Song of Earth and Claws Lena Abram,2023-12-28 In a world where kingdoms are won in a Game, believing that everyone will follow the Rules is hazardous. When Lannahi discovers that she is a pawn in the perfidious plan of the man she once loved, she has only one option—in order to save her family, she must take part in the Game herself. But no one can win alone. Lannahi has to duel to take power, but she will need allies to retain it. The interest she sees in the wolfish eyes of a recognized warrior gives her hope, though she doesn't lower her guard. The man has connections with the courts of powerful rulers from the region where lies the city she intends to conquer. She doesn't know where his loyalty truly belongs, but she knows that the love of a fae usually has fangs. The Game starts. Losing means slavery. Losing means death. This is a standalone romantasy novel featuring fae, their wicked games and a heroine determined to play on her own terms. The book contains mature themes and strong language.

Moongame Thomas Neal Orland,2020-04-03 Roe Morgan has dreamed of fame and fortune as a moongamer his whole life. He made the cut, qualified for the lottery and won a spot on his home-town team. But on the moon his success feels hollow. All his adoring fans are a quarter of a million miles away and there's nothing on the moon to spend his money on. He is lonely, and the

transient nature of moongirl affection leaves him yearning for something more. On Earth, June and her husband Perry live on the Minimum Allowance, which Perry supplements by gambling on Moongame. An unfortunate event turns their lives upside down and leaves them vulnerable to some dangerous people. June's immigrant status could be the key to solving her problems. But to save her family, June's best option is a temporary job on the Moon, without Perry. Moongame is a brutal, full-contact mix of polo, basketball and supercross, played with electric motorcycles on a kilometer-wide circular arena on the moon. The game field is sculpted with high concentric ridges (like the ripples in a pond) that riders use to perform impossible jumps and other spectacular stunts in the low lunar gravity. All moongamers have unlimited access to virtually everything they need except for one thing- female companionship. For a date with one of the Moongirls, players must earn favors by being especially brutal and dramatic in the game. Moongirl is a job most people on Earth equate with glorified prostitution, but the sexy Moongirls are far more than playthings for the gamers. Moongirls are famous in their own right as international celebrities on reality shows such as Moongirls Today, Lunaria and more. And they have more power than the moongamers know. June and Roe eventually find each other and hatch a plan to escape the crazy messed-up lunar society, along with a few damning truths the Lunar government would rather keep secret. Can they pull it off? Or does the Lunar government have a surprise waiting for them?

Grandpa's Moon Games Brian Oxley, 2019-02-26 Always setting his sights high, Grandpa is busy planning the first ever Moon Games! Athletes from all over the world will travel to the lunar surface to compete. And of course, Grandpa's four grandkids will be going too. Readers travel along and learn how events like the high jump, pole vault, shot put, and javelin might work in the Moon's lower gravity. When some of the athletes forget to treat the Moon with respect and toss food wrappers and empty containers everywhere, Ivy has a mysterious encounter. The four grandkids lead the way in making the Moon trash-free, and soon everyone pitches in. The grandkids' trip to our nearest neighbor in the sky teaches readers important lessons about working back home to help keep Earth a beautiful place for everyone.

Jael the Conqueror Bishop Donald R. Downing, 2009-10 Jael the Conquer By Bishop Donald Downing Through Biblical research, visions, and inspiration from the Holy Spirit, Bishop Downing brings to life Judges 4 & 5, the tale of a female warrior, a little-known heroine of the Bible: Jael the Conqueror. Like her counterpart David, who slew the giant Goliath, Jael was a black Kenite maiden chosen by God to fulfill her destiny, to slay the giant Sisera and deliver the children of Israel from bondage to Jabin, the wicked king. Deborah the prophetess, a judge over Israel, prophesied that the Lord would

sell Sisera into the hands of a woman. As Sisera came running into her tent, fleeing from Barak, Jael knew her life was in danger. She learned how to use her inner weapons of faith and wisdom, as God gave her strength to use milk, a hammer and a nail. As she placed the nail against Sisera's head, she felt the anointing power of God as never before. The Bible states in Judges 4:21, the nail went completely through Sisera's forehead and fastened itself deep into the ground. Jael professed her faith in the true and living God and chose to worship with the Israelites, despite her ancestral lineage. She never allowed her battles to be greater than her worship, prayers and praises to her God. Bishop Donald Downing gives a richly imaginative look into the possible life of Jael the Conqueror, from her childhood to adulthood, as she fought for the rights and protection of all women. He is of the opinion that we should not judge the battles of others if we are not willing to help them to fight their wars.

Indie Games in the Digital Age M.J. Clarke, Cynthia Wang, 2020-04-16 A host of digital affordances, including reduced cost production tools, open distribution platforms, and ubiquitous connectivity, have engendered the growth of indie games among makers and users, forcing critics to reconsider the question of who makes games and why. Taking seriously this new mode of cultural production compels analysts to reconsider the blurred boundaries and relations of makers, users and texts as well as their respective

relationship to cultural power and hierarchy. The contributions to Indie Games in the Digital Age consider these questions and examine a series of firms, makers, games and scenes, ranging from giants like Nintendo and Microsoft to grassroots games like Cards Against Humanity and Stardew Valley, to chart more precisely the productive and instructive disruption that this new site of cultural production offers.

Moon Games Shelly Frome, 2018-08-06 At the outset, Miranda Davis has nothing much going for her. The tourists are long gone by October in the quaint Carolina town of Black Mountain, her realty business is at a standstill, and her weekend stint managing the local tavern offers little to pull her out of the doldrums. When prominent church lady Cloris Raintree offers a stipend to

look into the whereabouts of a missing girl hiker on the Q.T, Miranda, along with her partner Harry (an unemployed features writer) agree. But then it all backfires. A burly figure shambles down a mountain slope with a semi-conscious girl draped over his shoulder. Miranda's attempts to uncover Cloris Raintree's true motives become near impossible as she puts up one smokescreen after another, including a slip of the tongue regarding an incident in Havana. The local police keep stonewalling and Harry is of little help. Tarot cards left on Cloris' doorstep and arcane prompts on her e-mail only exacerbate the situation. Growing more desperate over the captive girl's fate, Miranda comes across a link to a cold case of arson and murder.
