Sijaltainen V. E. A. Flygare,2021-01-16 Kyllä minä näin oikein., Janne vakuutteli itselleen. Hän oli nähnyt tien toisella puolella seisovan olennon kasvot niin monta kertaa aiemmin. Kasvot, jotka ilmeettömänä tuijottivat edessään olevaa näyteikkunaa. Kasvot, jotka tuijottivat häntä peilistä takaisin joka ikinen aamu. Janne oli tunnistanut itsensä.

Esi-isien maassa Matti Taina,2017-07-18 Historiallinen sukuromaani Esi-isien maassa -kirja kertoo Inkeristä tulleen Tainan perheen jäsenten elämästä Suomessa, heidän kotoutumisesta uuteen isänmaahan ja Helsinkiin ja heidän tekemistään matkoista tarunhohtoiseen Inkerinmaahan. Kirjassa tuodaan esiin myös Stalinin Suomesta palanneisiin inkeriläisiin kohdistama julma kosto ja Inkerinmaan suunnitelmallinen tyhjentäminen suomalaisista ja sen asuttaminen venäläisillä. Kirja kertoo myös Suomen sodan jälkeisestä henkisestä ja taloudellisesta noususta ja kylmän sodan aikaisesta poliittisesta kamppailusta Neuvostoliiton kanssa ja Suomen yhdestä ihmeestä, kuinka Suomesta tehtiin raskaiden sotavuosien jälkeen ennätysajassa pohjoismainen hyvinvointivaltio. Esi-isien maassa -kirja on jatkoa Hyvästi Inkeri -kirjalle (2015), mutta samalla se on myös itsenäinen teos. Kirja on kunnianosoitus sitkeälle Inkerin kansalle, joka hajotettiin taivaan tuuliin, inkeriläisille, jotka rakensivat elämänsä uudessa maassa tai karkotuspaikassa sekä viisaalle äijälleni Matille, mummolleni Eevalle, isälleni Reinolle ja sedilleni Väinölle ja Vihtorille, jotka ahkeralla työllä ja opiskelulla menestyivät hyvin uudessa kotimaassaan, esi-isiensä maassa. Teos kunnioittaa noin 1 600 inkeriläisen vapaaehtoisen sotilaan taistelua Suomen vapauden puolesta ja sotaveteraanien isoserkkuni Juho Myllärisen ja Arvo Mullon muistoa.

Työ miestä myöden Pekka Kari,2019-05-03 Työstökoneiden melu täyttää tehdashallin. - Mikään ei toimi! - Miehet pääsevät päivän jälkeen aitojen takaa kotiin. Tehdasalue on aidattu vakuutusteknisistä syistä, mutta se pitää sisällään tositarinan suomalaisesta työnteosta ja kaikkinaisesta resurssien hukkaamisesta 2000-luvun alussa. Vapaus aidan toisella on puolen aivan erilainen kuin pitäisi! - Masennus ja uupumus seuraa työtuntien jälkeen kaikkialle. - Se tarttuu mielialaan... Eräänlainen versio siitä mihin asiat pahimmillaan ajautuvat kun sokeus ja vastuuttomuus ottavat vallan esimiesportaassa. - Pykälät eivätkä lait eivät auta työntekijää yksilötasolla! - Vain työpaikan vaihto enää auttaa siinä vaiheessa kun työterveyslääkärillä käynti ei auta ja asiat eivät muutu, vaikka olet käynyt läpi sinun turvakesi suodun valitusprotokollan portaat: esimiehen pääluottamusmiehen ja työsuojeluvaltuutetun ja lopulta jopa sen lääkärin. Ne ihmiset ja instanssit, joiden pitäisi olla sinun puolellasi. Kekkosen ajan tiukan hierarkian omaavat johtomallit eivät sellaisenaan enää päde aikaamme, jossa ihmiset haluavat tehdä työtä ja saada siitä sitä sisältöä elämäänsä - olla kansalaisia, joilla on arvoa! - Ja nyt vielä 2009-laman loppuun asti puristaman ajan kynsissä työväki kärsii, koska ilmiö on jonkin asteisena joka puolella ympärillämme nykyajan työelämässä. - Tämä jää varsin usein näkemättä! - Työn ei pidä sairastuttaa! - Tämä kaikki hukkaa resursseja monitahoisesti kansakuntamme tasolla!

Social Class and Mental Illness in Northern Europe Petteri Pietikäinen,Jesper Vaczy Kragh,2019-10-08 This book examines the relationship between social class and mental illness in Northern Europe during the 20th century. Contributors explore the socioeconomic status of mental patients, the possible influence of social class on the diagnoses and treatment they received in psychiatric institutions, and how social class affected the ways in which the problems of minorities, children and various ‘deviants’ and ‘misfits’ were evaluated and managed by mental health professionals. The basic message of the book is that, even in developing welfare states founded on social equality, social class has been a significant factor that has affected mental health in many different ways - and still does.

Female Agency in the Urban Economy Deborah Simonton,Anne Montenach,2013-04-17 This innovative new book is overtly and explicitly about female agency in eighteenth-century European towns. However, it positions female activity and decisions unequivocally in an urban world of institutions, laws, regulations, customs and ideologies. Gender politics complicated and shaped the day-to-day experiences of working women. Town rules and customs, as well as police and guilds’ regulations, affected women’s participation in the urban economy: most of the time, the formally recognized and legally accepted power of women - which is an essential component of female agency - was very limited. Yet these chapters draw attention to how women navigated these gendered terrains. As the book demonstrates, exclusion is too strong a word for the realities and pragmatism of women’s everyday lives. Frequently guild and corporate regulations were more about situating women and regulating their activities, rather than preventing them from operating in the urban economy. Similarly corporate structures, which were under stress, found flexible strategies to incorporate women who through their own initiative and activities put pressure on the systems. Women could benefit from the contradictions between moral and social unwritten norms and economic regulations, and could take advantage of the tolerance or complicity of urban authorities towards illicit practices. Women with a grasp of their rights and privileges could defend themselves and exploit legal systems with its loopholes and contradictions to achieve economic independence and power.

A History of Cold War Industrialisation Saara Matala,2021-06-30 This monograph explores the economic consequences of the Cold War, a polarised world order which

politicised technology and shaped industrial development. It provides a detailed archival-based history of the Finnish shipbuilding industry (1952–1996), which flourished, thanks to the special relationship between Finland and the Soviet Union. Overall, it shows how a small country, Finland, gained power during the Cold War through international economic and technological cooperation. The work places Finland in a firmly international context and assesses the state-industry relationship from five different angles: technopolitics, trade infrastructure, techno-scientific cooperation, industrial reorganisation, and state aid. It presents a novel way to analyse industrialisation as an interaction between institutional stabilisation and fluctuation within a techno-economic system. In so doing, it makes empirical, theoretical, and methodological contributions to the history of industrial change. A History of Cold War Industrialisation will be of interest to advanced students and scholars in economic history, maritime history, Cold War history, and international political economy.

Her Own Worth Eerika Koskinen-Koivisto, 2014 In this study, I examine the life narrative of a female factory labourer, Elsa Koskinen (née Kiikkala, born in 1927). I analyze her account of her experiences related to work, class and gender because I seek to gain a better understanding of how changes in these aspects of life influenced the ways in which she saw her own worth at the time of the interviews and how she constructed her subjectivity. Elsa's life touches upon many of the core aspects of 20th-century social change: changes in women's roles, the entrance of middle-class women into working life, women's increasing participation in the public sphere, feminist movements, upward social mobility, the expansion of the middle class, the growth of welfare and the appearance of new technologies. What kind of trajectory did Elsa take in her life? What are the key narratives of her life? How does her narrative negotiate the shifting cultural ideals of the 20th century? A life story, a retrospective evaluation of a life lived, is one means of constructing continuity and dealing with the changes that have affected one's life, identity and subjectivity. In narrating one's life, the narrator produces many different versions of her/himself in relation to other people and to the world. These dialogic selves and their relations to others may manifest internal contradictions. Contradictions may also occur in relation to other narratives and normative discourses. Both of these levels, subjective meaning making and the negotiation of social ideals and collective norms, are embedded in life narratives. My interest in this study is in the ways in which gender and class intersect with paid labour in the life of an ordinary female factory worker. I approach gender, class and work from both an experiential and a relational perspective, considering the power of social relationships and subject formations that shape individual life at the micro-level. In her narratives Elsa discusses ambivalence related to gendered ideals, social class, and especially the phenomenon of social climbing as well as technological advance. I approach Elsa's life and narratives ethnographically. The research material was acquired in a long-standing interview process and the analysis is based on reflexivity of the dialogic knowledge production and contextualization of Elsa's experiences. In other words I analyze Elsa's narratives in their situational but also socio-cultural and historical contexts. Specific episodes in one's life and other significant events constitute smaller narrative entities, which I call micro-narratives. The analysis of micro-narratives, key dialogues and cultural ideals embedded in the interview dialogues offers perspectives on experiences of social change and the narrator's sense of self.

An Unfamiliar America Ari Helo, Mikko Saikku, 2020-11-12 This collection focuses on conceptions of the unfamiliar from the viewpoint of mainstream American history: aliens, immigrants, ethnic groups, and previously unencountered ideas and ideologies in Trumpian America. The book suggests bringing historical thinking back to the center of American Studies, given that it has been recently challenged by the influential memory studies boom. As much as identity-building appears to be the central concern for much of the current practice in American history writing, it is worth keeping in mind that historical truth may not always directly contribute to one's identity-building. The researcher's constant quest for truth does not equate to already possessing it. History changes all the time, because it consists of our constant reinterpretation of the past. It is only the past that does not change. This collection aims at keeping these two apart, while scrutinizing a variety of contested topics in American history, from xenophobic attitudes toward eighteenth-century university professors, Apache masculinity, Ku Klux Klan, Tom Waits's lyrics, and the politics of the Trump era.
