Sacred and Stolen Gary Vikan, 2016-09-20 *Sacred and Stolen* is the memoir of an art museum director with the courage to reveal what goes on behind the scenes. Gary Vikan lays bare the messy underbelly of museum life: looted antiquities, crooked dealers, deluded collectors, duplicitous public officials, fakes, inside thefts, bribery, and failed exhibitions. These backstories, at once shocking and comical, reveal a man with a taste for adventure, an eagerness to fan the flames of excitement, and comfort with the chaos that often ensued. A Minnesota kid who started out as a printer's devil in his father's small-town newspaper, Vikan ended up as the director of The Walters Art Museum, a gem of a museum in Baltimore. *Sacred and Stolen* reveals his quest to bring the "holy" into the museum experience as he struggles to reconcile his passion for acquiring sacred works of art with his suspicion that they were stolen. The cast of characters in his many adventures include the elegant French oil heiress, Dominique de Menil, the notorious Turkish smuggler, Aydin Dikmen, his slippery Dutch dealer, Michel van Rijn, the inscrutable and implacable Patriarchs of Ethiopia and Georgia, and the charismatic President of Georgia, Eduard Shevardnadze—along with a mysterious thief of a gorgeous Renoir painting missing from a museum for over sixty years. When the painting suddenly shows up, it's Vikan who tracks down the culprit. In his afterword Vikan explains his coming to grips with the realities of art dealing in our present dangerous world that includes the fanatical iconoclasm of the Islamic State. We know of the violent destruction and looting of precious treasures of antiquity and unscrupulous black market art dealers who take advantage of international conflicts to possess them. *Sacred and Stolen* is a truly eye-opening account of art dealing in the modern world.

A Funny Thing Happened at the Museum . . . Davide Cali, Benjamin Chaud, 2017-03-14 There's more to this museum than meets the eye! This is the wonderfully wacky world of celebrated international author-illustrator team Davide Cali and Benjamin Chaud, the duo behind Junior Library Guild selections *I Didn't Do My Homework Because . . .*, *The Truth About My Unbelievable Summer . . .*, and *A Funny Thing Happened on the Way to School . . .* Notoriously (and delightfully) unreliable narrator Henry is late to a museum where his class is spending the day. But he has a plan: He'll just catch up in one of the exhibits. That's not possible in these halls! With volcanoes erupting, dinosaurs charging, and secret stairwells lurking, reuniting with his classmates becomes a quest of outrageous proportions. Young readers will revel in this entertaining book's over-the-top antics.

Where Darwin Meets the Bible Larry A. Witham, 2002-11-07 The conflict between creationists and evolutionists has raged ever since the publication of *On the Origin of Species* in 1859. And yet, even as generations of Americans have fought and re-fought the same battles, the contours of the debate have in recent years shifted dramatically. Tracking the dizzying rhetorical heights and opportunistic political lows of this controversy, Larry Witham travels to America's churches, schools, universities, museums, and government agencies to present creationists and evolutionists in their own unfiltered voices. We meet leading creationists and proponents of Intelligent Design such as Michael Behe; evolutionists such as Richard Dawkins; and theistic scientists who describe how they reconcile God and Nature. Today, Biblical literalism is tempered by the Intelligent Design movement, which finds evidence of God's presence in nature's patterns. The once-dominant young earth school has been replaced by a creationism that conscripts the language of science to advance the creationist cause. Meanwhile, evolutionary scientists hesitate to point out gaps in their theories for fear that such self-scrutiny could serve as fodder for anti-evolution propaganda. In an age marked both by a rising religious tide and daily scientific breakthroughs, *Where Darwin Meets the Bible* provides the standard account of this lasting conflict.

Strawberries in July Konstantina Spyropoulou, 2021-10-09 Have you ever wondered what ancient artifacts would say if they could speak? How would ancient sculptures behave if they were alive in modern times? The Erechtheion Caryatids are sisters of exceptional beauty and charm. For centuries they have adorned the Erechtheion at the north side of the Acropolis with dignity and perseverance. But one fatal night, everything changes. Years later, night falls at the Acropolis Museum and five sculptures have a daring plan. Will they be able to retrace their lost memories or will they abandon them forever? Follow along as the famous Erechtheion Caryatids explore life as working women -or statues- in the 21st century and let them take you on a quest for freedom, catharsis, and self-fulfillment in the pages of this contemporary play.

The Hermetic Museum, Restored and Enlarged Arthur Edward Waite, 2009-07 THE HERMETIC MUSEUM would seem to represent a distinctive school in Alchemy, not altogether committed to certain modes and terminology which derived most of their prestige from the past, and sufficiently enigmatical as it was, still inclined to be less obscure and misleading than was the habit of the older masters. For it belonged to a period which had inherited a bitter experience of the failures, impostures, and misery surrounding the Magnum Opus and its mystical quest, which was weary of unequipped experiment, weary of wandering multipliers, and pretentious bellows-blowers, while it was just being awakened to the conviction that if Alchemy were true at all, it was not to be learned from books, or, at least, from any books which had hitherto been written on the subject. Running through all the tracts which are comprised in the following volumes, the reader will recognize traces of a central claim in alchemical initiation—that the secrets, whatever they were, must be understood as the property of a college of adepts, pretending to have subsisted from time almost immemorial, and revealing themselves to the select and the few, while the literature, large as it is, appears chiefly as an instrument of intercommunication between those who knew. At the same time, it may also be regarded as a sign and omen to the likely seeker, an advertisement that there was a mystery, and that he must go further who would unravel it.

Sensational Devotion Jill C Stevenson, 2013-04-15 *Sensational Devotion* examines contemporary Passion plays, biblical theme parks, Holy Land recreations, creationist museums, and megachurches in order to understand how they serve their evangelical believer-users while also shaping larger cultural and national dialogues. Jill Stevenson explores how performative media support specific theologies and core beliefs by creating sensual, live experiences for those who use them. The book explores evangelical performance across a range of media and sites, including film, television, theater, tourist attractions, museums, and places of worship. Using historical research coupled with firsthand experiences, it critically examines these spaces and events within their specific religious, cultural, and national contexts, while placing them within a long devotional tradition to suggest how they cultivate religious belief by generating vivid, sensual, affectively oriented, and individualized experiences. Stevenson's analysis builds upon existing work on performance and cognition, as well as theories of affect, as it contributes to existing scholarship on American evangelicalism and evangelical Christian media.

The Emerging Asian City Vinayak Bharne, 2012-11-12 The Asian urban landscape contains nearly half of the planet's inhabitants and more than half of its slum population living in some of its oldest and densest cities. It encompasses some of the world's oldest civilizations and colonizations, and today contains some of the world's fastest growing cities and economies. As such Asian cities create concomitant imagery – polarizations of poverty and wealth, blurred lines between formality and informality, and stark juxtapositions of ancient historic places with shimmering new skylines. This book embraces the complexity and ambiguity of the Asian urban landscape, and surveys its bewildering array of multifarious urbanities and urbanisms. Twenty-four essays offer scholarly reflections and positions on the complex forces and issues shaping Asian cities today, looking at why Asian cities are different from the West and whether they are treading a different path to their futures. Their combined narrative – spanning from Turkey to Japan and Mongolia to Indonesia - is framed around three sections: *Traditions* reflects on indigenous urbanisms and historic places, *Tensions* reflects on the legacies of Asia's East-West dialectic through both colonialism and modernism and *Transformations* examines Asia's new emerging utopias and urban aspirations. The book claims that the histories and destinies of cities across various parts of Asia are far too enmeshed to unpack or oversimplify. Avoiding the categorization of Asian cities exclusively by geographic location (south-east, Middle East), or the convenient tagging of the term Asian on selective regional parts of the continent, it takes a broad intellectual view of the Asian urban landscape as a 'both...and' phenomenon; as a series of diverse confluences – geographic, historic and political – extending from the deserts of the Persian Gulf region to the Pearl River Delta. Arguing for Asian cities to be taken seriously on their own terms, this book represents Asia – as a fount of extraordinary knowledge that can challenge our fundamental preconceptions of what cities are and ought to be.

The Poe Shrine Christopher P. Semtner, 2017-12 Although he is one of the world's most popular authors who continues to thrill and chill readers of all ages, Edgar Allan Poe's life is as enigmatic as his sudden, unexplained death. In a quest for solutions to the mysteries surrounding the poet's life and work, a group of Poe devotees founded the Poe Shrine in 1922. This body included the world's most prolific Poe collector, a psychiatrist who believed Poe was clairvoyant, and the grandson of Poe's worst enemy. Within four years of the Shrine's opening, one of the founders had committed suicide,

another was committed to a mental hospital, and a third had been banned from ever entering the Shrine again. Somehow, over the course of 95 years, their museum has managed to assemble to world's finest collection of Poe artifacts and memorabilia featuring the author's boyhood bed, clothing, walking stick, and hair clipped from his head after his death. Drawing on the museum's archives, The Poe Shrine tells the story of these coveted objects, the people who collected them, and the institution that serves as their repository.

Ghosts of the Presidential Library A A Randazzo,2020-03-29 In this mystery thriller, a determined writer sets out to prove that the Resolute desk in the Oval Office in Washington D.C. is a fake. Annabelle knows where the genuine desk is and, not only that, she believes lost souls haunt the desk. The Resolute desk was made from the timbers of a nineteenth century British ship that sailed into the Arctic on a quest to find the Northwest Passage and the lost explorer, Sir John Franklin. Hopelessly trapped in the ice, her crew abandoned the ship. The HMS Resolute eventually broke free, sailing 1,200 miles in the treacherous icy waters. Did the ship navigate by chance or did a ghost crew guide her? Annabelle is a docent at the Ronald Reagan Presidential Library and Museum. The museum highlights the life and times of President Reagan including a replica room of the Oval Office containing a replica Resolute desk. When unexplained and even dangerous events happen in the museum, Annabelle searches for clues within the desk's secret drawers and within its very timbers. The curator Rusty, overworked and nervous, brings together rare artifacts for an exhibit on the HMS Resolute and lost Arctic explorers. A prize relic of the Inuit is a mystical Wind-Maker Spirit mask whose powerful magic awakens spirits forgotten and forlorn. Annabelle's feisty daughter, Whitney, a security guard at the museum, struggles with post-traumatic stress after her military service. She doesn't believe in ghosts until she becomes the target of a malevolent entity. Whitney's erratic mood swings threaten her sanity and her rocky romance with another guard, the handsome Alex, adds to the drama. As Annabelle strives to solve the mystery of the Resolute desk, spirits evil and primitive rise endangering those she loves. Hidden within a frozen lost world is the answer if only the seekers can survive to find it.

Inspiring Walt Disney: The Animation of French Decorative Arts Wolf Burchard,2021-12-06 Pink castles, talking sofas, and objects coming to life: what may sound like the fantasies of Hollywood dream-maker Walt Disney were in fact the figments of the colorful salons of Rococo Paris. Exploring the novel use of French motifs in Disney films and theme parks, this publication features forty works of eighteenth-century European design—from tapestries and furniture to Boulle clocks and Sèvres porcelain—alongside 150 Disney film stills, drawings, and other works on paper. The text connects these art forms through a shared dedication to craftsmanship and highlights references to European art in Disney films, including nods to Gothic Revival architecture in Cinderella (1950); bejeweled, medieval manuscripts in Sleeping Beauty (1959); and Rococo-inspired furnishings and objects brought to life in Beauty and the Beast (1991). Bridging fact and fantasy, this book draws remarkable new parallels between Disney's magical creations and their artistic inspirations.
