Hawkmoths of Australia Maxwell Moulds,James Tuttle,David Lane,2020-01-20 Hawkmoths are large charismatic insects with highly variable and colourful larvae. Some species are specialised in their habitat preferences, but others are widespread and often encountered in gardens. However, little is known about most species, and associating the adults with their larvae has previously been difficult or impossible. Hawkmoths of Australia allows identification of all of the Australian hawkmoths for the first time and treats species found on mainland Australia, Tasmania and all offshore islands within Australian limits. It presents previously undescribed life histories of nearly all species and provides a comprehensive account of hawkmoth biology, including new parasitoids and their hawkmoth hosts. Detailed drawings and photographs show the external and internal morphology of adults and immatures, and eggs, larval instars and pupa. Keys are provided for last instar larvae and pupae of the 71 species that the authors have reared. The book is concluded by a glossary, appendices to parasitoids and larval foodplants, an extensive reference list with bibliographical notes and a comprehensive index. The wealth of new information in this book makes it an essential reference for anyone interested in these moths. Hawkmoths of Australia is Volume 13 of the Monographs on Australian Lepidoptera Series.

WHEN DESTINY DICTATES MICHAEL DANIELL-WAUGH,2014-07-03 The author wanted to write up his father's memoirs, but these were too short for publication, so he added his own autobiography, and was surprised to find a number of strange occurrences and coincidences in their lives, which seemed to be the hand of Destiny. The book reviews these events, which took place over One Hundred Years of British History, covering the upheavals of two World Wars and the dissolution of Britain's Colonial Empire, culminating in the Rhodesian Rebellion, and what Rhodesia's Prime Minister, Ian Douglas Smith, described as Britain's Great Betrayal. The book moves from early Argentine days to the Somme, to India, to the Anglo-Egyptian Sudan, World War 2, Assam, Kuwait, and Northern and Southern Rhodesia.
