*The 'Ancient Supremacy'* Jonathan Lee,2021-12-06 This work is a chronological account of the struggle between the Afghan Amirs of Kabul and the Manghit Dynasty of Bukhara for Balkh province (wilayat) during the eighteenth and nineteenth centuries. Drawing extensively on India Office Records, Persian and native oral sources, the book provides a unique insight into an important, but little-studied Central Asian region. Structured around the history of Maimana's Mingid dynasty, the book details the various military campaigns, whilst also examining critically Britain and Russia's role in the 'Afghanisation' of Balkh during the period of the 'Great Game'. The work is especially significant to historians since it questions conventional perceptions of Central Asia during the era of European imperialism. It examines too Balkh's social and economic situation. It includes numerous maps, charts,

photographs and dynastic charts.

Find You in the Dark Nathan Ripley,2018-06-19 In this “fast-paced, morbidly addictive novel of chilling infatuation” (Iain Reid, bestselling author of I’m Thinking of Ending Things)—perfect for fans of Caroline Kepnes’s Hidden Bodies and Jeff Lindsay’s Dexter series—a family man with a habit of digging up the past catches the attention of a serial killer who is determined to keep his secrets uncovered. For years, unbeknownst to his wife and teenage daughter, Martin Reese has been illegally buying police files on serial killers and obsessively studying them, using them as guides to find the missing bodies of victims. He doesn’t take any souvenirs, just photos that he stores in an old laptop,

and then he turns in the results anonymously. Martin sees his work as a public service, a righting of wrongs. Detective Sandra Whittal sees the situation differently. On a meteoric rise in police ranks due to her case-closing efficiency, Whittal is suspicious of the mysterious source she calls the Finder, especially since he keeps leading the police right to the bodies. How can he know where all these bodies are located if he's not the one putting them there? On his latest dig, Martin searches for the first kill of Jason Shurn, the early 1990s murderer who may have been responsible for the disappearance of his wife's sister. But when he arrives at the site, he finds more than just bones. There's a freshly killed body—a young and missing Seattle woman—lying there. Someone else knew where Jason Shurn left the corpses of his victims...and that someone isn't happy that Martin has been going around digging up his work. And when a crooked cop with a tenuous tie to Martin vanishes, Whittal begins to zero in on the Finder. “A wickedly smart thriller that manages to be both chilling and wry” (Amy Stuart, bestselling author of *Still Mine*), *Find You in the Dark* will haunt you long after you turn the final page.

Gray Matter Marvin Gray,2014-05-25 American security officer Clark Miller is playing a dangerous game. In order to track terrorist Anwar Khan from Indonesia to the tribal areas of Pakistan, Clark is embroiled in political volatility and religious fanaticism. Now working in Pakistan, he has learned the language, history, and culture of the conservative Muslim country. He has also made the mistake of sleeping with the wrong local women, frequenting the wrong brothels, and trusting the wrong advisors. His appreciation for the Pakistanis and their culture matches his hatred of religious extremism and exploitation. Miller inherited his relentless determination from an abusive and violent father. The more Clark tries to exorcise his paternal demons, the more he recognizes his father in his own behavior. Clark has to embrace his father's violence to track Khan down and find justice. But time is running out. Clark's investigations of Khan have drawn unwanted attention. Pakistani security forces have started investigating Clark, and Anwar Khan has targeted Miller for assassination. When a young prostitute offers to sell information on Khan's whereabouts, Clark must act quickly. It is now a race against time,

money, and loyalties. If the Pakistani security forces don't get him, the terrorists will. 'Gray Matter' is Marvin Gray's the fast-paced thriller sequel to 'Gray Areas.'

**History of Central Asia, The: 4-volume set** Christoph Baumer, 2018-04-18 This set includes all four volumes of the critically acclaimed History of Central Asia series. The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations, as well as many of the most transformative developments, in the history of civilization. Christoph Baumer's ambitious four-volume treatment of the region charts the 3000-year drama of Scythians and Sarmatians; Soviets and transcontinental Silk Roads; trade routes and the transmission of ideas across the steppes; and the breathless and brutal conquests of Alexander the Great and Chinghiz Khan. Masterfully interweaving the stories of individuals and peoples, the author's engaging prose is richly augmented throughout by colour photographs taken on his own travels. This set includes The Age of the Steppe Warriors (Volume 1), The Age of the Silk Roads (Volume 2), The Age of Islam and the Mongols (Volume 3) and The Age of Decline and Revival (Volume 4)

*The Army and Democracy* Aqil Shah,2014-04-21 In sharp contrast to neighboring India, the Muslim nation of Pakistan has been ruled by its military for over three decades. 100 Greatest Cover Versions Robert Webb,2013-07-15 Which Blondie Top Five was originally a flop for a West Coast power pop band? Who wrote Alice Cooper's 1973 hit 'Hello Hurray', and which folk singer first recorded it? Who launched their career with a tear and a cover of a little known Prince song? Where was Joe Cocker sitting when he came up with the idea of covering 'With a Little Help from my Friends?'. Everybody likes a good song and a good story. The 100 Greatest Cover Versions traces the histories of some of the great songs you may know only as second-hand recordings and explores some unusual and creative takes on a few of pop's well-known tracks. Based on the Independent's popular long-running Story of the Song column, this collection features previously

unpublished pieces alongside fully expanded, updated stories. Robert Webb details the background to each song how it was written, who first recorded it and how it came to be covered and explains how, in some cases, the cover version has become more popular than the original. Artists range from Patti Smith to the Happy Mondays, David Bowie to Florence + the Machine, and Stevie Wonder to Robert Wyatt. The book also includes additional further listening suggestions and a bonus track. Whether you download, rip from CD or stream your music, the Ultimate Playlist series provides the perfect accompaniment to your personal compilation. The series aims to guide listeners through large and often bewildering back catalogues of the major artists as well as key genres and styles in popular music. If you love music and you enjoy knowing more about the history behind some of pop's greatest songs, then you will love this book.

Erykah Badu: The First Lady of Neo-Soul Joel McIver, 2011-08-01 Erykah Badu stands at the forefront of a whole new genre of music. Before Macy Gray, Alicia Keys and Angie Stone, Erykah was bringing the unique sounds of neo-soul - the classic vibes of Motown and Stax smoothed by Jazz and

toughened by Hip-Hop - to the people. quite simply, there is no other artist like her. Joel McIver's biography is a detailed and enlightening look at one of the world's great performers, accompanied with photographs, which forms a typically insightful appreciation of her magnificent music.
