two ruthless and bizarrely Orwellian leaders, Kim Il-Sung and Kim Jong-Il. Lifting North Korea's curtain of self-imposed isolation, this book will take readers inside a society, that to a Westerner, will appear to be from another planet. Subsisting on a diet short on food grains and long on lies, North Koreans have been indoctrinated from birth to follow unquestioningly a father-son team of megalomaniacs. To North Koreans, the Kims are more than just leaders. Kim Il-Sung is the country's leading novelist, philosopher, historian, educator, designer, literary critic, architect, general, farmer, and ping-pong trainer. Radios are made so they can only be tuned to the official state frequency. Newspapers are filled with endless columns of Kim speeches and propaganda. And instead of Christmas, North Koreans celebrate Kim's birthday-- and he presents each child a present, just like Santa. The regime that the Kim Dynasty has built remains technically at war with the United States nearly a half century after the armistice that halted actual fighting in the Korean War. This fascinating and complete history takes full advantage of a great deal of source material that has only recently become available (some from archives in Moscow and Beijing), and brings the reader up to the tensions of the current day. For as this book will explain, North Korea appears more and more to be the greatest threat among the Axis of Evil countries--with some defector testimony warning that Kim Jong-Il has enough chemical weapons to wipe out the entire population of South Korea.

Obligations and Aspirations Kim Jai Sook Martin, 2014-05 Kim Jai Sook Martin entered the world in 1935, during the Japanese occupation of her native Korea. She was the second daughter of an ordinary family, born to parents who had hoped for a boy; they dressed her as one until she was three, when her brother was born. By the age of six, she had already learned the price of her fierce independence: refusing to acknowledge the Japanese flag as the Korean national flag, she was denied entrance to her first year of school. This early conflict set Kim Jai Sook on a lifetime quest to understand her obligations to her family, her culture, her country, herself, and, ultimately, to God. Hers is a story of perseverance, turmoil, and love, as she fought to maintain balance between duty and her own desires. She set her goals high. As the survivor of Japanese subjugation and two wars, she committed herself to living as a responsible and worthy person. As an adult, in pursuit of her deep desire to become a teacher, she left Korea and built a new life in Canada, where her father's advice on dealing with people became her guiding principles. This is her story.

Butlins in its Prime: Those Golden Years Rocky Mason,

Korea Briefing David R. McCann,Asia Society,1997 Korea Briefing examines a period of far-reaching change in the two Koreas. Kim Il-Sung's death has marked the end of a political regime that dominated the North since before the

Korean War. In the South, internal political challenges, difficult North-South issues such as economic relations, and new relationships with China, Russia, and other countries forecast momentous changes. Chapters on recent events, the state of current economic, political and international relations, and the directions of bellwether reforms in language policy and education are at the core of this study.

Language Policy, Culture, and Identity in Asian Contexts Amy B.M. Tsui, James W. Tollefson, 2017-09-25 Bringing together scholarship on issues relating to language, culture, and identity, with a special focus on Asian countries, this volume makes an important contribution in terms of analyzing and demonstrating how language is closely linked with crucial social, political, and economic forces, particularly the tensions between the demands of globalization and local identity. A particular feature is the inclusion of countries that have been under-represented in the research literature, such as Nepal, Bangladesh, Brunei Darussalam, Pakistan, Cambodia, Vietnam, and Korea. The book is organized in three sections: Globalization and its Impact on Language Policies, Culture, and Identity Language Policy and the Social (Re)construction of National Cultural Identity Language Policy and Language Politics: The Role of English. Unique in its attention to how the domination of English is being addressed in relation to cultural values and identity by non-English speaking countries in a range of sociopolitical contexts, this volume will help readers to understand the impact of globalization on non-English speaking countries, particularly developing countries, which differ significantly from contexts in the West in their cultural orientations and the way identities are being constructed. Language Policy, Culture, and Identity in Asian Contexts will interest scholars and research students in the areas of language policy, education, sociolinguistics, applied linguistics, and critical linguistics. It can be adopted in graduate and advanced undergraduate courses on language policy, language in society, and language education.
