The Routledge Handbook of Judaism in the 21st Century Keren Eva Fraiman, Dean Phillip Bell, 2023-03-01 The Routledge Handbook of Judaism in the 21st Century is a cutting-edge volume that addresses central questions and issues animating Judaism, Jewish identity, and Jewish society in a global, integrated, and forward-looking way. It introduces readers to the complexity of Judaism as it has developed and continues to develop throughout the 21st century through the prism of three contemporary sets of issues: identities and geographies; structures and power; and knowledge and performances. Within these sections, international contributors examine central issues, topics, and debates, including: individual and collective identity; globalization and localization; Jewish demography; diversity, denominations, and pluralism; interreligious relations; political orientations; community organization; family and gender; the Bible and Talmud today; Jewish philosophy and authority in Jewish thought; digital Judaism; antisemitism; Jewish spirituality and rituals; memory; language; religious education; material culture, literature, music, and art; approaches to the environment; and contemporary Zionism and Israel. The handbook also includes an extensive bibliography to help orient readers to the most important and leading work in the field. The Routledge Handbook of Judaism in the 21st Century is essential reading for students and researchers in religious studies and Jewish studies. It will also be useful for those in related fields, such as cultural studies, literature, sociology, anthropology, and history, as well as Jewish professionals and lay leaders.

Greeted With Smiles Evan Rapport, 2014-10-16 As the Soviet Union stood on the brink of collapse, thousands of Bukharian Jews left their homes from across the predominantly Muslim cities of Central Asia, to reestablish their lives in the United States, Israel and Europe. Today, about thirty thousand Bukharian Jews reside in New York City, settled into close-knit communities and existing as a quintessential American immigrant group. For Bukharian immigrants, music is an essential part of their communal self-definition, and musicians frequently act as cultural representatives for the group as a whole. *Greeted with Smiles: Bukharian Jewish Music and Musicians in New York* explores the circumstances facing new American immigrants, using the music of the Bukharian Jews to gain entrance into their community and their culture. Author Evan Rapport investigates the transformation of Bukharian identity through an examination of corresponding changes in its music, focusing on three of these distinct but overlapping repertoires - maqom (classical or heavy music), Jewish religious music and popular party (or light) music. Drawing upon interviews, participant observation and music lessons, Rapport interprets the personal perspectives of musicians who serve as community leaders and representatives. By adapting strategies acquired as an ethno-religious minority among Central Asian Muslim neighbors, Bukharian musicians have adjusted their musical repertoire in their new American home. The result is the creation of a distinct Bukharian Jewish American identity-their musical activities are changing the city's cultural landscape while at the same time providing for an understanding of the cultural implications of Bukharian diaspora. *Greeted with Smiles* is sure to be an essential text for ethnomusicologists and scholars of Jewish and Central Asian music and culture, Jewish-Muslim interaction and diasporic communities.

Keys to the Garden Ammiel Alcalay, 1996-10 One hundred stories, poems and essays by Oriental Jews on subjects ranging from race to political allegiance. One story is on a professor's wife who, unable to conceive, takes a student to bed.
