Woman of the Ashes Mia Couto,2018-04-10 The first in a trilogy about the last emperor of southern Mozambique by one of Africa's most important writers Southern Mozambique, 1894. Sergeant Germano de Melo is posted to the village of Nkokolani to oversee the Portuguese conquest of territory claimed by Ngungunyane, the last of the leaders of the state of Gaza, the second-largest empire led by an African. Ngungunyane has raised an army to resist colonial rule and with his warriors is slowly approaching the border village. Desperate for help, Germano enlists Imani, a fifteen-year-old girl, to act as his interpreter. She belongs to the VaChopi tribe, one of the few who dared side with the Portuguese. But while one of her brothers fights for the Crown of Portugal, the other has chosen the African emperor. Standing astride two kingdoms, Imani is drawn to Germano, just as he is drawn to her. But she knows that in a country haunted by violence, the only way out for a woman is to go unnoticed, as if made of shadows or ashes. Alternating between the voices of Imani and Germano, Mia Couto's *Woman of the Ashes* combines vivid folkloric prose with extensive historical research to give a spellbinding and unsettling account of war-torn Mozambique at the end of the nineteenth century.

The Discourse of Peer Review Brian Paltridge, 2017-03-25 This book examines reports that are written by reviewers of submissions to a peer-reviewed journal. This includes a thorough study of the reports from the perspectives of context, content and genre, as well as from the point of view of pragmatics and politeness. The author examines the use of evaluative language, and the roles reviewers assume as they make their evaluations. He also explores how reviewers learn to write these reports. He then discusses the results of these analyses from the point of view of reviewer training, making suggestions for further research in the area of editorial peer review. The demystification of this occluded genre will be of benefit to doctoral students and early career academics not yet familiar with the peer review process, as well as those working in the broader areas of English for Specific Purposes and English for Academic Purposes, discourse analysis and writing for publication.

Advances in Industrial Design Giuseppe Di Bucchianico, Cliff Sungsoo Shin, Scott Shim, Shuichi Fukuda, Gianni Montagna, Cristina Carvalho, 2020-08-25 This book addresses current research trends and practice in industrial design. Going beyond the traditional design focus, it explores a range of recent and emerging aspects concerning service design, human–computer interaction and user experience design, sustainable design, virtual & augmented reality, as well as inclusive/universal design, and design for all. A further focus is on apparel and fashion design: here, innovations, developments and challenges in the textile industry, including applications of material engineering, are taken into consideration. Papers on pleasurable and affective design, including studies on emotional user experience, emotional interaction design and topics related to social networks make up a major portion of the contributions included in this book, which is based on five AHFE 2020 international conferences (the AHFE 2020 Virtual Conference on Design for Inclusion, the AHFE 2020 Virtual Conference on Interdisciplinary Practice in Industrial Design, the AHFE 2020 Virtual Conference on Affective and Pleasurable Design, the AHFE 2020 Virtual Conference on Kansei Engineering, and the AHFE 2020 Virtual Conference on Human Factors for Apparel and Textile Engineering) held on July 16–20, 2020. Thanks to its multidisciplinary approach, it provides graduate students, researchers and professionals in engineering, architecture, computer and materials science with extensive information on research trends, innovative methods and best practices, and a unique bridge fostering collaborations between experts from different disciplines and sectors.

Style and Social Identities Peter Auer, 2008-09-25 This volume presents an interactional perspective on linguistic variability that takes into account the construction of social identities through the formation of social communicative styles. It shows that style is a useful category in bridging the gap between single parameter variation and social identity. Social positioning, i.e., finding one's place in society, is one of its motivating forces. Various aspects of the expression of stylistic features are focused on, from language choice and linguistic variation in a narrow sense to practices of social categorization, pragmatics patterns, preferences for specific communicative genres, rhetorical practices including prosodic features, and aesthetic choices and preferences for specific forms of taste (looks, clothes, music, etc.). These various features of expression are connected to multimodal stylistic indices through talk; thus, styles emerge from discourse. Styles are adapted to changing contexts, and develop in the course of social processes. The analytical

perspective chosen proposes an alternative to current approaches to variability under the influence of the so-called variationist paradigm.

Narratology Wolf Schmid, 2010-06-17 This book is a standard work for modern narrative theory. It provides a terminological and theoretical system of reference for future research. The author explains and discusses in detail problems of communication structure and entities of a narrative work, point of view, the relationship between narrator's text and character's text, narrativity and eventfulness, and narrative transformations of happenings. The book outlines a theory of narration and analyses central narratological categories such as fiction, mimesis, author, reader, narrator etc. A detailed bibliography and glossary of narratological terms make this book a compendium of narrative theory which is of relevance for scholars and students of all literary disciplines.

The Adventure Giorgio Agamben, 2018-03-09 Agamben charts a journey that ranges from poems of chivalry to philosophy, from Yvain to Hegel, from Beatrice to Heidegger. An ancient legend identifies Demon, Chance, Love, and Necessity as the four gods who preside over the birth of every human being. We must all pay tribute to these deities and should not try to elude or dupe them. To accept them, Giorgio Agamben suggests, is to live one's life as an adventure—not in the trivial sense of the term, with lightness and disenchantment, but with the understanding that adventure, as a specific way of being, is the most profound experience in our human existence. In this pithy, poetic, and compelling book, Agamben maps a journey from poems of chivalry to philosophy, from Yvain to

Hegel, from Beatrice to Heidegger. The four gods of legend are joined at the end by a goddess, the most elusive and mysterious of all: Elpis, Hope. In Greek mythology, Hope remains in Pandora's box, not because it postpones its fulfillment to an invisible beyond but because somehow it has always been already satisfied. Here, Agamben presents Hope as the ultimate gift of the human adventure on Earth.
