Carrying Dhirubhai's Vision Forward: Mukesh Ambani Compiled & Edited by: Pradeep Thakur,2009-01-01 If Dhirubhai Ambani was a larger-than-life patriarch and Anil was the public face of Reliance, Mukesh Ambani was an enigma. Those who knew him well credited him with leading Reliance's turbo-charged growth over the last two decades. But very little is publicly known of his beliefs, vision and motivation. In this book I am just trying to sketch the highlights of his life, the legacy of Dhirubhai and his business. You may say Mukesh is the child born with silver spoon, but this is not the true picture. The real picture is interesting to observe. The saga of Reliance and the story of the career of the great legacy i.e. Mukesh Ambani couldn't be finished in this book. This book only tries to creat a window to see the life and work of the richest man of Asia.

The Maverick and His Moves Mukesh Yadav,2016-12-19 -The proposal book titledThe Maverick and his moves,is based on world's well-known star and one of the biggest names of Indian cinema SHAHRUKH KHAN. -It is not a biography. It is a compilation of thoughts, beliefs, views and ideas of Shahrukh Khan, which shaped him as an actor, an entrepreneur, a brand-endorser, a television presenter, a philanthropist, a father or simply as a human being. -The book also includes sound bites of Shahrukh Khan which he has said in interviews, press conferences, candid chats, panel discussions and events. -In this book, there are a very few things about the movies of Shahrukh Khan. The book includes discussion of stories and challenges in his life as we can learn from those as well. -The book is not a homage but it does talk very honestly about the person, the character and the characteristics of the actor.

The Tao of Pug Nancy Levine,Wilson the Pug,2017-04-04 Playful, endearing, and clearly profound, The Tao of Pug looks at the big picture from the eyes of a little dog. Meet Wilson the Pug, a dog with a great deal of wisdom to share. A much-admired spiritual teacher, Wilson lives by the

principles of the Tao Te Ching, the ancient Chinese text on the art of living. Passed on through the generations from his ancestor Pug-tzu—companion to the philosopher and author of the Tao Te Ching, Lao-tzu—the wisdom of the Tao has helped Wilson lead a simple, peaceful, and fulfilling life. Deciding it was time to share this spiritual knowledge, Wilson enlisted the help of his owner (and photographer), Nancy Levine, to bring you The Tao of Pug. Each photograph captures Wilson's charm and humor as he illustrates the timeless principles of the Tao Te Ching with examples from his active life alongside quotes from the original text. With his adorably expressive face, funny poses, and trademark yin-yang coat, Wilson has an unmistakable magnetism that has won him countless admirers, of all canine and philosophical persuasions. Wilson's comical lessons on life pair beautifully with Levine's delightful photographs to make The Tao of Pug a must-have book for pug lovers of any age.

Sindhi Roots & Rituals - Part 1 Dayal N Harjani aka DADUZEN,2018-07-19 Mr. Dayal N Harjani's recent publication "Sindhi Roots & Rituals," a magnum opus, is the outcome of Harjani's painstaking research of years, studying hundreds of books and collecting the information orally from vast number of persons with intimate knowledge. He has successfully unraveled the historical, economical, and cultural past of the most ancient race of Indus Valley Civilization, with incisive analysis and deep insight. No doubt it is his labour of love and sense of responsibility, which has induced him to undertake this arduous task, never attempted before. Exploring the subject under his lenses, Harjani has realized that Sindhi Community is passing through a serious Identity Crisis. Sindhi Language, the quintessence of its rich culture is in pitiable condition. It hangs at the perilous precipice from where it is poised to leap into the chasm of oblivion. The Sound of tolling bells is quite loud and clear. According to Harjani, Sindhis have to act fast on war footing, if they wish to survive, eluding the list of races which may vanish from earth in near future. Mr. Harjani has suggested few remedial measures as given below. 1. Sindhis should strive to create their homeland,

the suitable location for the same is Kutch region adjoining Sindh. 2. They should also establish “Bharti Sindhu Vidyapeeth,” a Cultural University to act as a repository of all the knowledge about Sindh and Sindhis, to preserve and promote Sindhi Language & Culture. 3. They should build “Shree Jhulelal Tirthdham” on a gigantic scale, at Narayan Sarovar which is the site where River Sindhu merged in Sindhu Sagar. Lord Jhulelal, Ishtdev of Sindhis shall certainly reappear at the same spot to become their saviour, if all the Sindhis united together to beckon Him, whole heartedly in one voice. - Lakhmi Khilnani Director and Founder Member Indian Institute of Sindhology Adipur

Villages, Women, and the Success of Dairy Cooperatives in India Pratyusha Basu, 2009 India's cooperative dairying program is widely celebrated as an example of successful rural development, yet the meanings of this success have been understood mainly through the pronouncements of national and international development agencies. Within such official narratives, there has been relatively little engagement with the geographies of dairy development, both its place-specific productions through political contests, availabilities of labor, and distributions of agricultural resources, and the unevenness of its outcomes across rural India. This absence is even more surprising given that village-level cooperatives comprise the foundation of India's dairy development

program, and the work of women within rural households is continuously invoked as an integral part of the dairy work. This book extends and enriches current understandings of cooperative dairying in India to show both its value to rural communities as well as the limitations of its participatory structures. Combining comparative and ethnographic approaches, explanations for the diverse outcomes of cooperative dairying are provided from the perspective of the people and places directly involved in the everyday reproductions of rural development. This book contributes to existing understandings of rural development and rural geographies in four significant ways. First, by following histories of development from their local origins to their national and international appearances, the global genealogies that are usually attached to development are rendered more complex. Second, by connecting cooperatives to place, the ways in which participation in development reflects local struggles for power and, hence, are structured through local inequalities, is revealed. Third, by linking dairying and agriculture, the continuing importance of resource distributions in shaping the outcomes of rural development is highlighted. Finally, the crucial role of household divisions of labor in the success of village dairy cooperatives is explicated through showing how struggles over the meanings of rural women's work become key to enabling household-level participation in dairying. This book will be of interest to scholars in a wide range of disciplinary and interdisciplinary fields, including geography, sociology, anthropology, rural studies, development studies, gender studies, and regional studies of India.
