In this book, you'll discover: A unique "gifting strategy" that scored me connections with the CEO of Best Buy and CFO of Salesforce A special "smile" to have people think you're more likable, credible, and influential How to get more connections by picking fights with people A unique method to get connections from outside of LinkedIn...by answering simple questions The 'affinity' strategy which turns ice cold LinkedIn strangers into warm contacts Tweaks you can make in 5 minutes to get more connections A simple writing strategy to magnetically attract connections...even if you're not a writer The one type of conversation which kills your connection rate...and what to do instead The power of "everywhere", and how it makes people chase you for a connection Discover how anybody can use the 4P strategy to reach 30,000 connections. This level of connections puts you in the top 1% of LinkedIn users. Why reach for the top 1% on LinkedIn? Because the 1% get the spoils...like more publicity, book deals, and opportunities dropped in their lap. If you're tired of being on the outside and want to be somebody people chase on LinkedIn, then invest in this book.

The Magnetic Leader Roberta Chinsky Matuson,2017-03-03 Employees don't work for companies; they work for people. The more irresistible you are as a leader, the more pull you have for employees to want to stay and for your customers to remain loyal. In The Magnetic Leader, Roberta Matuson asks us to consider that the quality of a company's leadership is the most important factor in attracting and retaining high-quality employees. Matuson has spent 20 years helping organizations achieve both market leadership and dynamic growth by maximizing the talent they already have, in addition to creating a magnetic environment that attracts high-caliber new hires. Many are searching for a magical formula, but the fact is that the answer lies inside businesses' organizations. Instead of offering crazy perks, companies need to focus on the one perk they can't get anywhere else, which is the opportunity to work with a truly magnetic leader. The Magnetic Leader aids readers in transforming their leadership style from push to pull, repel to attract, dismal to good, and then good to great. They'll become magnetic leaders who attract the cream of the crop and ultimately create legions of loyal, talented superstars eager to beat the competition.

Scientific and Clinical Applications of Magnetic Carriers Urs Häfeli,Wolfgang Schütt,Joachim Teller,Maciej Zborowski,2013-11-11 The discovery of uniform latex particles by polymer chemists of the Dow Chemical Company nearly 50 years ago opened up new exciting fields for scientists and physicians and established many new biomedical applications. Many in vitro diagnostic tests such as the latex agglutination tests, analytical cell and phagocytosis tests have since become routine. They were all developed on the basis of small particles bound to biological active molecules and fluorescent and radioactive markers. Further developments are ongoing, with the focus now shifted to applications of polymer particles in the controlled and directed transport of drugs in living systems. Four important factors make microspheres interesting for in vivo applications: First, biocompatible polymer particles can be used to transport known amounts of drug and release them in a controlled fashion. Second, particles can be made of materials which biodegrade in living organisms without doing any harm. Third, particles with modified surfaces are able to avoid rapid capture by the reticuloendothelial system and therefore enhance their blood circulation time. Fourth, combining particles with specific molecules may allow organ-directed targeting.

O Magnet TS Layne, 2021-01-12 Some women call me a prince, others call me a perv. They all call me a giant in the bedroom and king of their pleasure. I like it that way. As the CTO of Steele Conglomerate, and one of Kansas City's most eligible bachelors, I have no desire to settle down and become 'a man about the house.' My mother has other ideas. For the last six years, she's been trying to marry me off — parading all manner of heiresses, debutantes and socialites in front of me like plumed birds. All so that she can do the important work of becoming a grandmother. She's even started dropping by my office with prospects — on a daily basis. But I'm going to beat her at her own game. Not only am I going to convince her I'm getting married, I'm going to pick the last woman my mother would ever choose for me... my crazy assistant, Penelope Fischer — Penny. This is going to be so great... **TS Layne is the Alter Ego of USA Today Bestselling Author Tessa Layne. TS Writes Bad Boys & Billionaires.
