

NBC Universal, Inc.

James M. Barrie

NBC Michele Hilmes, 2007-08-01 Spanning eight decades from the beginnings of commercial radio to the current era of international consolidation and emerging digital platforms, this pioneering volume illuminates the entire course of American broadcasting by offering the first comprehensive history of a major network. Bringing together wide-ranging original articles by leading scholars and industry insiders, it offers a comprehensive view of the National Broadcasting Company (NBC) that brings into focus the development of this key American institution and the ways that it has intersected with, and influenced, the central events of our times. Programs, policy, industry practices and personnel, politics, audiences, marketing, and global influence all come into play. The story the book tells is not just about broadcasting but about a nation's attempt to construct itself as a culture—with all the underlying concerns, divisions, opportunities, and pleasures. Based on unprecedented research in the extensive NBC archives, *NBC: America's Network* includes a timeline of NBC's and broadcasting's development, making it a valuable resource for students and scholars as well as for anyone interested in the history of

media in the United States.

The Wright Stuff Bob Wright, 2016-03-29 Bob Wright's personal story, from his 20 years as president and CEO of NBC and his total transformation of the company, to the foundation of Autism Speaks, an advocacy and research funding organization that he and his wife started after one of their grandsons was diagnosed with the condition.

Plunkett's Airline, Hotel & Travel Industry Almanac Jack W. Plunkett, 2008-09 Featuring the travel industry, this book offers an analysis of major trends; market research; statistics and historical tables; airlines; hotel operators; entertainment destinations such as resorts and theme parks; tour operators; the largest travel agencies; E-commerce firms; cruise lines; casino hotels; and car rental.

Plunkett's Entertainment and Media Industry Almanac Jack W. Plunkett, 2007 The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers

these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors.

NBC Michael Lowell Henry, 2007-08 *NBC: America's Network* makes a significant contribution to our understanding of American broadcasting. Hilmes makes a convincing case for the appropriateness of an examination of a single firm, NBC, to illuminate the major themes and events of American broadcast history. In addition, she adeptly synthesizes a strong set of individually-authored chapters on specific historical periods, controversies, and program genres into a coherent whole. The writing is concise and lively and the breadth and depth of the material makes this an exceptional work.—William Boddy, author of *New Media and Popular Imagination* *NBC: America's Network* is an outstanding book about one network across US television history. Hilmes is an excellent editor who brings broad insights about the television industry to bear on this volume. The individual essays present different approaches and methods, and together provide an integrated history of NBC with analysis that respects the medium and the people that worked in it.—Mary Beth Haralovich, co-editor of *Television, History, and American Culture: Feminist Critical Essays*. Filled with highly readable essays by the top scholars in the field, *NBC: America's Network* explores key, often watershed moments in the network's

history to illuminate the central role broadcasting has played in constituting public discourse about what is-and what is not-in the public interest. A welcome addition to the history of broadcasting, and essential reading for anyone interested in the transformative role of radio and TV in modern life.—Susan J. Douglas, author of *Listening In: Radio and the American Imagination*

NBC and 30 Rock William Bartlett, 2019-09 NBC and 30 Rock. The histories of the company and the building it calls home are tightly intertwined. No single edifice has been the origin of more programming heard round the world. This volume-idiosyncratic but meticulously researched and beautifully designed-takes you on a tour unlike any other.

Plunkett's Entertainment & Media Industry Almanac Jack W. Plunkett, 2009-01-22 Offers profiles on many of firms in film, radio, television, cable, media, and publishing of various types including books, magazines and newspapers. This book contains many contacts for business and industry leaders, industry associations, Internet sites and other resources. It provides profiles of nearly 400 of top entertainment and media firms.

FCC Record United States. Federal Communications Commission,2014

Broadcasting & Cable ,2007-04

City of Dreams Bernard F. Dick,2021-11-09 Horror films. Deanna Durbin musicals. Francis, the talking mule. Ma and Pa Kettle. Ross Hunter weepies. Theme parks. E.T. (1982). Apollo 13 (1995). These are only a few of the many faces of Universal Pictures. In February 1906, Carl Laemmle, German immigrant and former clothing store manager, opened his first nickelodeon in Chicago, where he quickly moved from exhibition to distribution and then to film production. A master of publicity and promotions, within ten years Uncle Carl had moved his entire operation to Southern California, founded a city, and established Universal Pictures as one of the major Hollywood studios. In City of Dreams, Bernard F. Dick traces the history of Universal Pictures from its humble early origins to the modern day and analyzes the studio's films, from horror flicks featuring Karloff and Lugosi to comedies starring Abbott and Costello and W. C. Fields. Dick details how the Laemmle family was eventually forced out of the Universal empire, replaced by a string of studio heads who entered and exited one after

another—the beginning of the age of corporate Hollywood, which transformed Universal Pictures into NBCUniversal, a subsidiary of Comcast. Dick explains how the Universal-International merger in 1946, Decca's stock takeover in the early 1950s, and MCA's buyout in 1962 all presaged today's Hollywood, where the art of the deal often eclipses the art of making movies. Ultimately, although stars and executives have come and gone, shaping and reshaping the studio's image, Universal's revolving globe logo has lit up screens around the world through it all.

Careers in Entertainment and Sports WetFeet (Firm),WetFeet,2008

Plunkett's Entertainment & Media Industry Almanac 2006: The Only Complete Guide to the Technologies and Companies Changing the Way the World Shares En Jack W. Plunkett,2006 The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of

leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word

search and export of key data.

The Proposed Comcast-NBC Universal Combination Charles B. Goldfarb,2010 This report discusses the proposed combination of Comcast, the largest distributor of video services in the United States, and NBC Universal (NBCU), a major producer and aggregator of video content, which would create a huge, vertically integrated entity with potentially enormous negotiating power at a time when market forces already are altering traditional content provider/distributor relationships.

The Almanac of American Employers 2008 Jack W. Plunkett,2007-10 Includes information, such as benefit plans, stock plans, salaries, hiring and recruiting plans, training and corporate culture, growth, facilities, research and development, fax numbers, toll-free numbers and Internet addresses of companies that hire in America. Who Do You Think You Are? Megan Smolenyak, Wall to Wall Media, 2010-03-04 The companion how-to guide to the hit TV series-with advice for anyone starting their own genealogical search. In the groundbreaking NBC series *Who Do You Think You Are?* seven celebrities-Sarah Jessica Parker, Emmitt Smith, Lisa Kudrow, Matthew Broderick, Brooke Shields, Susan Sarandon, and Spike Lee-went on an emotional journey to trace their family history and discover who they really are, and millions of viewers caught the genealogy bug. With the official companion guide, anyone can learn how to chart their family's unique path. Featuring step-by-step instructions from Megan Smolenyak², one of America's top genealogical researchers, this book offers everything readers need to know to start the journey into their past, from digging through old photos, to finding the best online resources.

Peter Pan James M. Barrie, 2021-03-24 *Peter Pan*, o menino que não queria crescer, inicialmente publicado como peça de teatro, ganhou os corações de muitas crianças e adultos, tornando-se um dos maiores clássicos da literatura mundial. A história do menino que vive na Terra do Nunca e se

recusa a crescer foi criada a partir das histórias que Barrie contava aos filhos de sua amiga, Sylvia Davies. Mas o personagem pode ter sido inspirado também no irmão de Barrie, que morreu quando ainda era criança. Peter Pan, Sininho, Wendy, Garotos Perdidos e Capitão Gancho são personagens complexos e trazem à obra profundidade e discussões pertinentes acerca da infância.

Adopting the Tune of Expression: An Emotional Symphony within **NBC Universal, Inc.**

In a world used by screens and the ceaseless chatter of immediate interaction, the melodic beauty and emotional symphony developed by the written word often diminish into the backdrop, eclipsed by the relentless noise and disruptions that permeate our lives. However, nestled within the pages of **NBC Universal, Inc.** a stunning fictional treasure filled with raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that fascinating masterpiece conducts readers on a mental trip, skillfully unraveling the hidden tunes and profound affect resonating

within each carefully constructed phrase. Within the depths of the emotional analysis, we will examine the book is main harmonies, analyze its enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range	of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free NBC Universal, Inc. PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and	customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone,
---	--	---

regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This	convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and	finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and
--	--	---

pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free NBC Universal, Inc. PDF books and manuals is convenient and cost-effective, it	is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these	resources available. In conclusion, the availability of NBC Universal, Inc. free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners,
--	---	---

contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
