They love to sing and dance, and they love it when adults sing and dance along with them. The games are not competitive, they encourage and reward children for participating, not for winning.

101 More Music Games for Children Ger Storms, Jerry Storms, 2001 Music games are relaxing and playful. They encourage creativity both in children's imagination and expression. All players need is a willingness to have fun and to experience the joys of interacting with others. The games include rhythm games, dance and movement games, card and board games, and musical projects. All of the games stress humor, challenge, surprise and cooperation rather than competition.

All of them have simple, clear rules, and they stress excitement, humor, challenge, surprise, and cooperation rather than competition. Whether or not kids are musical or play an instrument, these activities can help them: develop musical skills such as spontaneous singing; create, play, and recognize various rhythms; appreciate the structure of sounds; and learn how to play with all kinds of instruments. Like its best-selling predecessor, this book encourages and enhances creative expression, social interaction, family relationships, and kids' budding powers of listening, concentration, and discrimination.

101 Music Games for Children Jerry Storms, 2011-01-01 This lively and imaginative book is being used in homes and schools in over 13 countries to help children learn about music and sound while they develop the ability to listen, concentrate, be creative, improvise, and trust one another. Using audiocassettes or CDs, of popular songs and simple instruments children and adults get to play listening games, concentration games, musical quizzes, trust games, guessing games, and more. The games are not competitive--they encourage and reward children for participation, not for winning. The SmartFunActivity series encourage imagination, social interaction, and self-expression in children. To make the books easy to use, games are marked according to appropriate age levels, length of play time, and group size, using helpful icons. Most games are non-competitive and none require special skills or training. The series is widely used in homes, schools, daycare centers, clubs, and summer camps.
