Those 10 papers cover topics ranging from fostering better working environments, behavior modeling and citizen science to large language models and neuro-symbolic applications, and are also included here. The Cookbook Club Beth Harbison,2020-10-20 New York Times bestselling author Beth Harbison whips together a witty and charming--and delicious--story about the secrets we keep, the friends we make, and the food we cook. **MUST LOVE BUTTER: The Cookbook Club** is now open to members. Foodies come join us! No diets! No skipping dessert! Margo Everson sees the call out for the cookbook club and knows she's found her people. Recently dumped by her self-absorbed husband, who frankly isn't much of a loss, she has little to show for her marriage but his 'parting gift'—a dilapidated old farm house—and a collection of well-loved cookbooks Aja Alexander just hopes her new-found friends won't notice that that every time she looks at food, she gets queasy. It's hard hiding a pregnancy, especially one she can't bring herself to share with her wealthy boyfriend and his snooty mother. Trista Walker left the cutthroat world of the law behind and decided her fate was to open a restaurant...not the most secure choice ever. But there she could she indulge her passion for creating delectable meals and make money at the same time. The women bond immediately, but it's not all popovers with melted brie and blackberry jam. Margo's farm house is about to fall down around her ears; Trista's restaurant needs a makeover and rat-removal fast; and as for Aja, just how long can you hide a baby bump anyway? In this delightful novel, these women form bonds that go beyond a love grilled garlic and soy sauce shrimp. Because what is more important in life than friendship...and food?

H.P. Lovecraft's At the Mountains of Madness Volume 2 (Manga) ,2019-12-03 Dyer and Danforth from the Miskatonic University research team take their small plane through the unknown Antarctic mountain range--and land to explore the vast, cyclopean alien city that lies beyond it. Here at last

they will discover the hideous secret of all life on Earth...but can they escape these uttermost vaults at the bottom of the world, and keep sanity enough to warn mankind...? At the Mountains of Madness is a journey into the core of Lovecraft's mythos--the deep caverns and even deeper time of the inhospitable continent where the secret history of our planet is preserved--amidst the ruins of its first civilization, built by the alien Elder Things with the help of their bioengineered monstrosities, the shoggoths. Since it was first published in Astounding Stories during the classic pulp era, At the Mountains of Madness has influenced both horror and science fiction worldwide!
