Evol Jean Carlo Baldrich,2022-10-03 Arlo Sylmar the creator of Evol, is so deluded by his own interpretation of his own world - made from glass. As he loses track of what’s happening to his creations. His world starts deteriorating by becoming as his creations, robotic, and manic. As he loses all empathy, the suffering of losing himself gets him playing both sides of the coin in order to set a balance between being pure and dark. Evol is a rollercoaster ride of emotions, in a spectrum of color. Mio rolls dice with self-hate, in order to get the creator’s attention. His imaginary creatures start plotting against him, as they start showing him the many versions of himself. The creations start noticing that such vengeance is not worth inflicting on those who have harmed him. As he himself is one of them.

Only for a wonderful world Anna Ironwill,2016-10-28 Il mio nome è Anne Claire Cetti. Sono nata a Parigi ma la città dove vivo è Firenze, in Toscana. Ho compiuto 14 anni il primo giorno di primavera, lo scorso 21 marzo di questo 1999. Sì, siamo ormai alla fine del millennio con le nostre solite cose da fare, il nostro quotidiano di sempre; la scuola, il lavoro, gli amici e per me, anche la casa da portare avanti. Ma giuro, né io né i miei fratelli, Cosimo, Jonathan e la piccola Emy, avremmo mai e poi mai immaginato quello che ci sarebbe successo giusto in casa nostra, giusto attraverso il nostro computer, Lyra. No, lo giuro. Nessuno di noi avrebbe mai pensato a una cosa come questa. E poiché io l’ho anche messa per scritto, chi legge...capirà perché dico così.

Alice's Island Daniel Sánchez Arévalo,2019-04-16 A happily married woman's perfect life shatters when her husband turns up dead hundreds of miles away from where he should have been, and she suddenly discovers that there was a part of him she knew nothing about. Alice Dupont’s perfect marriage was a perfect lie. When her husband, Chris, dies in a car accident, far from where he should have been, Alice’s life falls apart. After the police close the case, she is left with more questions than answers. While learning to cope with her loss and her new identity as a single mother of two, Alice becomes obsessed with unraveling the mystery surrounding her husband’s death and decides to start her own investigation. Retracing her husband's last known whereabouts, she soon discovers clues that lead her to a small island near Nantucket. As she insinuates herself into the lives of the island’s inhabitants in an effort to discover what they knew about her husband, Alice finds herself increasingly involved in their private lives and comes to a disturbing realization: she has been transformed into a person she no longer recognizes. In seeking an answer to what her husband was doing before he died, Alice discovers not only a side of him she never knew, but sides of her own character she has never explored. Part mystery, part moving family drama, part psychological page-turner, Alice’s Island is a novel whose vivid characters hold the reader rapt right up until the final page.

Naked Men Alicia Giménez-Bartlett,2018-10-16 The Planeta Prize–winning novel from the author of the Petra Delicado series: “A highly literate noir, a powerful tale of lives spiraling out of control” (NB magazine). Irene’s husband has left her for a younger woman and her family business is on the verge of collapse, but the last thing she wants is to be the subject of gossip or pity. So she starts spending time with a divorcée who, in liberating herself from the bonds of marriage, has also freed herself from the clutches of the old crowd of “couple friends.” Javier is a literature teacher who suddenly loses his job at a Catholic school. He’s not ambitious—the months go by and no work materializes. Then, almost by accident, he gets back in contact with a cocky friend from his youth who introduces him to the world of stripping and male prostitution. Circumstance brings Irene and Javier together: he gets some extra cash and mental stimulation out of their relationship, and she finds an outlet for her frustrations. However, Irene doesn’t want to have sex with him—she just wants to see him naked, humiliated, dominated. Their relationship takes a troubling turn, but things may be even more complicated than they seem. Alicia Giménez-Bartlett weaves a tale of economic and personal devastation, portraying the ways that life’s disappointments can bring people to do things they never would have imagined. “Incendiary . . . This provocative dive into gender, power, and class uses diverse viewpoints to craft a powerful story and an unpredictable, memorable ending.” —Publishers Weekly “A stark realist portrait of characters who are searching for their place in a world without redemption.” —Culturamas

Human Factors in Lighting, Second Edition Peter Robert Boyce,2003-04-24 The availability of electric lighting has changed the lives of people the world over and lighting is a major consumer of energy, yet little has been written about the forms of lighting that can alter human visual capabilities and enhance productivity, ensure comfort and create appropriate lighting conditions. It is important to understand the forms of lighting available, and their appropriateness to specific activities, in order to apply the technology most effectively. This book is a comprehensive review of the interaction of people and lighting and supercedes the author's classic Human Factors in Lighting. The technology has changed markedly in recent years with the introduction of new light sources and new methods of light distribution. The significance of specialist lighting applications, such as photobiology, are now becoming better understood. The nature of work itself has changed, and hence so have lighting requirements. Equally, the development of the technology has created new opportunities for improving peoples' work and leisure environments.
