Maplecrest Turkey Farms, Inc. Gordon Miller,2016-06-20 In the late 1920s until 1965 Maplecrest Turkey Farms of Wellman, Iowa, was a leading pioneer in the modern commercial turkey industry. A. C. Gingerich, an Amish-Mennonite farmer and entrepreneur, was able to successfully develop his business from a handful of turkeys to make Wellman both a "Turkey Capital/Center of the World" and have it uniquely proclaimed as "Thanksgiving Town" by the late 1930s. The Maplecrest brand was known for its premium quality and was available, by name, in leading restaurants also by the late 1930s. This historical book looks at how the modern turkey industry was able to initiate itself largely through knowledge of disease prevention through sanitation means. Some chapters include topics such as how the turkeys were raised, processed and marketed, especially to Eastern markets, e.g. New York City, Boston, etc., and a chapter on World War II discusses the major role that Maplecrest played in producing not only turkeys, but beef, pork and lamb for the armed forces.

The Warren Commission Report President's Commission on the Assassination of President Kennedy,U.S.

Government,2020-07-03 Warren Commission Report is the result of the investigation regarding the assassination of United States President John F. Kennedy. The U.S. Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed Commission to report on the assassination of President John F. Kennedy, mandating the attendance and testimony of witnesses and the production of evidence. After eleven months of the investigation the Commission presented its findings in 888-page final report. The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald, that Oswald acted entirely alone and that Jack Ruby also acted alone when he killed Oswald two days later. The Commission's findings have proven controversial and have been both challenged and supported by later studies.
