Moonchild Ewa Zwonarz,2014-12-06 In this coming-of-age tale that blends myth, mystery, and the magic of storytelling, we enter the world of a fifteen-year-old seeker named Eve. Growing up in rural Poland, Eve's small-town existence is radically transformed by a series of lucid dreams, influenced by the moon, in which she is

exposed to Sariel, a fallen angel. Sariel's cryptic messages, and demands for Eve to free him, draw her deeper and deeper into an ancient story of love, loss, and redemption. Eve's desire to heed the callings of her inner-life are confronted and challenged by family secrets and growing dysfunction, and her increasing alienation from her peers at school. Determined to find out who she really is, and the truth about her family legacy, Eve undertakes a quest, guided by a strange boy who calls himself Punk, in which dreams and reality merge, and a buried past is brought into the light.

Moonchild Illustrated Aleister Crowley,2021-07-16 Moonchild is an American alternative R&B band based in Los Angeles, California. The band consists of Amber Navran, Max Bryk, and Andris Mattson.[1][2] All three are alumni of USC Thornton School of Music's Jazz Studies program.[3][4][5] The band formed in the summer of 2011 after touring the west coast with Navran's previous solo project. The trio bonded in the car over similar music tastes and spent the summer and subsequent fall writing the music for what became their debut album Be Free, which would be released the following year. The debut album was well received by critics, garnering praise from many musical greats including Jill Scott, DJ Jazzy Jeff, and Stevie Wonder. After hearing the group's music in December 2012, Wonder invited the group to open for him at his annual House Full of Toys benefit concert.[citation needed] Since the release of Be Free in 2012, the band has released three more albums through British record label Tru Thoughts[6][7] and toured internationally. They have also collaborated on tracks with Rhapsody and Tall Black Guy.[citation needed] Moonchild performed an NPR Tiny Desk Concert in December 2019.[4] During the 2019 Little Ghost US Tour, the band used their platform to promote local charities in each city they played in.

Irwin Allen Television Productions, 1964-1970 Jon Abbott,2015-06-14 Before establishing himself as the “master of disaster” with the 1970s films The Poseidon Adventure and The Towering Inferno, Irwin Allen created four of television’s most exciting and enduring science-fiction series: Voyage to the Bottom of the Sea, Lost in Space, The Time Tunnel and Land of the Giants. These 1960s series were full of Allen’s favorite tricks, techniques and characteristic touches, and influenced other productions from the original Star Trek forward. Every science-fiction show owes something to Allen, yet none has equaled his series’ pace, excitement, or originality. This detailed examination and documentation of the premise and origin of the four shows offers an objective evaluation of every episode—and demonstrates that when Irwin Allen’s television episodes were good, they were great, and when they were bad, they were still terrific fun.
