The Foundation Years of Elijah Muhammad 1958 - 1962 (Vols. 1 & 2) Elijah Muhammad, 2012-03 It has been approximately 40 years since these articles have been written. Many of the truths in them are not being taught today. You will find some of them in certain books compiled by Elijah Muhammad and then others may surface every now and then in photocopy or a citing here and there. In any case, these articles represent those submitted to various new organs of the early 50's and 60's. Some of these newspapers are no longer in business and others have simply gone through economic and social change prompting them to change their name and management. In the early days, when there was no Muhammad Speaks newspaper, which had become the official newspaper of the Nation of Islam, Elijah Muhammad submitted articles to various local papers for publication. Some of these newspapers were the Herald Dispatch, Amsterdam News, The Crusader and the Pittsburgh Courier. In various instances, after submitting articles, the Brotherhood of the Fruit of Islam (FOI) would begin distributing the papers in an effort to get the articles in Black people's hand. The sharp increase in distribution produced leverage with the paper that gave an insurance that the Messenger would be published. It was due to the Nation of Islam's distribution of many of these papers that pushed it into the status of mainstream in the black community. Previously, these tabloids were no more than nickel and dime shopper guides. Some of these articles are included in parts of Elijah Muhammad's books, as pointed out in their respective acknowledgements, making it clear that all of his books are actual compilations of previous speeches, articles and lectures. Considering the Messenger is one of the most prolific writers of our time, many of his articles were not included in his standard books. This work fell to those of us who understand that the guidance we need in his absence is in his literature. This is nothing new to those who mind. Our motivation for publishing these articles is simple. There are many truths that Messenger Elijah Muhammad taught that are not available today. We, therefore, are rising to the occasion to satisfy this vacuum. In the absence of the Trainer, the training will rise up and meet the occasion. We trust that if the reader reads something he or she has read before, it will only enhance their knowledge base. There, however, are many items that will be fairly new to you. We hope that whatever experience one has, it will be one that benefits our nation and in this way, regardless of when or if you have read it, you will act upon the principle contained herein. For as Elijah Muhammad, Messenger of Allah, said, Mere belief counts for nothing, unless carried into practice. Nasir Makr Hakim Minister of Elijah Muhammad, Messenger of Allah

*They Thought They Were Muslims, Followers of Elijah Muhammad* Nasir Hakim, 2008-12 It is widely stated euphemistically that the Nation of Islam had changed directions on several occasions. I used the adjective euphemistically, because it brushes over the severity of the action and consequences. Innovation, improvement, etc... is part of change and advancement; however, it must maintain a consistent grounding in its foundation and fundamental principles of definition. If its base is violated and made to appear negotiable or susceptible to change, then ambiguity, vagueness, uncertainty, haziness, and doubt become the order of the day. Under this cloud of indistinctness what some thought was not possible, became the norm. The book, *They Thought They Were Followers of Elijah Muhammad...But Then It Was Too Late*, tells the story.

Travelling Home: Essays on Islam in Europe Abdal Hakim Murad, 2020-04-29 A forceful study of Islamophobia in Europe in an age of populism and pandemic, considering survival strategies for Muslims on the basis of Qur'an, Hadith, and the Islamic theological, legal

and spiritual legacy.

*From Pen 2 Pen...* Abdul-Hakim Muhammad MSW,2021-08-04 *From Pen 2 Pen...* examines the life of an individual who spent time in the Prison Industrial Complex. The story begins by analyzing society in regard to the constitution and how men and women are treated based on the color of their skin. As a result of the rules that govern society, the author describes his stay in a maximum security prison. This episode led the author down a path that was unforeseen but became a reality, which affects how he looks at and examines certain people based on skin color. The author utilizes the ink/pen to explain how he made the transition from Pen life to learning about the components that make up our criminal justice system. In his quest for understanding, he became a student that examined many of the factors that lead to incarceration. The tools of education are outlined throughout the story. It helps the reader understand what it takes to make that transition from criminal activity to fundamental awareness. The author managed to attend a community college, a four-year college and, later, graduate school. While engaging in these institutions of education, the author developed a passion for learning the best form of rehabilitation. The path this book follows can be used in any society in any part of the world. Moreover, the author continues to explain how none of his achievements were successfully completed without the help, instructions, and guidance from his Creator and Sustainer: Allah, Lord of All the Worlds. The author looks at this component as a decisive factor he used in all of his affairs. He closes with this statement: All praise is due to Allah, and may the peace and blessings of Allah be upon Muhammad, his family, his companions. May Allah be pleased with them all and all of those who follow him until the last day. Ameen.

**Paradigm Shift** Nasir Hakim,2010-10-10 This book is prepared to assist those who seek the results of learning higher knowledge. When you have this particular type of knowledge, it enables its bearer to overcome obstacles, barriers or resistance. Simply having the latest information, tidbits of gossip or misinformation, doesn't qualify. In this age of information, many have come to believe that quantity is just as valuable as quality, but when it comes to subject of theology (God Science), metaphysics (Form and Spirit) or esotericism (Mysteries and Secrets), quality is everything. The best quality is knowledge that which is firmly rooted or based on natural law and consistent with modern time. Unfortunately, more times than not, when introduced to this type of knowledge, rarely are we told that incremental spiritual development is necessary; consequently, we take in knowledge or degrees of knowledge before time and it may corrupt us, short change us or extend us beyond our capacity, which results in more damage than good. The reader is invited to a paradigm shift that will provide a different way of seeing Elijah Muhammad's messengership in a very progressive light. A check up from the neck up is needed. Once you free your mind, the rest of you will follow. The reader will find it here.

**Is Elijah Muhammad the Offspring of Noble Drew Ali and Marcus Garvey** Hakim Nasir,2008-12 This book examines the claim of Elijah Muhammad's roots. It has been said that success is an orphan with many fathers. The history, work and success of Elijah Muhammad is a classic example. Although during the great migration of blacks from the south to the north, many attempts were made to address their plight in the inner cities, the true solution went unaddressed until Master Fard Muhammad (God in person) came and raised up, then taught Elijah Muhammad how to raise the mentally dead so-called Negroes of America. The book lays out interesting

arguments which enables the reader to see the clear evidence. The Fruit never falls far from the tree from whence it came.

**The Workshop for Morality** Dindin Solahudin,2008-08-01 This ethnographic study attempts to portray Pesantren Daarut Tauhid in Bandung, Java, in terms of its emergence, its nature and structure, and the role it plays in the reinforcement of Islamic morality in a Muslim community. The initial stages and the foundation of the pesantren are first discussed in order to understand a number of events which were crucial to the emergence of the pesantren. The thesis then examines the nature of the leader and his followers and the structure of interrelationships between them. Next, the practice of Islam at the pesantren is discussed in order to consider its creativity in expressing Islam. Finally, the thesis discusses the ways by which the pesantren reinforces religious morality.--Provided by publisher.

**The Great Mughals and their India** Dirk Collier,2016-03-01 A definitive, comprehensive and engrossing chronicle of one of the greatest dynasties of the world – the Mughal – from its founder Babur to Bahadur Shah Zafar, the last of the clan The magnificent Mughal legacy – the world-famous Taj Mahal being the most prominent among countless other examples – is an inexhaustible source of inspiration to historians, writers, moviemakers, artists and ordinary mortals alike. Mughal history abounds with all the ingredients of classical drama: ambition and frustration, hope and despair, grandeur and decline, love and hate, and loyalty and betrayal. In other words: it is great to read and offers ample food for thought on the human condition. Much more importantly, Mughal history deserves to be widely read and reflected upon, because of its lasting cultural and socio-political relevance to today's world in general and the Indian subcontinent in particular. The Mughals have left us with a legacy that cannot be erased. With regard to the eventful reigns of Babur, Humayun, Akbar, Jahangir, Shah Jahan, Aurangzeb and their successors, crucial questions arise: Where did they succeed? Where did

they fail? And more importantly, what should we learn from their triumphs and failures? The author believes that history books should be accurate, informative and entertaining. In *The Great Mughals and Their India*, he has kept these objectives in mind in an attempt to narrate Mughal history from their perspective. At the same time, he does not shy away from dealing with controversial issues. Here is a fascinating and riveting saga that brings alive a spectacular bygone era – authentically and convincingly.

*Indian Feminism* Rukhsana Iftikhar, 2016-06-06 This book deals with miseries and problems of Indian women with respect to their social class structure. India is known for its caste system and its economic and political history is based upon these classes. Feminist history is also interwoven with the social classes. Women were treated as private property in medieval India. In this book, women of elite classes in the middle ages such as Razyia and Noor Jahan are discussed. Razyia was scandalized with Yaqut solely due to her gender. Noor Jahan belonged to the vast harem of Emperor Jahangir. She had to survive in a harem, as well as strengthen her political position in the court of the great Mughals. The issues of the spinster princess like Jahanara and Zeb-un-nisa are also highlighted. The purdah had also set a standard for social morals for women in the middle ages. The political and cultural activities of Mughal women were the channels of their catharsis. They were able to accomplish things because they had money and the resources. The women of the middle and lower classes bore the burden of the class, family and society. This book also describes other aspects of that age such as clothing and jewelry.
