make consistent progress? What if I don't know what to do? These are questions we ask when we start our network marketing business. What we need is a ... Magic pill! Closing for Network Marketing Keith Schreiter, Tom "Big Al" Schreiter, 2019-11-03 Afraid of closing? That is an understatement. I used to talk with prospects on and on and on, afraid to close. I thought if I kept the conversation going long enough, they would eventually volunteer their yes decision. Of course, that never happened. So, in my lifelong quest to avoid rejection, I had to find new and effective closes that work. Here are 46 years' worth of our best closes. All of these closes are kind and comfortable for prospects, and rejection-free for us. Here are just a few of the closes you will learn and love: \* The million-dollar close. \* Managing the decision-making funnel. \* Having prospects close themselves. \* Removing risk and uncertainty. \* Making objection-solving easy in seconds. \* And of course, many strategies to quickly remove the "I need to think it over" objection. Old-school closing is old news. In today's world, prospects are over-exposed to marketing and are sales-resistant. Use these closes to help our prospects move forward and say "yes" to our offers. Not every close is perfect for every prospect. We want a variety of closes. Let's choose which close is best for our prospects, and most natural for us. Never be afraid of closing again. In fact, we will look forward to closing. Happy times ahead! Scroll up now and get your copy.

*How To Build Network Marketing Leaders Volume Two* Tom "Big Al" Schreiter, 2019-12-06 Leadership is a learned skill. No one is a natural-born leader. Babies aren't given a manual on how to be an adult. Adulthood is learned from others. So how will we teach eager distributors to become leaders? By showing, participating, experiencing ... and of course, sharing stories. Yes, our distributors could imitate us to become leaders, but not everyone is created the same, with the same set of skills or advantages. So there must be common lessons everyone can learn for leadership. Inside this book you will find many ways to change people's viewpoints, to change their beliefs, and to reprogram their actions. And when these three things change, the results will naturally change too. Building leaders in your organization is the best investment in financial security you can make. The return on your investment is paid over and over again. And the earnings from developing one good leader could dwarf the monthly payout of almost any retirement plan.
