Modern MIDI Sam McGuire, 2013-12-17 In the last five years, the environment in which the Musical

Instrument Digital Interface (MIDI) specification works and the tools that communicate via MIDI have changed dramatically. *Modern MIDI: Sequencing and Performing Using Traditional and Mobile Tools* gives you all the tools you need to properly and effectively use MIDI in a modern setting, while still incorporating vintage MIDI gear. Exploring typical workflows and techniques for both the studio and the performing environment, this book helps you navigate the changes that mobile computing has made to the way the music producers and engineers work with MIDI. If you're a MIDI user seeking to increase your efficiency and productivity while still gaining an understanding of the fundamentals of MIDI, or a music professional looking to incorporate your mobile devices into your creative process, this is the book for you. *Modern MIDI* shows you how to implement the necessary components to use MIDI on your iPad, Android phone, or laptop.
