Choice or Chance Stephen Nowicki, 2016-05-17 How Much Do You Believe That What Happens to You Is the Result of Your Own Actions—or Do Circumstances Beyond Your Control Largely Determine Your Fate? Locus of Control (LOC) is a phrase used by psychologists to describe a widely effective way of assessing an individual's potential for success—personal, social, and financial. LOC measures how much you believe what happens to you is the result of your own actions or, conversely, of forces and circumstances beyond your control. People who accept that they are largely in control of their lives tend to do better than those who feel that fate or external factors rule what they do, especially in novel and difficult situations. This book explains LOC research, until now mainly confined to academic circles, in terms easily understandable to the average person. The author, a clinical psychologist who has spent nearly five decades investigating and writing about LOC, helps the reader to explore his or her own locus of control and what those orientations might mean for how life is lived. He discusses the extensively documented relationship between LOC and academic achievement, personal and social adjustment, health, and financial success. Dr. Nowicki notes that there has been an increasing tendency among Americans to feel as though their lives are slipping out of their control, and he identifies ways to reverse this negative trend. He describes how the Locus of Control is learned and demonstrates ways in which it can be changed to yield higher levels of achievement, success, personal satisfaction, and better interactions with others.

Mysticism, Madness, Myth and Mania Robert Laynton, 2015-02-14 What happens when a person has a Clear, Vivid, ecstatic, transcendent religious or spiritual experience where they sense that they are being 'caught up' to God, or Spirit? Do they really encounter an unseen, intangible 'spiritual realm' that is Ultimate Reality and the Ground of existence? Why do some people who are diagnosed as 'mentally ill' claim to have such experiences? If a person persists in these kinds of beliefs, are they deluded, or even mad? Are they actually suffering from 'religious mania'? Are atheists correct in dismissing these experiences as merely 'psychological'? Or is it the atheists who are blind and deaf when it comes to Ultimate Reality? Drawing from personal experience and from over forty years of practical and theoretical engagement with spirituality and religion, as well as from approaches within psychology, author Robert Laynton explores these questions, not as a defense of religion or spirituality but as an exploration of experience on the edge of reason.

Our Hearts and Minds Together Serafin Talisayon, 2023-03-20 As the pandemic was raging in 2021 and wreaking emotional havoc on many people, the author was inspired to start writing a practical self-help book on emotional intelligence. He posted a picture of himself on Facebook with a wall of beautiful flowers behind him. The caption was a quote from singer John Denver, "sunshine on my shoulders keeps me happy." It received nearly 400 likes/loves. There is a deep yearning for happiness. He then invited his Facebook friends to help him draft the book. This book is the product of three months of intense and exciting co-creation among twenty people. They helped by commenting, drafting paragraphs or chapters, editing, contributing their photographs, contributing their stories and experiences, planning social media marketing, and helping with the book launching on 14 February 2022. They felt a Guiding Hand and a Purpose behind them. The co-creators of this handbook hope that you, dear readers, will feel it too.

Ignition Matthew L. Moseley, 2021-06-01 Ignition is a book of dispatches from the frontlines of communication strategy. Matthew L. Moseley draws on his eclectic life experiences to investigate the link between success and effective communication. Whether he's choreographing a fine dining experience at the top restaurant in America, using rock stars to register voters, helping a national chain save its reputation after a gaffe goes viral, or serving as media liaison at the epic ash-blast send-off for author Hunter S. Thompson, Moseley identifies the principles that guide communication strategies toward their goals. In extensive interviews with a wide variety of experts, including authors, fighter pilots, business leaders, politicians, and astrophysicists, Moseley tests these principles, teases out new, provocative ideas, and anticipates how forming stronger connections will help us address today's greatest challenges. Though it tackles serious subjects, offers an illuminating perspective on the evolution of human discourse, and shares important insights on interpersonal relations, Ignition is also a good, fun read. A broad range of colorful anecdotes gives this book of philosophical wisdom and practical advice the zest of a juicy memoir.

The Methuen Drama Book of Suffrage Plays Cicely Hamilton,Christopher St John,Beatrice Harraden,Evelyn Glover,H.V. Esmond,H.M. Paull,Harlow Phibbs,George Middleton,2013-01-31 The Methuen Drama Book of Suffrage Plays is an anthology of eight exciting pieces written for and by members of the Actresses Franchise League from 1909-13. Immediately playable, they offer strong, varied roles for female casts, while also providing invaluable source material to students and scholars from a wide range of disciplines. Featuring 'How The Vote Was Won' which remains one of the most popular and well known suffrage plays, the volume also includes seven shorter works: 'Lady Geraldine's Speech' (1909), a fantastic, fun piece for actresses. Lady Geraldine hasn't thought through the Suffrage cause and, on a visit to an old school friend meets some charismatic, successful and intelligent women who soon enlighten and encourage her on to the right path! 'Pot and Kettle' (1909), a comic piece in which a young woman returns to her family in great distress having assaulted a suffragette who was sitting near her at a Anti-Suffragist meeting. 'Miss Appleyard's Awakening' about an anti-suffrage campaigner who finds herself in the home of a sympathizer but ends up inadvertently drawing her hostesses' attention to the contradictions in her arguments 'Her Vote' by the actor and playwright Henry Esmond which provides an interesting male viewpoint on the movement, criticizing the young suffragist for wanting to be part of a movement about which she seems to understand little. 'The Anti-Suffragist or The Other Side', a charming, clever monologue about a sheltered young woman who finds herself increasingly involved with her local Anti-Suffrage society and increasingly puzzled by what she learns there. 'The Mother's Meeting', an entertaining monologue that uses a working class character to expose the inconsistencies in the Anti-Suffrage arguments. 'Tradition' was first performed at a matinee for the Woman Suffrage Party held at the Berkeley Theatre in New York City on Saturday 24 January 1913. The plays featured articulate the arguments of the Suffrage Movement through a variety of styles, both comic and serious, and perfectly illustrate the use of drama as a medium for social change and entertainment. Together with illustrations and an introduction charting the history of the Actresses Franchise League and exploring the context and provenance of the plays, this is an excellent resource for both study and performance.
